The existence of this "large number of 'pre-addicts' in the community" was revealed in the annual report of G. E. Trasov, senior counsellor of the founda-

He said the foundation's experience confirmed earlier findlings that the true addicts are delinquents first, addicts later. PREVENTIVE PROGRAM

His information "strongly indicated a need for a positive preventative therapeutic program," he said.

He cited nine addicts who came to his attention who had no history of court appearances. A year ago they were at the "joy-popping" stage. Now they want help in withdrawal.

Justice Minister Fulton said a criminal addicts known to police in Canada with Vancouver having one for every 390 population.

Mr. Trasov's report on the B.C. government - financed foundawhich provides treatment to persons requesting it, says is a sharp increase in the since the withdrawal treatment PROPWASH | became available.

This year there were 177 new cases under treatment as outpatients, and 81 "re-opened" cases. A case is closed when the patient loses contact for two

Sixteen patients were treated the foundation's four-bed residence in the year ending March 31. Director Dr. Robert Halliday said these 16 patients were known to abstain for a total of 608 days. This, he said, represented a saving to the Vancouver community of \$30,400, based motors. on consumption of three capsules

a day by each addict. To support such a habit many addicts use more—the addict would be obliged to steal goods worth at least \$50 a day.
