BRITISH "SARJ" BRINGS IN "TOJO" — So that the enemy would be familiar to all engaged in the job of putting him in his place, an Indian base ordnance depot in Ceylon made this dummy Japanese soldier, complete with authentic Jap uniform and equipment, and called it "Tojo." Here is Sergeant W. E. Jackson, of the Royal Army Ordnance Corps, bringing in "Tojo," during a "know your enemy" demonstration.

Opens New Produce Store

Ross Ingram, well known local business man has bought the fruit and vegetable business operated for many years by Happy Wong, and has re-established it at 209 Third Avenue, in the premises formerly occupied by Don Wilson's barber shop. The name of the new business is the Fair Way Food Market.

Mr. Ingram says that he will carry a full line of fruits and vegetables, and will feature particularly produce from the Prince Rupert regional interior. Contacts with Skeena and Bulkley Valley farmers assure him a constant supply of interior produce, he explained.

The new business opened today.

GIRL PILOT NOW DRIVER

(Continued from Page 1)

roughly equivalent to a flight lieutenant, she flew single and twin engined aircraft including Spitfires, Mosquitos, Mustangs and Bostons from factory to base.

FAVORS MOSQUITOS

Her favorite aircraft is the Mosquito bomber. "It's smooth, light, easy to handle yet powerful," she explained.

Flying an old nose-heavy Lysander from which too much ballast had been removed, she had her only air accident when she was forced to crash-land. "I just saved them the job for it was about to be broken up," she smiled, "but I admit I was scared." Though bruised and shaken she was up in the air again the next day.

A tall, blond girl whose resemblance to Barbara Stanwyck has often been noted, Helen has 2,000 flying hours to her credit. She began flying in 1933, got her private licence in 1934 and commercial in 1936, flew in England, the United States, Canada and South Africa. Returning to Canada, she instructed at Toronto Island Airport and at London, Ont. At the outbreak of war, unable to get a flying job here, she joined the English A.T.A. and was Canada's sole woman representative in that service until recently when Violet Milstead and Marion Orr, Toronto, went over.

ILFORD, England (CP) — More than 24 hours after police started an intensive search to find Charlie Toovey, including the dragging of a river, four-year-old Charlie was found in a clothes cupboard in his home. The door has locked behind him when he climbed inside. Both his parents are deaf.

LONDON (CP) — Actor Charles Coburn will be 92 next August but he still travels around England singing to Britain's armed forces. One-time favorite of English music halls, Coburn bemoans the fact he "cannot hear so well" as in his younger days.

MILES OF COTTON

Cotton can be spun so fine that a pound of it will make 250 miles of yarn.

I ALWAYS GET CLEAN, QUICK SHAVES WITH BLUE GILLETTE BLADES

GLENN McCARTHY
— Ace Reporter on Gillette's "Cavalcade of Sports" — says:

"A TRIP through the Gillette factory showed me why I always get clean, quick shaves with Blue Gillette Blades. I saw steel hardened in automatically-controlled electric furnaces . . . saw the blades sharpened in grinding machines weighing several tons—yet so precise that they are adjustable to 1/10,000 of an inch. So my advice to any man who wants to enjoy shaving is to use Blue Gillette Blades."

C283

RATIONING OF CANNED FRUIT

Many Changes Are Announced Due to Varying Causes

Due to fluctuations in the supply of certain canned foods and the consumer demand for them, some items which during a temporary period could be purchased without benefit of ration coupons are now back on the rationed list and others, formerly rationed, can now be bought without restriction.

Solid pack apples, which contain little or no sugar, can now be bought without coupons.

Cranberry sauce, containing 50 per cent sugar, will be off the rationed list until August 31. An oversupply of this item, for canned rhubarb which was off the rationed list for several weeks in the spring, is now rationed again.

Canned blueberries and blueberry pie filler, removed from the rationed list in February, will be returned to it on July 1.

Sweetened and unsweetened canned crabapples, now unrationed, will be rationed again on July 1.

Maple syrup, which formerly had a value of one preserves coupon for 40 fluid ounces, was reduced to one coupon for 20 fluid ounces on June 1.

Prices in the list below are as representative of those in all local stores as it is possible to obtain. There may, however, be slight differences. In the meats list, the first figure represents the price of special quality meat and the second, commercial quality.

Meat	
Shank (hind quarter)	.26 and .23
Round Steak or Roast	.44 and .40
Round Steak or Roast (boneless)	.46 and .42
Minced Round Steak	.46 and .42

A SOUTH COAST NAVAL BASE, England (CP) — H.M.S. Stevenstone, which frequently moors here and is nick-named "Steaming Stone," has a steaming record of 30,426 miles since she was first commissioned a little more than a year ago.

ACTIVITIES OF Y.M.C.A. and Y.W.C.A.

(By Dorothy Garbutt)

Just one service baby to report this week so Mrs. Stuart, our hospital visitor, tells me. This is little Dorothy Lee Ringland who was born on June 16 and weighed exactly eight pounds when born. Dorothy is the small daughter of Sergeant and Mrs. Ringland. Well I don't need to look up our name book to see what Dorothy means because it's my own name and means "a gift of God" while Lee is in the boys' names section and means "a pasture, a meadow or a sheltered place."

I had an airmail letter from Cliff Perry today in reply to a letter I had sent with news of Prince Rupert people and events. He was a signalman here but is now a full lieutenant overseas. He has done well and sounds the same old Cliff. I'll wager he looks pretty in his natty Navy uniform. He says:

"I was surprised and delighted to hear from you the day before yesterday. It was like a return visit to a period of time I rather enjoyed (Cliff would never break down and confess he liked Rupert) and a revival of names I had almost forgotten. Those were peculiar days, in a sense, but precious in another sense. However, it all sounds changed and a great improvement on our pioneer days! I am kept very busy these days. I am on a British ship and having lots of fun and excitement. If I ever get a snap I'll trot it along so that you can see I haven't changed a bit since I left. Give my regards to old Carl Clay and any others of the old gang still around. Once again, it was grand to hear from you. Do it again soon. All the best and God bless you—Cliff."

Well girls, did you look over your shoulder in a mirror and see your true love last night what with its being Midsummer's Eve and all that? I did, and saw Yehudi, the little man who wasn't there. Hope you had better 'luck.

LONDON (CP)—A Royal Naval landing craft flotilla claims to have taken part in more combined operations than any other unit of the Royal Navy—Lofoten, Dieppe, Bologne, North Africa, Pantelleria, Sicily and Italy. Master-at-arms of this crew is Leslie Manns of Portsmouth.

If your wheels are OUT OF LINE

Obtain a free copy of the "Automobile User's Guide"—a booklet which will prove a valuable aid in maintaining the efficiency of your car or truck—by writing to Service Department, General Motors of Canada, Limited, Oshawa.

CARE SAVES WEAR—
but tire conservation doesn't stop there!

The mechanical condition of the chassis parts of your car or truck is most important.

—Wheels which are a ½" out of line cause the tires to "scuff" sideways approximately 87' in a mile.

—A few ounces out of balance multiply into many pounds of damaging force, even at normal driving speeds.

These elements actually tear the rubber off your tires. You can safeguard against such damage by having:—

—The mechanical parts of your vehicle inspected and adjusted periodically.

—Your tires and wheels checked regularly, particularly after the tires have been removed from the wheels for repairs.

Tire conservation service from a General Motors dealer will:—

—Stretch your tire mileage.
—Assure your safety.
—Improve the steering, riding and braking qualities.

This information is made available to you, the owners of Canada's cars and trucks, to assist you to conserve your tires and vehicles, and so safeguard against a breakdown of the country's automotive transportation up to and even beyond the day of Victory!

Our CONSERVATION SERVICE will help you to:

Stretch your Tire Mileage by:
—Maintaining proper tire pressure.
—Tire rotation every 3,000 to 5,000 miles (Pass. cars and light trucks.)
—Regular inspection of wheel alignment and balance — brakes and shock absorbers.

Avoid Engine Failure by:
—Testing compression and checking oil consumption.
—Having sludge removed.
—Cleaning and refacing "sludge-coated" valves.
—Replacing "sludge-packed" piston rings.
—Adjusting crankshaft bearings.

Save Gasoline and Oil by:
—Engine tune-up including carburetor, battery and electrical system.

Prevent Deterioration of Body and Fenders by:
—Repairing and refinishing damaged or chipped surfaces.
—Washing body as required to preserve the finish and to keep drain holes open as a protection against costly rust damage.

Extend the Life of your Car or Truck by:
—Regular lubrication (at least every 60 days).
—Minor inspection and adjustment (every 1,000 miles).
