Does Not Wish To See Parents

Young Jesse Livermore Holding His Own Although Not Out Of Danger

SANTA BARBARA, Cal., Dec. 5:—Fifteen year old Jesse Livermore jr., fighting for life after having been shot last Friday by his mother, Mrs. Dorothea Livermore in a drunken quarrel, was reported by physicians last night to be holding his own following a blood transfusion from a husky fisherman although not yet out of danger. Young Livermore, in a message from the hospital yesterday, sent word that he did not want to see either his mother or father for several days.

Seattle Stores To Close Early

SEATTLE, Dec. 5:—None of Seattle's large downtown stores will stay open after 6 p.m. during the Christmas shopping season, it was announced yesterday by the Retail Merchants' Bureau, it being felt that there is plenty of time for shopping without the stores having to stay open evenings.

Massett's Oldest Resident Passes

Mrs. Annie McIntosh Dies At Age Of Eighty Years—Many Attended Funeral

MASSETT, Dec. 5:—In the recent death of Mrs. Annie McIntosh at the age of eighty years, Massett lost its oldest citizen.

"Mrs. Mac," as she was affectionately known to every person in Massett, came to the village about nine years ago with her brother who died in 1929. Prior to coming to Massett she had lived in the Lilloet district for some thirty-five years.

An impressive funeral service was held in St. Paul's Church by Rev. A. Abraham, practically every resident of town and many outside people being in attendance. A large number followed the cortege to the final resting place. Pallbearers were W. S. Singer, Carl Kirmis, E. R. Walter, Jesse Bridden, Charles Smith and H. Bradley.

SPORT

Greenville Hoop Team on Visit To River Mouth

KINCOLITH, Dec. 5:—The Greenville Athletic Club's basketball team paid a visit to Kincolith village at the mouth of the Naas River the latter part of last week, the feature event of the visit being a basketball game which Sons of Kincolith won over the visitors from upriver by a score of 43 to 27. The principal social event was a social and dance by the Juvenile Athletic Aid in the Jubilee Hall, this event drawing a large crowd. Splendid music was rendered for dancing by the Greenville Orchestra.

The basketball game was a clean well-contested affair, the individual scoring being as follows:

Kincolith—Peter Stewart (10), Chris Trimble (10), Herbert Haldane (16), Herbert Doolan (7).

Greenville— Chris Calder (1) Teddy Venn (6), Albert Moore (9), William Bright (5), Anthony Calder (3), Frank Russ (3).

Walter Calder of Greenville was referee and Charles McNeil of Kincolith, umpire.

Calgary Defeats Seattle and Is In Third Place

SEATTLE, Dec. 5: (CP)—Calgary scored a four to two victory over Seattle here last night in a Northwestern Hockey League fixture and, as a result, displaced the Sea Hawks from third place in the league standing.

Basketball Off To Good Start At Terrace Town

TERRACE, Dec. 5:—The basketball teams got off to a good start Saturday night in the Canadian Legion Hall which had been reconditioned and the big room cleared of any fixings which might interrupt the games. If present appearances are sure indication, there will be some good matches this winter to please the fans.

Methodists Are Chosen to Play Rose Bowl Game

PALO ALTO, Cal., Dec. 5:—Southern Methodist of Texas has been chosen to play Stanford in the annual Pasadena Rose Bowl football classic on New Year's Day. The Mustangs have won eleven straight games and will probably be the favorites. Rose Bowl officials are making preparations to handle a capacity crowd.

SESSION ON FISHERIES

(Continued from page one)

the largest fish taken being nine hundred pounds in the Atlantic. The male fish seldom exceeded forty pounds although a few were taken about twice that size.

Of the many millions of eggs laid each year only a very small number survived and each year saw a very large decrease in the numbers.

On the southern banks there were not enough fish reached the twelve-year spawning period to provide eggs to keep up the supply. When their work commenced scarcely any were found but they were increasing in number slowly and as time advanced he saw the increase becoming steadily greater.

The commission was presided over by J. P. Babcock, the permanent chairman, with Dr. W. A. Found, the other Canadian commissioner, and F. T. Bell and Edward W. Allen, the American commissioners, also in attendance.

In reply to a question by George Anderson, agent of the local Deep Sea Fishermen's Union, Dr. Thompson expressed the belief that movement of halibut from Area No. 3 in to Area No. 2 was of very small percentage.

Capt. George Fritz also asked a number of questions on behalf of the boat owners.

Value and Interest

Before the closing of the meeting, Dr. W. A. Found, deputy minister of fisheries for Canada, expressed the hope that it had proven of value and interest to all. The commission had believed it important that Dr. Thompson should have the opportunity to present to those actively engaged in the fishery the results of scientific investigations. The commission, in turn, was always open to receive the views of the operators and study them. The Commission was not unmindful of the economic difficulties which faced the fishermen. Unfortunately, this state of affairs was all too general. However, it was not fair to the future to permit the industry to become exhausted. If proper methods of conservation were followed not only could the permanent continuation of the annual crop be ensured but it could even be increased. This had already been demonstrated.

At Dr. Found's suggestion, the public hearing rose during the noon hour. This afternoon at the Prince Rupert Fisheries Experimental Station the commission is going into session with the executives of the halibut boat owners' association and the fishermen's union to further consider the fishery, more particularly, it is expected, in its economic phases.

The policy of the commission, said Dr. J. P. Babcock, the chairman, in closing the meeting, was to be governed by established facts.

The Letter Box

A PROTEST

Editor, Daily News:—

I was considerably surprised and annoyed when listening in on the radio last evening to J. W. Nicholls' address in welcoming the Fisheries Commission at the Commodore Cafe. His attempted facetiousness in reference to the League of Nations was, in my opinion and in the opinion I think of most of those present and those who heard him over the radio, stupid and in very bad taste, especially at the present juncture and in view of the fact of the presence of the American commissioners.

It would seem to me that any attempt to belittle the efforts of the League of Nations in the present situation must be deprecated by any intelligent and peace loving citizen.

Strength in Rails Feature of Mart

General Upward Movement in Yesterday's Trading in New York

NEW YORK, Dec. 5:—Strength in rails featured a general upward movement in yesterday's trading on the New York Stock Exchange which was somewhat halted late in the day by profit-taking. More than 3,000,000 shares changed hands and closing averages were: industrials, 144.04, up .46; rails, 41.75, up 1.29; utilities, 29.11, up .19, and bonds, 97.76, up .10.

LOG SCALE FALLS OFF

Production This November Lower Than Last Although Year Is Holding Up

There was a sharp falling off in sawlog production in Prince Rupert forestry district during the month of November, the total being only 8,967,822 board feet as compared with 21,121,766 board feet in the same month last year. The scale for the present year to date is 130,527,786 board feet as compared with 131,488,012 board feet in the first eleven months of 1934. There is so little difference between the production so far this year and that of 1933 at a corresponding date that the output this month will probably determine which year will have the largest forest production.

The scale per species this November was as follows, figures for 1934 being also shown for comparison:

	1935 B.F.	1934 B.F.
Fir		5,159
Spruce	4,473,469	10,969,538
Cedar	1,383,078	2,736,151
Hemlock	2,444,814	4,915,982
Balsam	866,101	2,148,135
Jackpine		344,783
Miscellaneous	360	2,018
Totals	8,967,822	21,121,766

Forest Products

Lineal feet of poles and piling recorded in the interior this November totalled 422,413—all in cedar—as compared with 85,865—also all in cedar—in November last year. Cords of wood aggregating 467 were taken out this November as against seventy-five last November. No ties were counted this November whereas a year ago 467 were counted.

DINNER OF SPORTSMEN

Game Banquet Last Night in Knox Hotel Proved Affair of Outstanding Enjoyment

Highly successful and enjoyable was the sportsmen's banquet held last night in the Knox Hotel by the Prince Rupert Rod & Gun Club, no less than seventy guests taxing the capacity of the place to the limit.

Don Crerar, president of the Rod & Gun Club, was in the chair during the latter part of the evening, F. A. MacCallum presiding before he arrived.

After full justice had been done to a splendid game dinner, the wherewithal which was provided by Capt. Paul Armour and party who visited Skidegate Inlet a few days ago, there was a program of music and speeches.

The speakers were C. H. Orme, Sergeant G. H. Greenwood, R. L. McIntosh, C. E. Phillipson, Olof Hanson M. P. and W. A. Found of Ottawa. The singers were J. A. Teng and J. S. Wilson with C. P. Balagno accompanying.

Moving pictures of hunting and fishing scenes, both in this district, and farther afield were shown by H. F. McLeod and William Cruickshank and proved of much interest.

Opening at 8 p.m., the banquet continued until after midnight.
