New Time-Table Of Trains Goes In Effect Today

The summer time-table on this line of the Canadian National Railways is now in effect. The first full passenger train to arrive under the new time-table came in on time at 1:30 this afternoon from the east while the first full passenger train to go out left at 2:30 this afternoon two hours late, having been held awaiting the arrival of a crew from the interior on the incoming train. Under the summer time-table there will be six trains a week arriving and six leaving.

PRAIRIE CROPS ARE FAR AHEAD OF LAST YEAR AND FEELING OF OPTIMISM PERVADES THE COUNTRY

(Continued from page one)

weather continues, crops will soon be suffering from lack of moisture.

In Saskatchewan

Along the Lewvan, Lampman, Avonlea, Gravelbourg, Central Butte, Riverhurst subdivisions, in Saskatchewan, a heavy wind prevailed the early part of the week which was followed by soaking rains and cool weather. Surface soil is now in excellent shape, growth is rapid and all grain is in good condition, excepting in a few territories where lighter land is located. These lighter lands were whipped by high winds which carried drifting soil and did about ten percent damage.

In Central Saskatchewan there have been almost daily rains since the last report and conditions are now better than at this season for several years except in the Yorkton territory where some soil drifting was previously experienced.

Along the Prince Albert division crop conditions are good with all grains well advanced and moisture conditions are excellent. Slight damage has been done in some districts by cutworms but present prospects indicate a better-than-average crop.

In Southern Alberta weather has been cool with rain practically every day and, while grain growth has not been rapid, all plants have had an opportunity of materially extending their root system. Optimistic conditions prevail.

Good Progress in Peace

In Central Alberta and in the Peace River country, all grains are making splendid progress as excellent growing weather has prevailed. From no points in these areas come reports of lack of moisture.

A continued dearth of cattle receipts on western stock yards has had a strengthening influence in all markets, especially when offerings showed any degree of quality and finish. The plainer kinds, however, were difficult to sell. The hog market still maintains a fluctuating undertone, with the result that increased receipts on any one day tend to depress prices.

TELL THE PEOPLE

"Tell 'em quick and tell 'em often. Explain to folks plainly and sincerely what you have to sell. Keep everlastingly coming at them. Advertising is pretty much like shovelling a furnace. Once you stop stoking, the fire goes out."—Wm. Wrigley jr. (tf)

FUNERAL OF GEO. RORIE

Anglican Cathedral Was Crowded For Last Rites This Afternoon —Cremation in South

St. Andrew's Anglican Cathedral was crowded with friends and sympathizers this afternoon when a funeral service was held for the late George Rorie, chartered accountant and esteemed citizen of Prince Rupert, whose death occurred suddenly on Saturday morning. The service was conducted by Very Rev. James B. Gibson, dean of the Cathedral, and the address was given by Rt. Rev. G. A. Rix D.D., Bishop of Caledonia, who spoke feelingly and sympathetically. Hymns were "O God Our Help in Ages Past" and "The Lord is My Shepherd," Peter Lien, church organist, presiding at the pipe organ. The rites were of a simple nature throughout.

Following the service, the remains were placed aboard the steamer Prince Rupert on which, accompanied by deceased's son, George L Rorie, the body is to be taken to Vancouver where cremation will take place.

Pallbearers were S. D. Johnston H. T. Cross, F. A. MacCallum, D. J. Matheson, C. C. Mills and William Cruickshank.

There were no flowers by request.

'God, Preserver Of Man' Science Church Subject

The subject of the lesson-sermon in Prince Rupert Christian Science Society on Sunday was "God, the Preserver of Man."

One of the Bible texts was, "Thy righteousness is like the great mountains; Thy judgments are a great deep: O Lord, Thou preservest man and beast (Psalms 36:6).

The lesson-sermon also included the following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The divine Mind that made man maintains His own image and likeness."

Pacific Improves The Flavor

Years ago when Pacific Milk announced that all the pure cream richness could be retained, and was in this good milk, the discovery was a sensation in the trade. Could vacuum cans be used, we knew then, a finer flavor would be given. But experts said no. Only dry foods could be packed in vacuum. Pacific Milk has found how to use vacuum cans, and the improvement is wonderful.

Rheumatism So Bad He Had to Quit Work

Albert Berger Not Bothered Since Relieved by Dr. Williams' Pink Pills.

Working Every Day Now.

"I was terribly bothered with a weak back and rheumatism in my shoulders," writes Albert Berger, Wingle, Ont. "It got so bad I had to stop working and stay in the house. I was two weeks in bed, when a friend advised me to try Dr. Williams' Pink Pills. I gave the Pills a fair trial, and they relieved me right away. My back is good and strong now, and I am working every day. I have never been bothered with rheumatism since. I recommend them for anyone suffering from Rheumatism, Lame Back, Sciatica."

Rheumatism and kindred ailments thin the blood very rapidly. Dr. Williams' Pink Pills enrich the blood stream and create new red blood cells, which is the reason they are so successful in combatting such ailments. Equally good for all rundown or nervously exhausted people. Try them. At your druggist's. 50c. 273
