WEDDED AT HAZELTON

Miss Marjorie Sutherland Becomes Bride of Richard Dilling

HAZELTON, April 5:—A very pretty and interesting wedding was solemnized in the United Church in Hazelton on Saturday, March 31, at 8:30 p.m., Rev. S. V. H. Redman officiating, when Marjorie, youngest daughter of Mr. and Mrs. D. Sutherland of Ashcroft became the bride of Richard Dilling, son of the late Mr. and Mrs. E. Dilling of Lloydminster, Sask.

Daffodils and Easter lilies embedded in banks of green formed the decoration for the occasion. The bride was becomingly attired in a suit of Meyerbeer brown, with hat and suede shoes en suite. A fur neckpiece of dark fisher completed her ensemble. Her only attendant was Miss Mary Sargent who wore a brown suit, with hat and shoes to match, and golden marten neckpiece. The bride and her attendant wore corsages of diadem tulips with maidenhair fern tied with white satin ribbon.

The groom was attended by George Hall.

The popular young couple have the best wishes of the entire community.

Varden Singers Offer Program

Eighty-Five Persons Enjoyed Entertainment Tuesday Night in St. Paul's Lutheran Church

The Varden Singers presented a very acceptable program Tuesday night in St. Paul's Lutheran Church before a gathering of about eighty-five persons.

Rev. P. M. Fosse occupied the chair and the program included selections by the choir, organ solos by Peter Lien, vocal quartets by Mrs. Karl Dybhavn, Mrs. Anderson, B. Peterson and Nels Gunderson, violin solos by Bert Cameron, vocal solos by Palmer Fosse, organ and piano duets by F. Ingebritsen and Peter Lien.

Before the proceedings were brought to a close refreshments were served by the ladies.

Secondary Ores Were Discussed

Resident Mining Engineer Conducts His Weekly Mining Class—Placer Gold Next Week

At his weekly lecture for prospectors and mining men last night in the City Hall Dr. Joseph T. Mandy, resident mining engineer, discussed the subject of secondary enrichment with particular reference to ore deposits in this district. Specimens were used to demonstrate minerals occurring in the mineralized ore bodies more especially in this area. There was a good attendance.

Next week Dr. Mandy's subject will be placer gold deposits illustrated by lantern slides. Three more lectures will bring an interesting and valuable season's course of classes to a close.

CHAMBER MEETING

Junior Chamber Body in Session—Community Hall and Handball Court on Agenda

Tom Barton discussed with the Junior Chamber of Commerce at its regular monthly meeting Tuesday night the possibility of a community hall, incorporating gymnasium features, being established n Prince Rupert. He told of his experiences in connection with such undertakings at Ocean Falls, Calgary and James Bay, Victoria, and expressed the opinion that, if they could be put over there, it should be possible to do the same here. He suggested as means of raising the necessary money house to house canvassing, holding of dances and selling of shares to the citizens in small denominations.

The chamber decided to have the executive go further into the matter with a view, if deemed feasible, to getting the project under way by fall.

N. L. Freeman, local representative of the International Fisheries Commission, had a communication before the chamber enclosing a letter from John A. Adams of the University of Missouri who sought information in regard to the economics of the fishing industry and its importance to Prince Rupert for incorporation in an article he is writing. G. P. Lyons was appointed chairman of a special committee to compile the desired data.

It was decided to put on a dance to raise funds for the proposed establishment of a new handball court.

President S. J. Jabour was in the chair and there was a good attendance of members.

City Commissioner W. J. Alder was the speaker at the regular weekly luncheon of the Prince Rupert Rotary Club today, giving an interesting talk on civic affairs.

NEWSPAPER IN STEWART

Rolston Expects to Resume Publishing by June of This Year

STEWART, April 5—The regular meeting of the Board of Trade recently spent a good deal of its time discussing plans for the establishment of a newspaper in Stewart. It was generally felt that a newspaper was a necessity for the community and district at large. H. W. M. Rolston, publisher of the Stewart News prior to the destruction of the plant by fire, went into committee with the Board and plans were evolved which it is hoped will result in the establishment of a publication here by June of this year. In the meantime the Board has adopted a resolution pledging itself to assist in the establishment in any way possible and a committee of the Board of Trade will work with Mr. Rolston to this end.

A letter was received from the radio department of the Vancouver Province advising the Board that the management of radio station C.R.C.V. had declined to allow time for a late evening broadcast although the Province was ready and willing to furnish this service. The matter is being taken up with the Canadian Radio Commission at Ottawa and will be vigorously pressed as the present news broadcasts cannot be received in the north during the summer months when daylight makes reception poor until after nine o'clock at night.
