C.N. DOCTOR IS HONORED

Dr. K. E. Dowd Named Chairman of International Organization

MONTREAL—Dr. K. E. Dowd, chief medical officer of the Canadian National Railways and TransCanada Air Lines, here, has been elected chairman of the Medical and Surgical Section of the Association of Americn Railroads.

In 1944 Dr. Dowd was awarded a Fellowship in the American College of Surgeons. For his outstanding contribution to aviation medicine, he was again honored later in the same year by the Aero Medical Association of the United States with a Fellowship in Aviation Medicine. In April last, Dr. Dowd was chosen to represent the Aero Medical Association at the Provisional International Civil Aviation Organization (PICAO) meetings dealing with medical requirements of flight personnel.

During the Second World War, Dr. Dowd served as Medical Consultant in Civil Aviation to the R.C.A.F. and was commissioned as Honorary Wing Commander. He also was Chief Medical Consultant of the R.A.F. Ferry Command and in charge of medical services for British Overseas Airways Corporation.

A native of Quyon, Pontiac, Quebec, Dr. Dowd is a graduate of McGill University. Following an intership at Ottawa and a number of years in the field of industrial medicine, he was appointed assistant chief medical officer of the C.N.R. in 1928. Dr. Dowd was appointed chief medical officer of the system in 1943. He is also a member of various other medical societies in Canada and the United States.

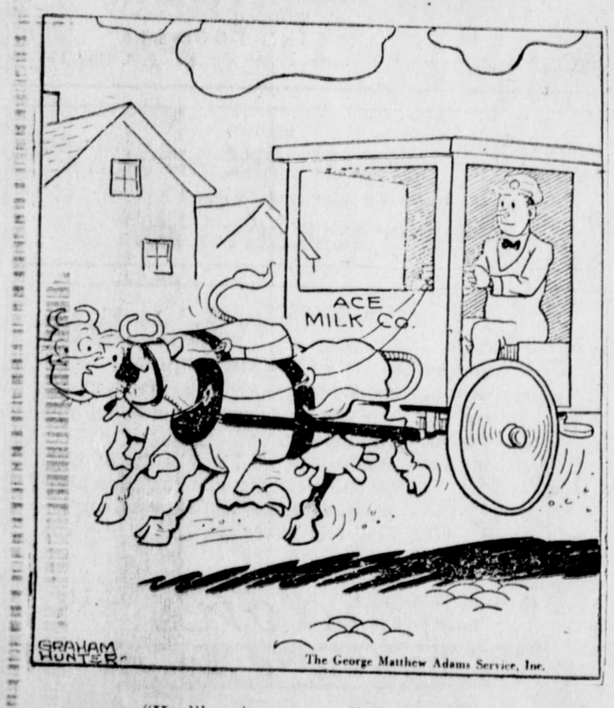
THIS AND THAT



"He likes to carry a little 'reserve.'"

GAY WINDOW BOXES ARE BEST TREATMENT FOR HOME BEAUTY

To effect a striking improvement in the appearance of a house, at small expense, no better way can be found than to decorate it with window boxes full of flowers.

In congested city locations no less than in garden suburbs, window boxes can be used to grow beautiful flowers, and when they are planned to harmonize with the house, and accent its good points, they will delight the owners as well as all who pass.

Think of them as a decoration of the house; make them of a suitable size and a color to match the house color or trim. The flowers should be chosen to furnish a contrasting, yet harmonious color accent. There is a wealth of suitable varieties from which to choose.

Construction of the boxes is simple and can be done in the winter. For a standard single window, a box 3½ feet long, 8 inches deep and 10 inches wide is a good size. But measure your windows and make boxes to fit. Where larger, or multiple, windows demand greater length, the other dimensions must be larger in proportion, or single boxes may be provided for each window in a group.

Rich soil, of the type which florists call potting soil, must be used for window boxes. Because there is so little of it to feed the flowers, it should be well fertilized. A table spoonful of chemical plant food for each square foot of soil should be used.

For the annual flowers, full sun is best; at least six hours of sun a day is necessary. The best subjects are those of dwarf or trailing habit, the latter dropping festoons of bloom from the boxes. Petunias of the balcony type are excellent, as are the tall nasturtiums, the giant morning glories. Dwarf petunias, marigolds, ageratum, calliopsis, annual pinks, lobelia, dwarf morning glories, phloz, and zinnias can be grown. Petunias have a great advantage in the fact that faded flowers need not be picked off before they make seed; since only a small proportion are pollinated and the production of flowers must have their flowers removed, to keep others forming.

Boxes which spend most of the day in shade offer a special problem. If the shade is that of a building, perhaps only foliage plants can be grown, such as ferns, fancy leaved caladiums, crotons, rubber plants and other florists' subjects.

If there is some sun, begonias will probably do well. Impatiens, the Zanzibar balsam, bearing flowers of salmon or rose on bushy plants 18 inches tall, are excellent in semi-shaded places. Violas thrive in partial shade, and the list of flowers which will do well increases as the amount of sun is enlarged.

BABY'S HOT LITTLE HEAD MAY BE A DANGER SIGNAL

WHEN your Baby's head feels hot to your hand you must do something. And do it quickly. Read what another mother does and what results she gets: "My baby's cheeks and hands were so hot I was frightened. I gave him a Baby's Own Tablet at noon and by after supper he was all better."

And Mrs. Francis Carroll, of Midland, has this to say: "My little girl was so feverish I was really alarmed. Then I thought of Baby's Own Tablets, so I gave her three every two hours and by night she was up and around."

Baby's Own Tablets are sweet-tasting, easy to take—and may be quickly crushed to a powder if desired. They help reduce the simple fever common to trivial sicknesses of babyhood by clearing harmful wastes out of the system. If fever is not relieved promptly, consult your physician. No "sleepy" stuff—no dulling effect. Equally good for constipation, teething troubles, upset stomach and other minor ailments of baby. Used with confidence by mothers for over 40 years. Get a box today. Sickness so often strikes in the night. 25 cents. Money back if you are not satisfied.

IN THE SUPREME COURT OF BRITISH COLUMBIA
IN PROBATE
IN THE MATTER OF THE ESTATE OF GILBERT CHARLES RUSSELL, DECEASED.
IN THE MATTER OF THE "ADMINISTRATION ACT."

TAKE NOTICE that by order of His Honour Judge W. E. Fisher, made the 3rd day of February, A.D. 1947, I was appointed administrator of the estate of Gilbert Charles Russell, deceased.

All parties having claims against the said estate are hereby required to furnish same, properly verified, to me on or before the 15th day of March, A.D. 1947, after which claims filed may be paid without reference to any claims of which I then had no knowledge.

And all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

Dated this 3rd day of February, A.D. 1947.

GORDON FRASER FORBES,
Official Administrator,
Prince Rupert, B. C.

HALT SEARCH FOR VICTIMS

Quest for Victims of Skeena River Ice Tragedy Given Up for Time Being

Search for the six remaining victims of the gillnetter N.F.B. 5, wrecked by ice in the Skeena River on January 29 has been abandoned for the present although it may be resumed when the ice melts and the weather moderates.

During the last 10 days, 60 natives from three villages, some in boats and some on foot, have scoured the river mouth and the offshore islands. Men and boats came from Port Essington, Kitkatla and Port Simpson.

The complete shoreline from Port Essington to Point Lambert has been searched by men from Port Essington with dogs. Some of the men were on snowshoes as they probed into the rugged inlets of the coastline. The Port Simpson group operated four seineboats and the Kitkatla band three.

Diligent searching by the Port Essington men resulted in the finding of the body of Peter Spalding by his cousin, Herbert Spalding, and his son Victor.

Men and boats from the villages who gave their time and effort to the search are as follows:

Kitkatla

Florence G—James Lewis, Simon Lewis, Ben Hill, Moses Spencer, Richard Robinson, John Astor, Johnson Gordon.

Quintonsta—Matt Hill, Stan Hill, Chris Nelson, Frank Ryan, Joe Tolmie, Robert Hill, Henry Brown.

Sydney W—Herbert Ridley, William Gladstone, Ruben Mason, Edward Shaw, Victor Robinson, Sonny Ridley, Lawrence Innes, Joe Innes, Harry Robinson, Jonathon Hill.

Port Simpson

Carol A—Herbert Bryant, Henry MacDonald, Bertel Scott.

No. 2 Boat—Jimmy Lawson, Robert Sankey, Wallace Green.

No. 3 Boat — Walter Green, Sam Sampson, Ralph Hayward.

No. 4 Boat—William Sampson and crew.

Port Essington

Casey Brown, Sam Lockerby, Joe Roberts, Dan Brown, James Bolton, Howard Starr, George Douglas, Herbert Spalding, Victor Spalding, Harry Innes.

FORESTRY STAFF HONORS VETERAN STAFF MEMBER

Allan M. Davies, veteran chief clerk of the Prince Rupert district forestry office, who is leaving tonight for Victoria where he has been transferred to the accounts office of the Forestry Department, was honored by fellow members at a presentation in the forestry office this afternoon.

Mr. Davies, who has been in the provincial government service here for the last 35 years, was presented with a mantel clock, suitably engraved, by members of the office and field staffs of the district. A dozen fellow staff members witnessed the presentation.

The presentation was made by W. H. Murray, who has replaced Mr. Davies as chief clerk here. Good wishes of those present were extended to both Mr. and Mrs. Davies.

Miss Olga Sather arrived on the Prince Rupert yesterday morning from Victoria to spend holidays at her home here. She is training at the Royal Jubilee Hospital in Victoria.
