Hitler and Hirohito have Great Plans for Canada

• Yes, all Canada's great resources : . . her wheat fields, her forests, her factories . . . could be put to wonderful use by the ruthless bully-boys from Germany, by the polite little savages from Japan.

And Canada's boundless acres would provide plenty of living room . . . for the Germans and the Japs.

But what of the Canadians? The answer is simple when you think what happened and is **still happening** to the Poles, the Greeks, the Yugo-Slavs—and all the others . . . in terms of slow starvation, slave labor, mass executions.

Every time a hard-working Canadian man or woman buys a Victory Bond, the plans of Hitler and Hirohito receive a set-back. The more you save and lend . . . the more certain you help make it that our enemies shall never put their greedy claws on Canada.

Responsibilities GO WITH RIGHTS

▲ In no other country in the world do citizens enjoy more wholly the privileges and rights of free democracy than do we in Canada.

But the very nature of democracy that creates those rights, creates the responsibility of maintaining them.

HUNDREDS of thousands of young Canadians have decided that Canada is worth fighting for. We other hundreds of thousands at home MUST decide that Canada is worth WORKING for—SAVING for—LENDING for.
