CANADA COKE PRODUCTION

Coke is being produced in Canada chiefly by the treatment of bituminous coal; a small production is also obtained from the distillation of petroleum. Coke derived from the treatment of coal or petroleum is now produced in almost every province of the Dominion.

RECEPTION AND TEA FOR HON. R. B. BENNETT

On Monday, August 12, at 3:30 p.m., a tea will be held in the I.O.D.E. hall in honor of the Hon. R. B. Bennett, M.P., and distinguished party, to which all ladies of Prince Rupert are cordially invited.

This will be an opportunity of meeting one of Canada's most distinguished sons and one of her most renowned orators, which no lady in Prince Rupert will care to miss. Mr. Bennett during the course of the afternoon will speak briefly on some non-political subject, which will be of interest to all Canadian women and all lovers of the Empire.

Mr Bennett will be accompanied by his sister, Miss Mildred Bennett, by General A. D. McRae and Mrs. McRae and by Sir George and Lady Perley.

Admission will be free. (185)

PRESBYTERY IS AGAINST LIQUOR

Passes Resolutions Dealing With Subject at Meeting Last Night

Two resolutions were passed by the Presbytery of the United Church yesterday having to do with the liquor traffic as follows:

Government Sale of Liquor

The Presbytery of Prince Rupert hereby sets forth its emphatic opposition to government sale of liquor as a beverage.

We would declare:

1. That such a traffic is morally indefensible, and contrary to the mind and spirit of Jesus Christ, the Lord and Saviour of mankind.

2. That government sale of liquor has not decreased drinking in our province, as witnessed by the continued increase of both total sales and per capita consumption.

3 That is has not eliminated the bootlegger, but, if anything, has aided his operations, since government liquors have been purchased by these people and resold contrary to law.

For these reasons we would urge our ministers and people:

1. To create by every means in their power the conviction of the moral necessity for total abstinence from the beverage use of alcoholic liquors.

2. To instruct the people as to the moral and economic loss incurred through government sale of liquor.

3. To stimulate public opinion in favor of prohibitory legislation, so that all forms of legal and illegal sale may be terminated.

Re Rum Running

The Presbytery of Prince Rupert views with dissatisfaction the inaction of the government in regard to its refusal to deny clearance papers to boats engaged in rum running, though it commends the action of Hon. W. D. Euler in bringing the situation so forcibly to public attention throughout Canada and the United States.

We hereby present the following resolution, duly moved, seconded, and unanimously carried:

That, whereas, a growing number of citizens view as extremely distasteful the part which Canada plays in allowing rum running from her territory; and,

Whereas, customs officers have been given false information in regard to the destination of liquor cargoes; and,

Whereas, the whole liquor traffic is parasitical, and is destructive of law, order, decency, and public safety; and,

Whereas, the government has provided the necessary legislation, but has not implemented it; therefore, be it

Resolved, That the government implement its own legislation, and take steps to stop rum running wherever it may be undertaken; and, be it further

Resolved, That if distilleries in Canada continue to be public nuisances that steps be taken to have their premises closed either permanently or temporarily, as the case may determine, and that, if existing legislation does not cover this, such legislation be provided forthwith.

Mr. and Mrs. A. Smaile returned to the city this morning on the Prince Rupert from a holiday trip in the south.
