APPLEWHAITE AT TERRACE

Liberal Candidate Confident of Outcome in Central Interior

TERRACE—Concluding what he found to be a successful campaign tour through the eastern end of the riding including Burns Lake and other points in that area, Ted Applewhaite, Liberal candidate for Skeena in the federal election, spoke last night in Terrace and enplaned direct overland today by Skeena Air Transport for Ocean Falls where he is billed for tonight.

From Ocean Falls he will fly to Prince Rupert Thursday and will close his campaign with a public meeting there Saturday night.

Monday night Mr. Applewhaite was at Burns Lake where, like Houston and Francois Lake, he reports having had an enthusiastic meeting.

J. S. Brown of Burns Lake and W. E. Holmes of Topley Landing were joint chairmen at the well attended Burns Lake meeting Lyster Mulvaney also spoke. Applewhaite was well received and frequently applauded during his speech.

The candidate declares confidently that he is assured of substantial majorities at all points visited.

SHIP GRAIN TO MEXICO

WINNIPEG (?)—Canada will ship wheat to Mexico this month for the first time in years, Douglas Cole, commercial counsellor at the Canadian embassy in Mexico City, said in an interview here. Trade between the two countries will expand, he predicted.

WHALERS INCREASED

The department of fisheries has issued licences to three boats to hunt for whales this year in northern British Columbia waters.

SHIPS AND WATERFRONT

Officials Gather for New Refrigerator Car Inauguration —Much Fish Is Moving

Importance that is attached to the experimental shipment of frozen fish that is to be made from Prince Rupert tomorrow in a new type of refrigerator car that is expected to revolutionize the rail movement of fish and other perishable commodities over transcontinental distances is indicated by the assemblage here of Fisheries Research Board and railway officials to observe the loading and accompany the car to Montreal. Those here include Otto C. Young, chief mechanical and refrigeration engineer of the Pacific Experimental Station at Vancouver; J. L. Townshend, Montreal, general supervisor, perishable traffic, Canadian National Railways, Montreal; D. C. McVeigh, supervisor, perishable traffic, western region, Canadian National Railways, Winnipeg; Alex Olynk, Research engineer, Canadian National Railway, Montreal; Fred Kessler, inspector, perishable traffic, Canadian National Railways, Montreal; P. C. Brougham, general supervisor, perishable traffic, Canadian Pacific Railway, Montreal; F. Morrison, supervisor, perishable traffic, Canadian Pacific Railway, Winnipeg, and Cy Dunn, mechanical engineer from Minneapolis. The shipment, a full carload of frozen halibut, is being consigned by the Prince Rupert Fishermen's Co-operative Association to the O'Connor Fish Co. of Montreal.

Halibut in quantity continues to be shipped from Prince Rupert. Attached to Monday's train, seven carloads rolled away, for the large markets of the east.

CANADIAN CLUB MEET

Program of Pupils of Conrad Street School Is Enjoyed

At its final meeting of the season in St. Andrew's Cathedral Hall, the Women's Canadian Club enjoyed an interesting and informative program put on by a group of children from Conrad Street School under the direcion of T. G. Bateman.

The first item took the form of a quiz in which the children explained the meaning of democracy, the second item consisting of a group of folk dances. A song by David and Bobby Houston was much enjoyed. Two interesting films were shown by Mrs. A. E. Evans—one, "The Bridge," telling the story of South America, and the other, "Montreal," depicting colorful scenes and various phases of life in the old Canadian city.

At the opening of the meeting, the president, Mrs. G. R. S. Blackaby, welcomed new members, asking them to stand as their names were called to be greeted by the members.

At the conclusion of the meeting delicious refreshments were served under the direction of Mrs. Thomas Boulter.

SHIP STRIKES MINE, SINKS

OSTEND, Belgium— Striking a mine four miles off Dunkerque, the Belgian Channel ship Princess Astrid sank on a sand bar yesterday. Five members of the ship's crew were killed. All passengers were rescued.

More Savings

Today people have nearly 2½ million more bank accounts than before the war. They have put aside more than 4 billion dollars in personal bank savings. In British Columbia, Bank Accounts, Bond Holdings and Savings Certificates are more than four times greater in 1948 than in 1939.

This is evidence of how Liberal post-war policies have improved conditions in British Columbia.
