SPORT CHAT

They don't come any tougher than Micky Wood, unbeaten lightweight wrestling champion of Great Britain, former body guard for an Indian maharaja and now sergeant instructor to the Middlesex Home Guard. At 44, Micky still weighs only 135 pounds and when he puts his civilian soldiers through a commando-like unarmed combat drill it's hard to realize that the ribbons he wears on his tunic are for service in the First Great War. Wood, who has had more than 500 fights in his 28 years of wrestling and never been disqualified, has done almost everything, including walking barefoot through fire.

The fire-walking stunt took place 12 years ago when Wood was serving as a bodyguard for the Maharaja of Baroda. One night, during a celebration, an Indian fakir who had just walked across a bed of burning charcoal without injuring his feet, asked if any white person would like to try it. "Go on, Wood, you seem able to do anything, yu can do it," dared the Maharaja. So Micky took off his shoes and socks and with the fakir leading the way, walked eight steps along the blazing coals. He suffered slight burns where small lumps of charcoal lodged between his toes, but otherwise felt no ill effects. That's how tough he is.

Dance at Knights Of Columbus Hut

Over 200 Present At Very Enjoyable Affair Last Night

Last night in the Knights of Columbus Hut a very enjoyable dance was held for the forces. There was a large crowd of over 200 in attendance. Dancing was enjoyed to music supplied by the Ninth Heavy Battery, R.C.A., orchestra.

Dancing was from 9 until 11 p.m. when refreshments were served by the ladies of the Catholic Women's League, and the Junior hostesses under the supervision of Miss Margaret McCaffery. Then dancing continued on until midnight.

Master of ceremonies for the evening was C. P. Balagno.

AS CRIPPS LEFT ON FATEFUL MISSION

Entrusted with one of the war's most vital missions— that of inducing India to accept Britain's offer of dominion status after the war, and of getting India's full co-operation on the side of the United Nations' war effort, Sir Stafford Cripps is shown shaking hands with the pilot of the plane that flew him to India, just before the take-off from England. Now he is returning to England after failing in his mission.

Farewell Party Is Happy Affair

Ronald Bridgett Is Honored By Children's Choir of St. Peter's Church

Monday evening at the home of Mrs. Henderson the children of St. Peter's Church (Seal Cove) choir gave a farewell party in honor of Ronald Bridgett, who has since left for Vancouver where he will take up future residence. The feature of the evening's proceedings was the making of a presentation to Mr. Bridgett in recognition of his work as leader of the children's choir.

In addition to Mr. Bridgett, guests were Canon W. F. Rushbrook, William Lamb, Mrs. David Scott and Mrs. Henderson.

Following supper, the presentation was made to Mr. Bridgett of a handsome tie clip to which was attached one of the choir badges. Master Vaughan Tattersal made the presentation with a happy speech. Mr. Bridgett, in responding, urged the children to continue their musical efforts.

Canon Rushbrook joined the tributes which had been paid to Mr. Bridgett for whom he wished a happy and prosperous future.

Miss Dorothy Smith, Miss Betty Scott, Miss Kay Toombs and Miss Joan Croxford also made short speeches, expressing regret at Mr. Bridgett's departure and wishing him all the best for the future.

The choir sang two items and Mr. Bridgett, by request, rendered "How Lovely are Thy Gardens" and Tosti's "Parting."

Games brought the evening to a close.

REDDY KILOWATT!
When you cook with your
ELECTRIC RANGE
"Because electric heat doesn't scorch and blacken your pots and pans, you don't need to use scratchy, abrasive materials to get them clean again. That means they last longer, and you conserve the aluminum and iron and steel that Canada needs for victory.
"And speaking of cleaning — never use a stiff brush or sharp instrument to remove spilled food from open surface units. Burn it off before it has a chance to harden and your burners will give you longer, more efficient service."

"Electric cooking saves food; cuts fuel costs . . . giving you just that much more to put into WAR SAVINGS STAMPS."
