Sons of Canada Win First Half Honors in City Baseball League By Beating Centrals, Nine to Nil

By defeating the Centrals nine to nil last night, Sons of Canada copped first half honors in the City Senior Baseball League, and earned the right to meet the winners of the second half for the championship. It was the fifth straight win for the Native Sons, who lost their first three starts. Bill Lambie pitched for the winners and struck out 15 batters in the seven innings, and held the Hotelmen to four hits. Chenoski pitched a good game for the losers but his support was poor. Out of the four safeties which his team collected, he was responsible for three of them.

There was no scoring in the first two innings but in the third the Centrals began to weaken and Bill Lambie poled out a three-bagger to drive in two runs. He scored a moment later on A. Moore's error at first. They added two more in the sixth on an error, a base on balls and a single. In the last inning Chenoski allowed three hits which, added to an error and a base on balls, and two passed balls allowed three more runs to cross the plate.

Wendle led the Sons of Canada at bat with two safeties in four times up. One of them landed away out in left field but quick fielding held it to a two-base hit.

Downie made a two-bagger in the first inning, but failed to connect safely after that, striking out the second time at bat on a wide out.

Stone and Stalker both made nice catches in left field, and V. Moore nailed a long fly into deep right.

Bill Lambie leads the league in strike outs, having whiffed 75 batters in 44 innings. Chenoski is second with 48 in the same number of innings, while Loblick has struck out 43 batters in 33 innings.

Loblick has allowed the lowest percentage of hits with 20, while Lambie has allowed 37, Chenoski, 58. The three first string hurlers have won all the games that their teams are credited with, Loblick having won four and lost none; Lambie, five and one; Chenoski, three and four.

He was educated at St. Paul's School, Concord, N.H., and at the University of Pennsylvania, graduating from the latter in civil engineering with the degree of Bachelor of Science in 1894.

Sir Henry began his railroad career with the Pennsylvania Railroad in the year of his graduation from Pennsylvania University as draftsman in the Chief Engineer's office, and held successively the positions of Assistant Engineer of Construction on the Cleveland & Marietta Railway (a subsidiary of the Pennsylvania Railroad) topographer on various surveys, Assistant on Engineering Corps, Division Engineer, and Division Superintendent.

In 1911 he was made general superintendent of the Long Island Railroad, which had been acquired by the Pennsylvania Railroad. In 1914 he was called to England as general manager of the Great Eastern Railway.

In 1916 Sir Henry Thornton was made Deputy Director of Inland Water Transportation, with the rank of Colonel in the Royal Engineers. In 1917 he was sent to Paris as Assistant Director-General of the movements of the railways. In December 1917 he was promoted to Deputy Director-General, with the rank of Brigadier-General, and in 1918 was made Inspector-General of Transportation with the rank of Major-General.

Sir Henry was naturalized as a British subject in March, 1919, and in May of the same year was gazetted a Knight Commander of the Order of the British Empire.
