BASKETBALL—

Bo-Me-Hi Wins Again

Makes It Two Straight Over Wrangell Wolves

The Bo-Me-Hi Rainmakers made it two straight over the visiting Wrangell Wolves with a 51 to 39 victory last night. Once again Wrangell basketballers looked their best in the first quarter when they held even with the locals at 15 all. They outplayed the Rainmakers in the third period scoring 12 to 11 and coming within 4 points of overtaking the High School's 11 point lead. In the second and fourth periods the Rainmakers were definitely the superior team and they earned their victory with more hustle and better ball-handling and shooting ability.

McChesney was again high man for the winners as he poured in 18 points, all of them on field goals, 8 in a sparkling last period exhibition.

For the losers Maxand was top scorer of the game with 20 points. He was the star of the game, if any player can be singled out for such an honor.

Letourneau again played fine ball for the winners, scoring 12 points.

Spring was good for 8, but once again showed that he is more at home with the Jets or Brownwoods than playing with the less-experienced students.

The game was a crowd-pleaser and, as usual, the losing team shared in the plaudits of the fans. The Wrangell Wolves deserve plenty of credit for their showing. They play good ball for a school that has only 48 pupils in grades 9 to 12, 15 of these being boys, 11 of them on the basketball team.

Saturday night sees the resumption of regular league play with Gordon and Anderson meeting Brownwoods in an all-important senior league fixture which the shoemen must win if they are to overtake Co-op in the senior league race.

INTERMEDIATE

The Thunderbirds really went to town when they won their first game of the season over High Greens. Each game they have looked just a bit better and everyone in the hall was cheering for them to win last night as they came through on the long end of a 44 to 34 score. Thunderbirds not only won their first game but Vern Dudoward racked up the highest score of the season in any of the local leagues with 33 points. His shooting was sensational and he earned every basket scored. For the losers Webber had a good night with 14.

SPORT SHOTS

It took those unpredictable gremlins to get Reg. Lewis, hero of the 1949-50 English soccer season, back into the Arsenal English Football League line-up as a regular. A cruel twist of fate—the sidelining of high-scoring Doug Lishman with a broken leg—brought Lewis' sudden recall. No one regretted the circumstances of his return to the limelight more than Lewis, for it was a similar bad break months ago that shunted him into the reserves.

When Lewis scored the only two goals against Liverpool in the cup final at Wembley last spring, he was hailed as a king-pin opportunist and master marksman. For him the future looked particularly bright. But in the first practice match of the current campaign Lewis was tackled heavily and had to be carried off the field. His injury failed to respond to treatment with the result he was declared unfit for the opening game of the official season.

Young Lishman was called to fill the gap and did the job so thoroughly that the management declined to disturb a winning combination when Lewis was again ready for action.

Faced with the problem of not being able to find a place in the first team for one of the outstanding players in first division soccer, Manager Tom Whittaker offered Lewis a chance to keep in match practice with the reserves. Reg, however, preferred to act as a reserve with the league team and help with coaching duties.

Despite tempting offers from several other clubs, competing for his services in a booming transfer market, Lewis stuck to the Gunners with unswerving loyalty. Then the gremlins struck suddenly. Lishman, improving with every match and setting a hot pace in the goal-scoring race, skidded on an icy pitch in a match against Stoke City and was carried to the dressing room with a broken ankle. Arsenal floundered in a six-game tail-spin and dropped from the league leadership. A hurry-call went out for Lewis and the team started clicking again.

Until his recall to his old post, Lewis had played only 45 minutes of first-class soccer this season and had not kicked a ball in a football league match. Lewis, however, is no stranger to the whims of the game. At the start of play last season an injury put him out of action and Arsenal lost four of its first five matches. Lewis returned to the lineup and scored nine goals in seven games.

CIVIC CENTRE

ART CLUB

The Art Club is starting a more intensive course of instruction under J. Delaney and will meet every Thursday evening. The topic to be covered this week is composition and Mr. Delaney is preparing sketches to illustrate different points during his talk. Duncan DeKergommeaux will assist him by talking on certain parts of the subject which he has studied particularly. There will be no drawing period but sketches brought by club members will be displayed and discussed. As composition is such an important subject to photographers as well as to those who just wish to appreciate art, visitors will be welcome to this meeting as well as to the others in this series of instructive talks.

EILEEN CROSS COURSE

A note to those attending Miss Cross's classes is that there are registration forms at the Civic Centre for those anticipating attending. All the classes are full except for the afternoon session of Home Rejuvenation. Classes start February 5 for Home Rejuvenation and February 6 for Tailoring and Sewing.

Monday, Wednesday and Friday afternoons will be for those taking Home Rejuvenation as well as the same evenings. Tuesday, Thursday and Saturday afternoons will be reserved for tailoring while sewing will be held Tuesday and Thursday nights. There are no classes on Saturday nights.

LONG DORMANT

The metal titanium, now recognized as a steel substitute, was first discovered in Britain in 1789.

25 YEARS AGO

January 31, 1926

With shaft severed and propellor gone, CNR steamer Prince John arrived in port this morning in tow of Hecate Straits Towing Company's tug Cape Scott. The ship's propellor broke away from the shaft when landing at the dock at Queen Charlotte City. She goes into dry dock here for repairs.

R. B. Rochester was elected chairman of the school board for 1926 at the initial meeting of the new board yesterday.

Ald. W. J. Greer was chosen president of the Prince Rupert Liberal Association at the annual meeting at the city hall last night.

10 YEARS AGO

January 31, 1941

Tuesday evening 35 Boy Scouts, their fathers and guests, numbering 40, sat down to the first father and son banquet held by the First (Legion) Prince Rupert Troop.

The run of herring in Prince Rupert district, already exceptionally late, continues light and spotty. Except for a few small and scattered catches around Namu, there is no seining in the district.

Dr. Joseph T. Mundy, resident mining engineer, showed members of the Prince Rupert Gyro Club and guests moving picture scenes of Prince Rupert, which will form part of a Northern B.C. travelogue he is preparing.

Claimants Salvage Money

LONDON (AP) — The Admiralty still searching for claimants share more than £10,000 salvage money, awarded to 120 officers and men of the Royal Navy.

The money was awarded for saving a cargo valued at more than £2,000,000 (about $5,600,000) from the convoy ship Silvaplana, torpedoed in 1944 while steaming through the Mediterranean. The ship was carrying silver bullion worth $56,000,000 as well as war supplies and other stores. The disabled vessel was taken in tow but finally beached off Benghazi, in northern Africa.

The total salvage award originally amounted to nearly £19,000. The Admiralty assigned £1,000 to the cost of towing and repairs.

Only 44 applications have been received for a slice of the salvage fund, with these ranging from a few pounds to £300.

It may take years before the rest of the money is distributed as most of the men left the service long ago and trace of them has been lost. The Admiralty will wait seven years for claims and whatever is then left of the money will revert to the treasury.

Aiyansh Native Council Named

Anthony Adams has been elected chief councillor for the Naas River village of Aiyansh for the year 1951. Other councillors are Walter McMillan, Roy Adams, Abel Derrick, Henry McMillan, Reuben Munroe and Joshua Grandison.

Village constables are Sidney Eli, Godfrey Adams, Sidney Clayton and Cecil Morven.

Britain abolished slavery throughout her overseas possessions in 1833.

Tobacco and Cigars Higher

OTTAWA—Prices on bulk tobacco and cigars have increased but no change is reported in cigarettes. Tobacco brands are now around $1 to $1.15 a half pound. Some brands sell at $1.75 a half pound. Fourteen cent cigars have advanced a cent. Sixteen cent cigars are eighteen.

Newspapers Best Medium

CHICAGO — Preliminary estimates show more national advertising went to American newspapers in 1950 than to any other medium.

Geo. G. Steele, president of the Newspaper Advertising Executives, says:

"Don't let anyone tell you that any advertising medium can ever take the place of newspapers. Everybody who reads, reads a paper. They read it when they want to read it and as long as they want, not just at 4:30 or 10:30. They want our newspapers so much that each week they spend $17,000,000 for them."

Doctor Flown Native Village

Dr. L. P. Charbonneau, director of the Indian health service, and W. B. Bailey, assistant Indian superintendent, left by chartered plane Tuesday for Aiyansh for a routine agency medical patrol. Accompanying them were Reuben Munroe, jr., who was brought in recently for medical treatment. They expect to bring out with them today two other patients.

Mail Plane To Naas Popular

Queen Charlotte Airlines mail plane for Aiyansh left for the Naas River village Tuesday with a full load. The service—the only one in the Dominion designed especially for native people—is meeting with great approval from the villagers concerned. There has been an average of two planes a month on the run in addition to dropping of emergency supplies to Greenville.

Canadian Legion Social Enjoyed

The Canadian Legion "Bring Your Missus" night at the hall Saturday night was a great success with a large attendance. The program was impromptu. Master of Ceremonies Vic Duncan called for entertainers from the gathering and many talented persons stepped forward. It was arranged by the entertainment committee of the Canadian Legion.

Assisting at the party was a committee from the Ladies' Auxiliary as follows: Mrs. G. V. Hanley, Mrs. Dot Keehn, Mrs. Rose Morrow and Mrs. Graham.

An hour of dancing topped off the enjoyable evening.

CAME PREPARED

TORQUAY, Eng. (AP)— A boy here took his pet pigeon on his first day at a new school. At lunch recess the boy tried a school meal but didn't finish it. He released the pigeon with the message: "Don't like the stew. Coming home."

STOPPED EVICTION

WOODGREEN, Middlesex, Eng. (AP)—The local housing committee refused to evict Mr. and Mrs. Charles Carter when they heard that a woman friend was staying with them. The friend is Mrs. Foster, aged 100.

Mutual Life of Canada

Leader In Canada In 1950

RICHARD SEPHTON

The Head Office of The Mutual Life of Canada has announced that Richard Sephton of Vancouver led the Company's entire field force in the sale of new life insurance in 1950.

For fourteen years, Mr. Sephton has had an outstanding career in life underwriting as a member of the sales staff of the agency under the management of H. C. Webber, which is now located at 475 Howe Street, Vancouver, B.C. He has consistently been a member of the senior production groups and is at the present time 1st Vice-President of the Quarter Million Club, holding that office for the second year in succession. In 1944 Mr. Sephton was made a Master Builder, a distinction given representatives who have reached a particularly high production standard set by the Company.
