Women's Group Discusses Policy Matters With PM

Special To The Daily News

OTTAWA—A delegation from the Canadian Federation of Business and Professional Women's Clubs met with the prime minister recently to discuss resolutions from the organization for the federal government. Members of the delegation were, Mrs. Maude Baylay, National President, Miss Isabel Menzies, First Vice-President, Mrs. Florence Chinn, Honorary Secretary-Treasurer and Mrs. Margery Pewtress, International Relations Chairman.

Mr. Diefenbaker was congratulated on the action taken by his government in removing the discrimination againly newly married women workers, when section 161 of the Unemployment Insurance Regulations under the Unemployment Insurance Act was rescinded. This section had long been a matter of great concern to the Canadian Federation of Business and Professional Women's Clubs.

The delegation urged strongly for more women in policy making positions, women well qualified and ready to accept their responsibilities. More women in the senate is and has been a constant appeal from this organization, and while talking with the prime minister the appointment of women senators was stressed once more.

A further resolution from the Canadian Federation that Canada accept a seat on the Status of Women Commission at the United Nations is now an accomplished fact. Improving the status of women is one of the prime objectives of this organization nationally and they feel that Canada has a great opportunity to make a fine contribution to this commission at the international level.

TIME ON HIS HANDS — Outdoors man Charles Gunn was hard hit by polio but you can't keep a good man down. Charles is now studying watchmaking at Vancouver Vocational school with assistance of the Kinsmen's Child Card Care, Rehabilitation and Polio Fund.

Prince Rupert Kinsmen club is staging a Mothers' March next Saturday, February 1 as its contribution to the Child Car and Polio Fund which needs $275,000 to continue its varied program. The Prince Rupert quota is $3,000.

The money goes to help children who have been stricken with polio, helps finance their trips to the Western Rehabilitation Centre and pays for their rehabilitation. The money from the B. C. Kinsmen's fund also helps Mr. Gunn. He is turning his lifelong hobby into a means of independent self - support. Charles Gunn will spend the rest of his life in a wheelchair. As a polio victim, Mr. Gunn entered Vernon Memorial Hospital in September, 1953. In October 1953, he was transferred to Vancouver General Hospital and in February 1954, became an outpatient at Western Rehabilitation Centre. In May 1954 he enrolled as a student watchmaker at Vancouver Vocational School. Because Charles Gunn is a hard man to keep down, and because there is a Kinsmen Club's B. C. POLIO FUND to give him the help he must have, another polio patient is being restored as a useful, self-supporting member of the community. When, one day, you see the sign "Charles Gun, Watchmaker", depend on it his work will be the best — Chuck learned his business the hard way.
