Insure your WHITE THINGS against YELLOW TINGE

BLUE stops clothes from turning yellow and makes them snowy WHITE

That fresh, sparkling whiteness your cottons and linens had when new can be restored and retained so very easily. Just a swish or two of Blue in the last rinse on washday—that's the one way—the only way—to keep your white things from turning yellow.

RB-22

Seven colours combine to make white. One of these colours is blue. There is no true white without Blue!

To stop clothes turning YELLOW— To keep them sparkling WHITE—use RECKITT'S BLUE
