Terrific Toll o[illegible] And Widespread [illegible] Caused by Earthquake

Catastrophe in Afghanistan and Baluchistan Today is Believed to be Worse Than That Which Visited Bimar Province in January

CALCUTTA, June 14: (CP)—An earthquake apparently worse than the disaster of January in Bimar Province shook Afghanistan and Baluchistan early today. Only the most meagre reports are so far available but they indicate that there has been widespread destruction and a terrific toll of life. The disturbance interfered with communication services which, at best, are none too good.

PIANIST IS HEARD HERE

Alberto Guerrero Delights Large Audience at United Church Last Night

First United Church was well filled last evening with musical people who gathered to hear the recital given by Alberto Guerrero, well known pianist, who is in the city conducting the examinations for the Toronto Conservatory of Music. For an hour and a half Senor Guerrero delighted his audience with selections from the masters and the time seemed all too brief. Seldom has Prince Rupert been so favored as on this occasion.

The recital was under the auspices of the music teachers of the city, the arrangements being made on their behalf by Miss Way.

City Commissioner W. J. Alder, in introducing the visitor, explained that it was a great privilege for Prince Rupert to be included in the Conservatory of Music territory. These recitals were held annually for the purpose of defraying the cost and he was glad to see so many present. It was a great thing in these days of jazz for the younger generation to be given an opportunity to receive a musical education.

The program was as follows:

"Prelude, Choral et Fugue" (Cesar Franck).
"Carnival" (Schumann).
"Ballade in A Flat" (Chopin).
"Polonaise in A Flat" (Chopin).
"Liebestraum" (Liszt).
"Nalla Waltz" (Dohnannyi).
"Serenade" (Albeniz).
"Ballet" (Glazounow).
"Gardens Under the Rain" and "Fireworks" (Debussy).
