"SPELL IT BACKWARDS!"

"And you get the word **MILK**", points out Elsie, the Borden Cow. "And that's just what **KLIM** is—pure, fresh, whole milk with all the cream left in, powdered by removing the natural moisture content. Simply add Klim to cold water—whisk with a beater—and you have an instant supply of creamy pasteurized whole milk. I can't recommend anything better for baby, home or camp."

Will Entertain Visiting Judge Of Flower Show

Dinner Planned for Thursday of Next Week—Judging Begins on Saturday This Week

Professor Buck of the University of British Columbia is to be the guest of honor of the Prince Rupert Horticultural Society on Thursday of next week following the garden judging which commences Saturday and the flower show next Wednesday. The professor is lecturer at the university on floriculture so his address should prove very interesting, especially in view of the fact that it follows the survey of the city gardens.

The Metropole Hall has been secured for the flower show and it will be open the evening before the show for the admission of exhibits.

Professor Buck is expected to arrive in the city Friday in good time to commence work the following day and continuing on Monday.

INDIAN SCHOLAR DIES

DILDUR, India, Aug. 22: (CP)—Chief of a political mission to King Hussein of the Hedjaz in 1913, and eminent Indian scholar, Alhadj Nawab Bahadur Sir Abdelkirim Abu Ahmed Khan Ghuznavi died here recently.

Early Snow Is Seen On Naas River Mounts

Returning Sunday morning from a trip up the Naas River as far as the village of Aiyansh, Indian Agent James Gillett reported fresh snow having already appeared on the mountains along the Naas River. This is said to be unusually early for snow to appear in that region.

Mr. Gillett reports good progress being made on the building of a new school building at Aiyansh for which Mitchell & Currie of this city have the contract. It is expected to be finished by the end of September.

The Agent also visited Kincolith, Arrandale and Port Simpson.

Man in the Moon

It seems to be a part of all opposition electioneering plans to dare the government of the day to appeal to the country. Neither Mackenzie King or Chamberlain have so far allowed themselves to be sniped into any action they do not like.

Dogs have been annoying the employees of the post office. They insist on entering the building in spite of the notice on the front door and after they get in they do not behave themselves.

Friend doggie a message would send
By post to another dog friend
He went in to buy
A stamp (it's no lie).
His manners he'll have to amend.

It is said that two tourists were about to enter the post office when one of them pointed to the notice and remarked "Guess we'd better not go in." So they turned away and the government lost three cents.

People look back and wonder
How the British in the past
Have won so many battles
With the flag nailed to the mast.

T'was not the individual
Nor the navy as a whole
But the everlasting team work
Of every bloomin' soul.

So, if to fight we must
In these bad jittery days
We'll have to see once more
If team work really pays.

Canadian Legion In Executive Meet

Report of Delegates to Provincial Convention to be Presented

The executive of the Prince Rupert branch of the Canadian Legion of the British Empire Service League was in session last evening in preparation for the monthly meeting tomorrow evening when reports of the delegates to the provincial convention will be presented. Business at the convention dealt not only with purely Legion affairs but, as usual, considerable time was given to the consideration of national affairs and Canada's part and responsibility in international relations. If the British Empire is at war the Canadian Legion supports the principle that Canada would automatically be at war. The report of the immigration, aliens and naturalization committee is also of great importance. Other committees dealt with pensions and treatment of veterans in hospital, soldier settlement and consideration of widows of veterans who died from nonpensionable causes.

Three applications for membership were favorably considered and will be recommended to the general meeting for endorsation. A letter from the Boys' Band Association acknowledged receipt of donation to that organization.

Those in attendance were President Jack Preece, W. J. Rance, Neil Cameron, George Abbott, John Armstrong, H. T. Lock, G. J. Dawes, W. M. Brown, J. M. Walker, and J. S Wilson

Mrs. H. B. Rochester returned to the city on Sunday night's train from a brief trip to Terrace.

Mr. and Mrs. R. J. Gilroy and Miss Olive M. Kennedy, who motored west from Toronto and brought their car in by rail from Hazelton, are sailing this evening on the Catala for Campbell River where they will take to the road and drive down Vancouver Island.

Most people read the classified ads. Do you?

Capt. V. Suddaby of the Salvation Army sailed yesterday on the Princess Louise for a trip to Ketchikan.

Mr. and Mrs. Frank Vickers, who recently sold their home on Ninth Avenue East to Mr and Mrs. A. M. Davies, have now taken up residence in the Federal Block.
