COUNCIL ALTERS MEETING NIGHTS

The first and third Mondays of each month have long been more or less sacred in civic consideration as the meeting nights of city council. Last night council lifted the mantle and deposited it on the second and fourth Mondays of the month. The change in meetings nights was made at the suggestion of Mayor Daggett.

Aldermen agreed with Mayor Daggett that, since the finance committee did not meet until after the first monthly meeting of council, council approval of the monthly accounts presented by the committee could not be given until its second meeting.

However, although the regular meeting nights will be the second and fourth Mondays, the initial meeting of the year is required by municipal law to be the first Monday of the new year.

The change will be made in February, when council will meet on the first, third and fourth Mondays.

Modern Etiquette
By ROBERTA LEE

Q. When are suppers given?

A. A supper may be given after the theatre, opera or concert, to members of the party; or, on any night when, at a later hour, it takes the place of dinner.

Q. Is a person ever justified in punishing someone else's child?

A. No, and no matter how much the child may deserve it. The majority of parents resent any one's interference.

Q. When should one consult the clergyman about the wedding?

A. Just as soon as the plans for the wedding have been discussed.

POWELL AS DETECTIVE

New Type of Role for Popular Screen Star with Ann Shirley and Claire Trevor In Leading Feminine Parts

A private detective's assignment to find a missing person motivates the action in the mystery thriller "Murder, My Sweet," starring Dick Powell, Claire Trevor and Anne Shirley, tense drama coming to the Capitol Theatre this Wednesday and Thursday.

His assignment proves to be anything but routine and leads the detective through a series of thrilling adventures. Before finally solving the mystery of the jade necklace which causes the death of four people, and breaking up a blackmailing gang, he is hard pressed to prove his own innocence to the police.

Powell has an entirely new role as the hard-boiled private detective. Claire Trevor is the young and beautiful wife of an elderly rich man. Anne Shirley is the rich man's daughter by a first marriage, who distrusts her step-mother and does her best to protect her father from harm.

The supporting cast includes Otto Kruger as a suave blackmailer; Mike Mazurki as a dangerous and gigantic ex-convict who wants Powell to find his old sweetheart; Miles Mander as the rich man, and Douglas Walton as the blackmailer's chief tool.

BIBLICAN SEED

Anise seed, now baked in rolls and found to be good for colicky babies, is mentioned in the Bible.

ENACTS PART OF BEHEADED VICTIM — On trial before a military court on Kwajalein Island for the beheading of five American B-25 crew members, Warrant Officer Tatanichi Manaka of the former Japanese navy shows exactly how he made one of the fliers kneel to receive the sword. Manaka and five companions were found guilty and sentenced to death by hanging.

DAGGETT OUTLINES
(Continued from Page 1)

under the Local Improvement Act.

"Also extensions of water services.

"Recommendations will be submitted by the City Engineer in these matters for the guidance of the committees.

New Telephone Building Needed

"A survey must be made to determine the advisability of erecting a fire-proof building for the telephone system and the extension of the system by the installation of new switchboards as soon as equipment and materials are available, and proper investigation made as to the location of any proposed building.

"The Parks committe is requested to investigate and report on matters under their jurisdiction.

"Another matter which is urgent and which must be dealt with by the Health committee is the obtaining of adequate quarters for the inmates of the Eventide Home. Also a recommendation as to representatives on the Health Unit.

"Consideration should be given by the Finance committee to grants for publicity, recreation council, museum, etc.

"I have only touched on a few of the matters which will need early attention but there are many others which will require consideration.

"Every encouragement should be given to the establishment of new industries in the city. There should be continued effort to secure greater use of the port facilities of Prince Rupert, the continuance of shipbuilding at the dry dock, the shipment of grain through the elevator, Dominion subsidy for steamship service, and encouragement should be given to the establishment of a community chest.

"We should give all the assistance possible to any rehabilitation program which will provide employment for ex-servicemen as well as other citizens and which will provide jobs at a decent standard of pay.

"I would recommend that the finance committee and the council as a whole give serious consideration to the possibility of selling locally to our ctizens, the bonds which will be issued this year to cover the local improvement by-laws which have been passed. I believe that the citizens of Prince Rupert have sufficient faith in their city to purchase these when issued.

"While there is much that should be done we are, of course, handicapped by the fact that we still have a large debt for which we must provide each year a substantial amount for the sinking fund.

"An extensive program of necessary work could be planned but unless we can secure from the government a low interest loan, we cannot hope to initiate this program in its entirety. The Federation of Mayors and Municipalities is pressing strongly upon the Dominion government the necessity for such loans to municipalities and we hope that their proposals will be entertained and loans provided.

"It is hoped that the Cameron report will, if adopted by the government, relieve the municipality to a large extent of the heavy mill rate for educational purposes, and we will thus have more funds available under the present tax rate to spend for other purposes.

"I feel sure that all the members of the Council are vitally interested in the progress and advancement of the city and will spare no effort during the coming year to this end.

"I also desire at this time to express to the press our best wishes for the year and trust that our relations through 1946 may be as pleasant as they were in 1945."

ASK USE OF LAND CLEARING MACHINERY

VANDERHOOF — The Vanderhoof Board of Trade is seeking to have government land clearing facilities made immediately available for use in the district and has communicated with the minister of agriculture in Victoria with the view of having the quantity of machinery already in the district put to use. The board is also pressing for the appointment of a public works engineer for Omineca electoral district, extension of the highway from Manson Creek to Findlay Forks, a highway from Vanderhoof to Quesnel, and clarification of the land policy of the provincial government.

NURSES HEAR OF REHABILITATION

Col. Hamilton Grant Speaker At Professional Gathering Last Night at Nurses' Home

Col. Hamilton Grant, veterans rehabilitation officer attached to the local National Selective Service, was an interesting speaker before the Prince Rupert Registered Nurses' Association at its monthly meeting last night in the nurses' home of the Prince Rupert General Hospital. The president, Miss Margaret Colwell, was in the chair and there was a good attendance of nurses. Much valuable information on the subject of civil rehabilitation of service men and women was given by Col. Grant. A discussion period followed and the meeting closed with the serving of refreshments.
