DRESS UP FOR THE HOLIDAY

The Acme Store Offers Every Opportunity for You to Look Your Best During the Holiday Season

With Monday a holiday to celebrate Canada's birthday, everybody will be out. And when one is out, one wants to look his best. And to look well, one has to be dressed well. And you can be dressed well at the minimum cost by taking advantage of the Backward Season Sale prices now prevailing at The Acme Importers. With a new suit and socks, tie shirt, and hat to match, of course, you can be dressed with everything new. And The Acme prices are amazingly low. But if your ambitions do not run to a new suit at this time, you will be surprised at the difference a new hat, or shirt, ties and socks make to a man's appearance. And the cost is amazingly small.

Everything for boys, too, is on sale at real sale prices—for the boys like to be well dressed, too, like their fathers. The summer weather is still to come, when you can wear new clothes to advantage on the street. So now would appear to be the right time to visit The Acme Importers and make your purchases of these things you owe to your good appearance. Come on in today and give the girls a treat on Monday. You can't do better anywhere than at The Acme. (Advt.)

MANY SPEAKERS ROTARY LUNCH

Need of Co-operation Stressed and New Province Urged by Visitors

A number of visitors to Prince Rupert as delegates to the Associated Boards of Trade convention were brief speakers at the Rotary Club luncheon Thursday afternoon.

Dr. H. C. Wrinch, M.L.A. for Skeena, spoke of the progress Hazelton district was making. Four mines had advanced beyond the prospect stage, over $100,000 having been spent on each of them in development. The owners were becoming better pleased the farther the work went on. Also the big companies were taking up mining properties and developing them. The result was that the district was prosperous.

Vanderhoof

President R. C. McCorkell of the Associated Boards spoke of the need of connecting all sections of the country by highway. Prince Rupert ought to be considered the business city for the central section and would were it not for the lack of communication by road. He urged the promotion of new policies along practical lines and suggested frankness in discussions of public affairs.

H. B. Guest of Prince George spoke of the strides his city had been making and of the value of opening up the north, particularly the Ingenika mining country and the Peace River farms and giving an outlet their way. Prince George was the most central point of B. C.

Sidney Godwin, Burns Lake, urged the formation of a new province or a change of alignment to have the boundaries run east and west instead of north and south. He thought Prince Rupert would not develop as it should until a western outlet was secured there. He spoke of the suggestion in The Daily News that this new province movement was of the common people. All they needed today was articulation.

George Ogston of Vanderhoof hoped to see good come from the work of the convention.

Milton Gonzales urged Prince Rupert people to show the interior people that they were interested in their problems.

J. K. Gordon, Terrace, spoke of the need of a proper solution of many problems and the Boards of Trade as the best media for advancing them.

Will Kergin, who is holidaying with his parents from Toronto, saw great improvement in Prince Rupert.

SHAKE-UP IN HIGH SCHOOL

Only One Member of Present Staff of Six to Return Here After Summer Vacation

Miss M. B. Henderson will be the only member of the present staff of six teachers of King Edward high school to return to duty here after the summer vacation. Principal Thomas Peddie, H. R. Sharples, George H. Stocks, Miss Ruth Stewart and Miss W. D. Rushforth all have resigned or will. While it is understood that no appointment has yet been definitely made, it is practically certain that D. H. Hartness, B.A., formerly principal of Booth Memorial School here, will be offered the principalship of the high school. The board is already taking steps to secure suitable teachers for the four other vacancies.

The shake-up in the high school does not affect the adjunct commercial classes, of which Miss A. A. Pierce and Miss M. Harrison will again be in charge after the holidays.

Nor are any changes yet known among the public school teaching staffs, although teachers may submit their resignations up to July 31. It is expected that at least two new grade teachers will have to be added to the public school staff, as no less than 105 new beginners are expected to be enrolled after the holidays.

PROPOSAL TO CLEAR LAND

At the convention of the Associated Boards of Trade here this week an interesting suggestion was made when the president, R. C. McCorkell, proposed that they ask the Government to pay new settlers for each acre of land they cleared, up to fifty acres. This would enable the man without money to live on the land and make a home there until such time as he had enough cleared to make a living for himself. He claimed it would be far better than any other form of help in the settling up of the vacant lands in the Bulkley and Nechaco valleys. He thought a settled aggressive policy was needed.

NEW PROVINCE RESOLUTION

The text of the new province resolution which was debated by the Associated Boards of Trade of Central B. C. yesterday and held over for the next annual convention follows:

"That, whereas, there is general unrest among the people of central and northern British Columbia, and whereas this unrest has found expression from time to time in varius ways, among which has been the suggestion that a new province be formed, be it resolved that this convention of the Associated Boards of Trade do record its opinion in favor of the promotion of a new province comprising northern and central British Columbia."
