BUTTON CONTEST RESULT

WALLACE'S

DISSOLUTION SALE

We have much pleasure in announcing the winner in our button contest which ended Saturday night.

On checking over the numerous estimates of the number of buttons in the jar, some were fantastic guesses, but the majority were reasonable, and showed that some thought had been exercised. We found that six entrants had omitted to estimate at all, while thirteen were under one hundred, the lowest being twelve, while twenty-three ranged from 9000 up, the highest being 60,000. One card bore the name of a famous Hollywood lady, though we are inclined to believe, the lady must have a name-sake here. If this is not the case, we have to admit that Prince Rupert advertising has far-reaching effects, the lady referred to being no less a celebrity than Gloria Swanson.

The number of buttons in the jar was 2156, and the nearest estimate was made by Mrs. J. W. Lancaster, with 2175, being only 19 out, the second nearest was 2134, only 22 out.

We shall have much pleasure in presenting the prize to the winner, and heartily congratulate her on her success. We are continuing the sale for a few more days. The final windup will be announced at an early date.

The sealed envelope containing the number of buttons in the jar was opened by C. G. Minns this morning in the Daily News office in the presence of H. F. Pullen.

PRINCE GEORGE

The city council here has refused to pay an account of $32.70 presented by the board of school trustees. The money was used by the school board as a contribution toward paying for hockey sticks and sweaters for the use of school children.

The school teachers of this city have offered to accept an eight percent cut in salaries, effective as from April 1. The result will be a saving of about $1250 to the city this year.

Don Smith of Dunster was brought to the city last Wednesday for treatment in the local hospital. He was severely injured when he was run over by a team of horses at Dunster.

Prince George has been having sub-zero weather quite regularly of late. The lowest thermometer reading of the past week was nine below zero last Monday night.

Local curlers held their annual banquet last Tuesday evening in the Commodore Hall and the affair was a highly enjoyable one. President C. C. Reid was in the chair and there were about 100 devotees of the roarin' game present.

BURNS LAKE

The village chemical engine, destroyed by fire recently, was insured for $600 but the adjuster claimed that it was overinsured and offered $300 in settlement. After considerable argument, settlement was reached at $475.50.

A birthday party was held last Wednesday night at the home of Mrs. Kenneth Warner in honor of the twin sisters, Misses Irene and Iona Smith. A very enjoyable evening was spent in cards, dancing and games and delicious refreshments were served by the hostess.

A daughter was born last Wednesday at the Burns Lake Hospital to Mr. and Mrs. Fred Beach of Francois Lake.

Sergeant Andrew Fairbairn, chief of the Smithers district detachment of the provincial police, was a visitor here at the first of last week on official duties.

J. D. Moore, government agent at Fraser Lake, was a visitor here last Tuesday on official business.

A wire has been received by the Omineca Ski Club stating that Kaare Engstad of Burns Lake, who cleaned up honors in skiing competitions in the east, having participated in the Olympic Winter Games at Lake Placid, is leaving Ontario today for Camrose. After visiting with friends in Camrose, he will come on here. Upon his arrival, a banquet will be staged in his honor.

J. H. Fisheries are putting up their summer supply of ice which is being taken from Burns Lake near the company's cold storage warehouse.

HERE FROM KINCOLITH

Business in connection with village affairs brought a delegation of natives from Kincolith, members of the village council, to interview the Indian Agent. The village has a new diesel power plant, said to be the best on the coast, with which the streets and houses are lighted and business in connection with this and with the streets had to be discussed.

Asked as to reported trouble at the village, members of the delegation this morning stated that a boy 14 years of age had been arrested recently for stealing. He had been handed over to the Dominion police and was being dealt with by them. That was all the trouble they had had.

The delegation, which arrived Friday, is finishing its business today and returning north tomorrow. Yesterday they attended both services in the Cathedral and last evening were guests of Bishop and Mrs. G. A. Rix at the Bishop's Lodge, Fourth Avenue.

Included in the delegation are members of the Sons of Kincolith Athletic Association who have been taking up matters pertaining to this year's fair with the secretary of the Fair Board.

ACTS LIKE A TONIC

SUPREME COFFEE acts like a tonic to anyone feeling out of sorts. It gives hope to the pessimist and is a sure cure for the grouch. In these days when people are apt to feel blue, there's nothing like a cup of "Supreme." The effect is instantaneous. It's fresh from the roaster and that makes it doubly effective.

'Substance' Was Science Subject Sunday Meeting

The subject of the lesson-sermon in Christian Science Society, Prince Rupert, on Sunday was "Substance."

One of the Bible texts included in the lesson-sermon was the following from James 5: 13, 15: "Is any among you afflicted? Let him pray. Is any merry? Let him sing psalms. And the prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him."

The lesson-sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God—a spiritual understanding of Him, an unselfed love."

C.P.R. steamer Princess Norah Capt. William Palmer, arrived in port at 4 oclock yesterday afternoon from a regular voyage to Skagway and other Alaska points and sailed about an hour later for Vancouver. The ss. Princess Norah is now to be operated on a ten-day schedule on the Alaska route for the spring.

"How do they do it?"

Among your friends there's sure to be at least one smart young married couple who are the envy and admiration of all who know them.

With an income that is frankly abbreviated, and with no benevolent Aunts in the offing, they still have a home that is correct and comfortable in all its appointments, a home that is admired and copied by their friends.

"Yes, Jane is a remarkable little manager," will probably be the young husband's proud answer. And there is little doubt about it.

THEY DO IT THIS WAY

Take a look around that home and you will find no end of well known advertised products. For Jane is an efficient little manager. She can't afford to take chances that must only be debited to "Experience." When she buys for her home she must get tried and tested and trusted products which carry an honorable name to guarantee her satisfaction.

You will find that Jane is a consistent reader of the advertisements. Are you?
