BUY B.C.

Just now there is an interesting B. C. Products campaign going on in British Columbia. It strikes a note in line with the great trend of the day. Buy British is the sound heard in Britain. It springs up on every hand like a new policy in the world. Whenever anyone thinks he is going strong in his preference for B. C. Products just let him turn toward California and glance down there. He'll search in vain for grapefruit grown in Florida.
