Save that blouse!
there's another season's wear in it

FEW women, these days, can afford to discard a blouse or frock just because it has lost its original color beauty. Thousands of resourceful women are "reclaiming" their old clothes—by Diamond Dyes! And they will tell you they have never had better looking ones. Diamond Dyes give a depth and richness of color you expect only in new materials. This is because Diamond Dyes actually contain a greater amount of the finest aniline coloring matter. That's why they go on so evenly. No streaks, no dullness, no off-casts. All *live, new* color! For permanent dark colors *by boiling*, use only Diamond Dyes. For light, dainty shades *without boiling*, use the lovely new Diamond Tints. At all drug stores. 15c.

DIAMOND DYES

C. N. R. steamer Prince John, Capt. Edward Mabbs, bringing passengers, mail and general freight cargo, arrived in port at 2 o'clock this morning from Vancouver via the Queen Charlotte Islands and will be here until 10 o'clock tomorrow night when she will sail on her return south over the same route.

Local radio listeners were able to hear quite clearly Tuesday night from stations CRCV of Vancouver and CFCN of Calgary proceedings of the convention of the Dominion Command of the Canadian Legion at Ottawa. Among the speakers heard were Hon. Dr. R. J. Manion, minister of railways; Hon. Col. J. C Ralston, former minister of national defence; Major Roper, president of the Dominion Command, and Padre Lambert of the Amputations Association. It was a very interesting broadcast.

A CLEANER KITCHEN *and* A COSIER HOME *with* "SILENT GLOW"

Take a good look at these two pictures—the stove is the same in both, but what a difference in cleanliness and convenience! Which is the happier woman? A Silent Glow Oil Burner installed in your present range, heater or furnace saves labour and is positively clean, silent, free from smoke, soot and odor. It gives a *steady, even heat* which you can adjust or regulate by the turn of a valve. No labour, no watching and absolutely safe. Burns cheap fuel oil. Each burner is guaranteed in writing for five years. See the Silent Glow before you buy.

IT LIGHTS QUICKER—GIVES MORE HEAT—BURNS LESS OIL AND MORE AIR PER UNIT OF HEAT GENERATED.
