Brooklyn Robins Lost Yesterday When Giants Won

NEW YORK, Aug. 5:—Brooklyn Robins lost half a game in their race with Chicago for National League honors by dropping their game to the Giants while Cubs were idle. Home runs by Allen, Lindstrom and Terry played a big part in the Giants' victory.

At Philadelphia in the American League, Lefty Grove won his seventeenth game of the season when the Athletics pounded out a 13-4 victory over Boston. Grove also hit a homer for the winners as did Simmons.

Baseball Game May Be Close

In baseball circles the three-cornered tie in the second half of the City League is arousing much interest in this evening's game between Centrals and Sons of Canada.

In last Sunday's game these two teams met and the Centrals won out, 7-3. The return game tonight is more than usually interesting with the teams level, and the Sons are out to reverse the result of Sunday's game and at the same time get to the top of the league, while the Centrals figure that they can easily repeat their Sunday victory.

League Team Did Not Appear In Full Force So Regiment Won

Owing to so many of their players being on holidays and others at the Cold Storage working, the Legion were unable to field a full team last evening in the Mobley Football Cup and forfeited the game to the Regiment.

At the request of the spectators a seven-a-side game was played.

Jack's team pressed but Laidler saved and in a breakaway Edgecumbe opened the score for his team. Later two more goals were added by Wilson. Half-time found Wilson's team leading by three goals to nil, Laidler having saved a penalty.

The second half was fairly evenly contested but no goals were scored owing to weak shooting and good goalkeeping. The final score was 3-0.

D. Jack's team: Ted Smith, W. Mitchell, D. Jack, P. Doherty, M. Watson, B. Hunt, J. Norrington.

J. Wilson's team: Laidler, J. Greer, J. Doig, Edgecumbe, Heilbroner, Wilson, J. Currie.

Smith kept a fine goal and Hunt defended well. Pete Doherty returned to football for the first time this year. Jack played hard while Mitchell seemed to do everything but score. Norrington was always dangerous.

Laidler kept goal well saves from Doherty and Mitchell being especially good. Doig was a rare defender and Greer did well. Edgecumbe and Currie were always in the thick of the fray.

J. Andrews refereed the game.

SPORT CHAT

The victory of New Westminster Royals in their fight for the Dominion football championship was welcome if rather unexpected news to followers of the game. After winning the first game owing to the bad shooting of their opponents more than anything else they lost the second game by five clear goals, and were outplayed. Yet in the deciding game they won by a solitary goal and that from a penalty kick. They were handicapped by having players injured and played one man short for a time but they held on to their slim lead and once again the Connaught Cup finds its way back to the coast where the Royals brought it two years ago.

The popularity of softball is increasing locally and the Canadian National Railways Athletic Association is making further preparations to provide suitable conveniences for spectators by erecting bleachers at the station playground. These are being put under the overhead crossing and will be greatly appreciated by those who are interested in this exciting game.

All the world is talking of the marvellous feats of Don Bradman, the 21 year old wonder of the Australian team playing cricket in England now.

He holds the world's record score of 452 in 6 hours, 55 minutes. Included in this were 49 hits for four.

In England this year he scored 1,000 runs in May, the first Australian to do so.

He made an Australian record by scoring 254 in a test match and then made a new record in the third test match by getting 334 runs. This beat the previous trecord made by the late R. E. Foster for England in 1903 at Sydney, New South Wales, of 287 runs. He heads the batting averages in English cricket with an average of over 100 runs per innings for 23 innings.

England is taking a keen interest in the Empire Games to be played at Hamilton next week. K. C. Brangwin the winner of the Amateur Athletic Association's quarter-mile in the recent championships is one of the latest entrants. He is only 22 years old and has come on rapidly in the last year.

The late Sir A. Conan Doyle was a good all-round cricketer in his time.

An interested and very pleased spectator of Prince Duleepsinhji's performance in the recent test cricket match was his uncle, formerly known as Ranjitsinhji and now Jam Sahib of Nawanagar.

Another runner who is expected to put up a good performance at Hamilton for the British team is R. H. Thomas who won the mile at the Amateur Athletic Association's championship recently in England His time for each quarter was 63 secs., 66 secs., 62 2-5 secs. and 63 4-5 secs. which is remarkably even time. He is considered one of England's hopes for the Olympic Games to be run at Los Angeles in 1932.

Wants Another Plane to Fly

HARBOR GRACE, Aug. 5:—John Mears and Henry Brown, who escaped without injury when their plane was wrecked here, are collecting the remains of their plane prior to returning to the United States. Mears says he will try again if he can get a plane.

STATION IS THE WINNER

Takes Round House Into Camp By Score of Five to One

Having a badly crippled team, the Round House went down to defeat against the Station nine to the tune of 5 to 1 last night.

It was a closely contested game, and the supporters were given some fine exhibition of softball. Tobey, at first, gave very good support to the Station team, while Styles and Skinner materially helped in the way of getting hits off pitcher Raby of the Round House.

Two errors were registered against the Station and three against the Round House team.

Station: Horton, Morrison, Downie, Styles, Tobey, Baldwin, McIntosh, Skinner and Summers.

Round House: Raby, Tulloch, Hibbard, Jackson, Wicks, Unger, Nelson, Cameron and McQuaige.

Batteries: Station, Styles and Baldwin; Round House, Raby and Tulloch.

Umpires, Comadina and Wendle.

The next game will be played on Wednesday. Seating accomodation has now been completed and spectators can now enjoy the games in future with comfort.

Good Fishing At the Lakes

Fishing for the canneries is not the only form of fishing that is successful these days as any one who saw Joe Ratchford on Sunday will understand. Joe was out to the end of the new road and then to the lakes. He brought home a bunch of 39 rainbow trout in splendid condition from 14 to 15 inches long. The party had another bunch put aside on the bank but they disappeared, whether a bear or a passerby had taken them is what is puzzling the fishermen since.

Ketchikan Is Against Dodgers

KETCHIKAN, Aug. 5—The city council passed an ordinance over the veto of the mayor prohibiting the personal delivery of handbills or dodgers on the streets of the city. No handbills can be delivered unless in a regularly published newspaper.

LOOKOUT MAN

A man is employed in New York City to watch for clouds and smoke from morning until night. Stationed high on the roof of a skyscraper, he has connections by telephone with all the stations of the city's big light and power system. As soon as the sky begins to darken people begin turning on electric lights which means a heavier load on the power plants. By anticipating such darkness the plants get ready for an increased demand and thus avoid weakened currents.

Delay In Getting Gold From Islander

JUNEAU, Aug. 5—Delay to installation of new equipment for the recovery of treasure from the lost steamship Islander has been occasioned by the illness of E. C. Pickett, who is interested with C. H. Wiley and E. H. Wiley in the attempt to raise to the surface the wealth in the safe and in strong boxes of the submerged craft. Mr. Pickett and C. H. Wiley, was brought here from the scene of the wreck to Juneau. He is a patient at St. Ann's Hospital, where he is under observation to determine the nature of his trouble, thought to be appendicitis.

A tugboat, a derrick scow and a donkey engine arrived from Seattle off the southern end of Douglas Island, where the Islander lies in water 380 feet deep. This equipment, larger and heavier than anything of the kind heretofore used by the treasure seekers, was being arranged for operation. The task of putting it in place continues, but the work is not progressing as fast as if C. H. Wiley and Mr. Pickett were present.

If Mr. Pickett's illness necessitates his confinement in the hospital any considerable length of time, C. H. Wiley will return to the scene of the wreck to continue diligent prosecution of treasure receovery efforts.

Nina Willing to Meet Bagshaw

Nina Gurvich called at the office of the sports editor this morning to make the situation clear regarding a proposed fight between he and Billy Bagshaw. He is willing to meet Bagshaw any time, at any place in a six-round contest at catchweights but is not in condition to go a 10-round bout.

This should give the fight fans of Prince Rupert a good scrap. Both boys are good scrappers and there is little difference in their weights. It is to be hoped that some of the local fight promoters will arrange this fight soon as it is sure to draw a big crowd.

Football Crisis To Be Considered

A meeting of the executive of the Regiment football team took place last evening at the Armory.

The report of the team captain relative to the game between the Athletic Club and the Regiment was received.

It was decided to ask the executive of the football association to call a special meeting to consider the present crisis in football circles.

Miss Valerie Davies of Cardiff, Wales, who won the 50 yards swim at Pontypool and who is the Welsh record holder is also a competitor at the Hamilton games.

Of Outstanding Character

The name "Black & White" on a bottle of whisky is as absolute a guarantee as the hall-mark on silver. It assures that subtle difference in flavour and quality which distinguishes this whisky from all others. It guarantees that only the finest materials have been used and that always everywhere the quality is the same.

GOOD WORK NEW ROAD

Two and Half Miles Said to Be Completed Now

Visitors to the work being done on the Terrace highway from the Prince Rupert end bring encouraging reports of the progress being made.

A good start has been made and there are two and a half miles of good road now completed. At Cloyah Arm there are two large tents providing accomodation for the men and horses at that point.

Then there is a stretch of corduroy road about five miles long to Prudhomme Lake. This is the work of the N. B. C. Power Company. There is a long gap between the two stretches of road at present.

At Prudhomme Lake there is a small village of tents to provide the necessary accommodation for the workers.

There is a gasboat on Prudhomme Lake and visitors are sometimes able to make the trip to the head of the lake in it.
