GO RIGHT AFTER WHAT YOU WANT

We have heard a great deal about the Conservatives of North Vancouver quarrelling among themselves but in spite of this there seems to be a great deal of unity in that progressive city. The Liberals have withdrawn opposition to the Conservative government if they can get the P.G.E. completed in order to bring them business. The parties are virtually uniting in order to build up North Vancouver. With them it is business first and politics second.

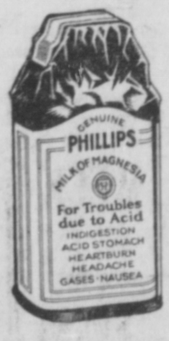
Prince Rupert may well learn a lesson from North Vancouver. Without sacrificing any of our principles we can unite to bring business this way. There are times when political opposition is foolish and such a time is the present in North Vancouver.

PRESUMING PEACE

If all the countries of the world were presuming peace, there would be no war. If one or two militant countries go about presuming war, there will probably be war. Presuming prosperity makes business better and presuming peace is possibly the most likely way of securing peace.

To what extent these psychological efforts can be continued we do not profess to know. The mental influence of a country is similar in degree to the mental influence of a person. Today all the influences of Great Britain are toward peace but let another government take the reins and this may change.

Then there is another aspect to this peace and war problem. The tendency of the world is to step on the person who is down. And again what is true of the individual is reflected in the nation. The nation unable to defend itself is at a disadvantage. While we may make gestures toward peace and our policy may all be in the direction of peace we canont afford in the present condition of the world to scrap our armaments, pay off our fighting forces and devote all our energies to the cultivation of the peaceful arts.



MOTHERS now learn value of MAGNESIA

Because it is so helpful in keeping babies and children healthy and happy, every mother should know about Phillips Milk of Magnesia.

This harmless, almost tasteless preparation is most effective in relieving those symptoms of babies and children generally caused by souring food in the little digestive tract, such as sour-belching, frequent vomiting, feverishness, colic. As a mild laxative, it acts gently, but certainly, to open the little bowels in constipation, colds, children's diseases.

A teaspoonful of Phillips Milk of Magnesia does the work of half a pint of lime water in neutralizing cow's milk for infant feeding, and preventing hard curds. Its many uses for mother and child are fully explained in the interesting book "Useful Information." It will be sent you FREE. Write The Chas. H. Phillips Chemical Co., Windsor, Ontario.

In buying, be sure to get *genuine* Phillips Milk of Magnesia. Doctors have prescribed it for over 50 years.

Lovely hair!

Modern hair dressers add beauty to your hair by graceful lines and contours. It is just as important to keep your hair soft, lustrous, abundant, rich in color.

Millions of girls and women are doing this at home with the easy help of Danderine. It is so simple to use. All you do is put a little on your brush each time you arrange your hair.

Instantly Danderine brings out the natural color of dingy, lifeless hair; makes it more sparkling and lustrous than brilliantine; makes it easy to manage; holds it in place.

The consistent use of Danderine dissolves the crust of dandruff; stops falling hair; tends to make the hair grow long, silky and abundant. Five million bottles used a year!

Man in the Moon

Now that we are all prosperous let us all try to stay that way.

A beautiful girl was being tried in a certain Nebraska town for killing her husband. The jurors had retired. They knew she was guilty, but didn't want to sentence her because of her beauty — yet they feared to face their wives if they didn't. Finally, one of them happened to recall that the dead man had been an Elk. The problem was solved. They passed this sentence:

"Twenty dollars fine for shooting an Elk out of season!"

Now that the prosperity week people have eliminated blue from their list of colors what are we going to do for sky.

"Those who have nothing to do will keep away from this place. We want people with a purpose around this joint, even if the purpose is only to spend money."

Some people look so happy you'd think they had just been talking or hearing scandal.

An old negro was receiving a lecture from a judge.

"Now, I don't expect to see you here again," ended the man of law.

"Why, Mr. Judge," querried the negro, "youre not a-going to resign are you, sah?"

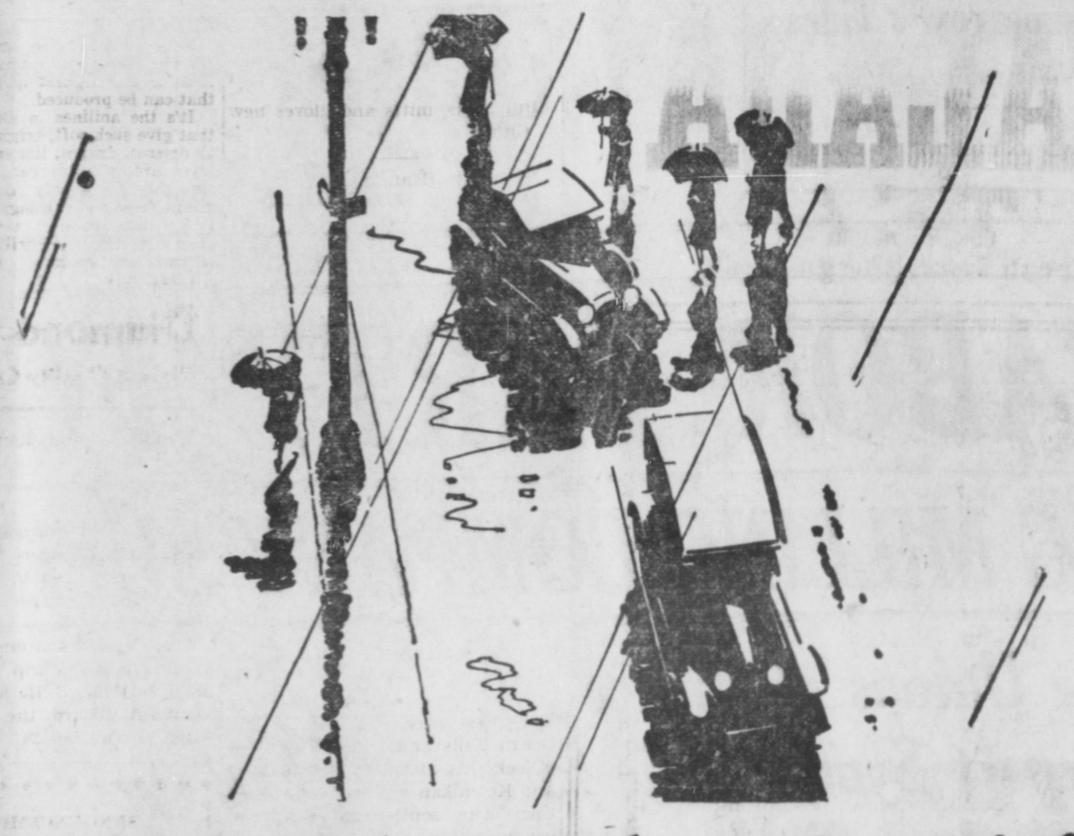
College Lad (arrested for excessive speeding)—But, your honor, I am a college boy.

The Judge—Ignorance doesn't excuse anybody!

Winter Comes To Interior

Smithers had its first snowfall of the season earlier than usual this fall. A few days ago, the snow fell for a whole day but it was wet and soon disappeared. There has been more snow since and it is to be expected that the central interior will soon be in the full grip of Old Man Winter.

Curzon's Union-made men's wear of every description—sold under Union wage rates.



Now 26% Quicker Starting

with No Loss of Mileage!

Made for Western Canada's Winter Weather

TO MEET Western Canadian weather conditions, the UNION OIL COMPANY OF CANADA LIMITED offers a remarkable new gasoline—WINTER *Super* UNION.

This fuel not only gives you quicker starting (tests in laboratory and ice chamber show 26%) but there is no sacrifice in mileage. Thus by using WINTER *Super* UNION exclusively, from now on, you obtain summer mileage with the extra volatility necessary for winter performance.

Three other advantages characterize this new winter gasoline.

1. Slow-speed bucking reduced to absolute minimum.

2. Acceleration on hills, in traffic or on the open highway in low, intermediate and high gear is increased.

3. Special attention has been given to reduce disagreeable odors sometimes noticed at high speeds. This is important to you in winter when the car is often entirely closed, especially so if your rings are worn considerably.

Switch NOW to WINTER *Super* UNION . . . get 26% quicker starting with no loss of mileage.

A CANADIAN PRODUCT

The UNION OIL COMPANY OF CANADA LIMITED is contributing to Western Canadian prosperity. It has a large investment in the West, buys Canadian materials and employs Canadian men and women.

(NOTE: Now *Super* UNION-ETHYL is WINTER *Super* UNION plus the proven anti-knock advantages of Ethyl)

A Union Oil Technician making one of the 16 laboratory tests that check the 26% quicker starting ability of WINTER *Super* UNION.

This engine enclosed in a refrigerating chamber proves that in *actual service* WINTER *Super* UNION is 26% quicker starting with no loss of mileage.

As a final check cars are run into the cold room of a great ice plant. Then choke tests are made to verify its 26% *quicker starting ability.*

Finally, WINTER *Super* UNION is tested on the road to prove that it gives you 26% quicker starting, *with no loss of mileage.*

TRADES AND LABOR MEET

Variety of Subjects Discussed at Gathering Thursday

A resolution was passed at the monthly meeting of the Prince Rupert Trades and Labor Council on Thursday evening to press for construction of a snag scow at the local yards.

Recently the Federal Government called for tenders for the building of a craft of this type, and, in view of this, the resolution was passed. Copies of the resolution were telegraphed to the Minister of Public Works and the Minister of Labor, drawing attention to the fact of no public works being done here, at the present time, and urgently requesting that, if at all possible, the snag scow construction be done here, where there is a modern shipyard, and where there is labor.

The meeting was well attended. Credentials from D. Yates, delegate from the Machinists Union were received and the delegate seated.

There was also a letter received from the Junior Football Association thanking the council for the donation in connection with Labor Day Sports.

Minimum Wage

The executive was empowered to take whatever steps may be deemed necessary in placing the names of householders on the municipal registration list.

Another matter engaging the attention of the meeting concerned the Minimum Wage Act. The council had reason to believe that in Prince Rupert there are not infrequent breaches of the provisions of the Act, and, as a result, the authorities have been requested to see that the law, in this regard, is enforced.

Some time ago, a letter was sent by the Trades and Labor Council to Hon. Joshua Hinchliffe, Minister of Education, Victoria, requesting information concerning any projected action to bring about a change in the cost of school books. A list of prices in Prince Rupert, had also been sent.

A reply from Mr. Hinchliffe was read. The minister wrote that the matter was under consideration, mentioning that there was very little difference in the cost of school books in Prince Rupert and Victoria. As for any change in administration matters, Mr. Hinchliffe advised that the department was now engaged on plans which he believed would prove acceptable.

The meeting was presided over by Ald. S. D. Macdonald, president.

Ladies Were Entertained

Baptist Brotherhood Members Were Hosts Last Evening

Members of the Baptist Brotherhood were hosts to the ladies last night, and entertained with a short musical program after which games of a humorous nature were indulged in. Finally the brothers gave their sisters a real spread, the ladies hardly leaving enough on the plates for the waiters.

The musical program was as follows:

Piano selection, Miss Eileen Hamblin.

Violin solo, Miss Phyllis Hamblin.

Vocal solo, V. G. Houston.

Piano solo, Mrs. Clifford Gilker.

Toy Hospital To Open Soon

Scoutmasters Had Meeting Last Night and Made Preliminary Arrangements

Scoutmasters of the city, at a meeting last night, decided to open the annual toy repair shop in anticipation of the Christmas season about November 15. Quarters have not yet been secured but efforts are being made to obtain a vacant store downtown.

Co-operation of the Girl Guides is being sought and a meeting will be held with them in the hear future.

Meantime, the assistance of the public in the matter of turning over old toys, dolls, books, games, etc., is sought. Arrangements will be made for the collection of same.

Present at the meeting last night were Scoutmasters P. C. Miller, A. G. Rix and Ben Ferguson and Assistant Scoutmaster Mattingley. sistant Scoutmaster Mattingly, as well as Jack Taylor of Ottawa.

Rupert East Young People Are Organized

The opening meeting of the Rupert East Young People's Society was held last night. The proceedings were opened with prayer and the meeting duly constituted.

Rev. C. E. Motte was elected president, and Miss Wilma Wilson, secretary.

A discussion followed on the plans of the winter's work. It was suggested that a study of the work of the League of Nations be made. Owing to the extensive nature of th study it was agreed to leave the question open till the next meeting for final decision.

It was agreed to make the next meeting more of a social nature and to invite other young men and women in the district.

After the business was disposed of, the rest of the evening was spent in playing badminton.
