DROWNING WOMEN AND CHILDREN SHELLED

AUSTRIANS SINK UNARMED STEAMER — ALLIED SUCCESSES EAST AND WEST

HUN BRUTALITY AGAIN SHOWN BY THE AUSTRIANS

Drowning Women and Children are Fired upon and Lifeboats Shelled—Many Ships are Sunk.

(Special to The Daily News.)

London, August 4.—The Austrians have torpedoed the unarmed Italian mail steamer Letimbo, in the Mediterranean. The enemy shelled the steamer's lifeboats and also fired upon the drowning and helpless passengers, amongst whom were women and children.

Many Steamers Sunk.

During the past thirty-six hours, the Germans have sunk two British vessels and several trawlers, besides five Swedish ships and one Norwegian vessel, off the Danish coast.

Americans Black-listed.

Melbourne, Australia, Aug. 4.—The government of the Australian Commonwealth has issued a black-list prohibiting the carrying on of trade with certain American firms.

OMINECA NOMINATIONS

The following gentlemen signed the nomination papers of Alex. M. Manson as Liberal candidate in Omineca in the forthcoming election: L. L. DeVoin, Lake Kathlyn; Charles Barrett, Barrett Lake; G. C. Killam, Smithers; Rev. W. C. Franks, Smithers; James Richmond, New Hazelton, and J. C. K. Sealy, Hazelton. The Conservative candidate is Frank G. Dockrill.

TRIUMPH FOR SCIENCE

The Surgeon-General of the British army, Sir A. Keogh, said recently that in the British army there were only twenty-two cases of typhoid, whereas, if they had gone along in the old way, there would probably have been from 80,000 to 100,000. This is certainly a great triumph for medical science.—War Cry.

BRITISH GUNS PLAYED HAVOC WITH GERMANS

Germans Allowed to Approach the Lines and then Wiped out by Machine Guns—Italy Serves Notice.

(Special to The Daily News.)

London, August 4.—At De Ville wood last night the Germans sent four strong detachments of troops to attack the British lines. The British allowed them to approach to within close range before repelling them. The enemy losses were terrible, as they evidently thought that they were to catch the British unprepared. At one point the British caught a party of fifty Germans marching forward in mass formation. They turned a battery of machine guns on the enemy and completely wiped them out.

Italy Serves Notice.

Amsterdam, August 4.—Italy has formally notified Germany of the termination of the German-Italian commercial treaty of 1891, which in the ordinary course should not have expired until next year. It is understood that the existence of this treaty has prevented Italy from declaring war upon Germany and it is believed that this notice is an intimation of Italy's intention to do so now.

THREE GALLANT SOLDIERS OF YPRES

The Daily News has received a photograph of three of Prince Rupert's first contingent, taken at the Military Convalescent Hospital at Esquimalt. The boys are Jack Bradbury, Jack Frost and Edward Conlan. All three look remarkably well, though all are still suffering from the effects of what they have gone through at the front. Jack Bradbury was wounded at Festubert, and Jack Frost and Ed. Conlan at Ploegsteete, known to the Tommies as "Plug-street." All three were privates in the 16th Canadian Scottish, which regiment performed most distinguished service at Ypres in holding on doggedly to an ill-protected part of the line in face of fearful odds.

NOMINATIONS

At the Government offices at 1 o'clock yesterday, the returning officer, M. M. Stephens, announced the nominees and formally called for a poll on September 14th. They were:

T. D. Pattullo, proposed by W. T. Kergin, seconded by Fred. Stork, and assented to by P. W. Anderson, Martin O'Reilly, Fred. G. Dawson, George R. Naden, W. E. Williams and John R. Morgan.

William Manson, proposed by D. McCorkindale, seconded by J. H. Thompson, and assented to by C. H. Orme, Walter McLeod and A. W. Edge.

STRIKING ILLUSTRATION OF GERMAN METHODS

This beautiful old church in Flanders was deliberately destroyed by the Huns for no military purpose. It is a good illustration of the spirit which fills the Germans.

CASEMENT MET DEATH QUITE UNCONCERNED

(Special to The Daily News.)

London, August 4.— Sir Roger Casement courageously paid the final sacrifice yesterday morning, walking to the scaffold apparently unconcerned. He was declared dead at nine minutes past nine and the body was buried in quick lime in the yard of Pentonville prison.

The government today published a statement that it possesses conclusive evidence of an agreement which existed between Casement and the German government regarding the employment of Irish soldiers in a proposed attack upon Egypt.

IMPRESSIVE SERVICE

At eight o'clock this morning, a war anniversary service was held in the Methodist Church, Rev. J. R. Dimmick, Bishop Du Vernet, Rev. W. W. Wright, Rev. H. R. Grant, Rev. W. S. A. Larter and Captain Cooper, of the Salvation Army, taking part.

A short address was delivered by Rev. W. W. Wright, in which he earnestly called upon the people to "be worthy of the victory which God hath promised to those who trust in Him." It was a discourse eminently fitted to the occasion and was splendidly delivered. Appropriate hymns were sung; Bishop Du Vernet read the lesson from the 124th Psalm and the others taking part in prayer. A very impressive service closed with the singing of "God Bless Our Native Land" and the National Anthem, after which Bishop Du Vernet pronounced the benediction.

GASKILL WITHDRAWN IN PRINCE GEORGE

Prince George, August 3.—The following nominations in the forthcoming provincial election were filed today: John McInnes, Socialist; Hon. W. R. Ross, Conservative, and W. G. Gillett, Independent Progressive.

The district Liberal executive passed a resolution stating that the withdrawal of its candidate, C. A. Gaskill, was to make more certain the defeat of W. R. Ross, and that no candidate had the right to pose as being representative of the Liberals in this riding. This action was taken in order to counteract rumors that W. G. Gillett was being endorsed by the Liberals, the great majority of whom seem to be strongly opposed to him and in favor of John McInnes. There is every indication that John McInnes will be elected by a comfortable majority.

PARALYSIS CENTERED ON MANHATTAN ISLAND

(Special to The Daily News.)

New York, Aukust 4.—The epidemic of infantile paralysis which has played havoc here for the past few weeks, has now been centred on Manhattan Island. Forty-three more deaths have occurred and there were two hundred and seventeen new cases reported yesterday.

BASEBALL

The Colts and C. C.'s played a tied game last night, the score being 7 runs each in the seventh innings, when play was stopped owing to darkness. It was a real good game, in which there was some very fine hitting, the chief item being a home run by Babe Fortin, the C. C.'s pitcher getting one over the rock pile. The C. C.'s got three runs in the first innings and another in the second, the Colts coming away with two in the third. From that point it was a neck and neck race. The game will be decided shortly.

ONTARIO FOREST FIRES SUBDUED

(Special to The Daily News.)

Cobalt, Ont., August 4.—The forest fires, which have been raging in this region for the past few days, have now been subdued. The estimated number of deaths is four hundred and twenty-five. Citizens are now returning to rebuild their homes and the provincial government promises to render assistance in the reconstruction.

JAPANESE NAVAL OFFICIALS ARRIVE

Four prominent naval officers arrived from the south this morning and made an inspection of the drydock this forenoon, accompanied by J. H. Pillsbury and Mayor McCaffery. This is the second occasion on which Japanese officials have gone over the plant and there is little doubt that ultimately good will result from the visits.

SUBMARINES WERE TRIED CENTURIES AGO

According to researches which have been made by a French professor, it would appear that submarines have almost as hoary a past as aeroplanes, which, as is well known, involved ideas which are centuries old. It appears that submarines were built as early as the beginning of the seventeenth century. The origin of the invention is older still. Aristotle tells how Alexander the Great made use of submarines during the siege of Tyre more than 300 years before Christ.

A Dutchman named Cornelius Van Drebble astounded London in 1620 with a submarine that held twelve oarsmen and some passengers, among whom was King James I.

Previous to this, in 1534, a monk suggested the idea that a ship be constructed of metal so as to be watertight and able to resist the pressure of water. A submarine was constructed according to the monk's idea, and was shown to be practicable to a certain degree.

In 1537 a ship with twenty cannon, eighty sailors, and many bags of money on board blew up and sank in the port of Dieppe. Three years later a Frenchman, Jean Barrie, called Pradine, built, according to the monk's ideas, a submarine with which he promised to rescue the bags of gold and silver from the wreck, and possibly some pieces of artillery.

The great Pascal, than a little boy, was an eyewitness to the experiments of Pradine, which were carried on till 1650 with ultimate success.—Exchange.

TURKS ROUTED BY RUSSIANS IN CAUCASUS

Impetuous Bayonet Charge Leads to Many Captures—Fierce Fighting on Stokhod River.

(Special to The Daily News.)

Petrograd, Aug. 4.—Desperate fighting is proceeding along the Stokhod river and Colonel Goronoff and Chaplain Castorski have been wounded. The spirit which fills the Russian troops is exemplified by the fact that this brave chaplain was in the forefront of the fighting.

Caucasus Charge.

On the Caucasus front, following an impetuous bayonet charge, the Russians captured seven Turkish officers and three hundred regulars. At another point one whole company surrendered, while prisoners continue to flow in steadily.

Italian Gains.

Rome, August 4.—In the Travenanzes valley, the Italians have made a substantial advancement, notwithstanding a fierce resistance on the part of the Austrians.

In the Adige valley heavy artillery fighting and aircraft bombardments are raging.

DAILY EDITION Friday, August 4, 1916.

AUGUST 4TH

Today, the second anniversary of the beginning of the war finds the Allies still struggling to conquer the Prussian militarism which has sought to dominate Europe. Since a year age, many homes have been saddened; many children rendered fatherless, and many more widows have been created Yet, those who have suffered most have still the strongest determination that the sacrifice made shall not have been made in vain, but that the Hun shall be routed and liberty and justice established in the world.

Every day of the past year has shown more clearly the kind of thing which is to be vanquished. The invasion of Belgium, with its indescribable horrors, was the first intimation received of the kind of beast which had broken loose, and the murder of Nurse Cavell and, more recently, of Captain Fryatt, gives further evidence, if that were necessary, the absence of any really human quality in the Prussian war lord.

This is no time for celebration, but for the renewal of that solemn vow taken one year ago by British people everywhere. There is nothing in it of the "hymn of hate" nature, but the making of a sworn declaration that this Prussian evil which has eaten into the very heart of the German Empire shall be ousted. It is something purely spiritual. The actual fighting is merely the physical demonstration of the spirit which imbues the belligerents. On the one hand, we have a mighty people, who have proven themselves masters in many arts and crafts, swayed by an evil power which has grown up in their midst, almost unconsciously, and, on the other, we have a combination of neighbors determined to throttle that evil since it has burst the bounds of Germany and has spread into the neighboring regions.

Before this Prussian devil, nothing is sacred. Women, young and old, and children are its food; the church is its most sought-for target, and its general policy is "frightfulness." It knows no law and therefore respects not the law of others.

It is the duty of every citizen to be at the Westholme Theatre tomorrow evening to renew their solemn pledge to carry the struggle out to the end, until the people of Germany have been awakened from the horrible nightmare through which they have been struggling blindfold for the past two years.

NOTES AND COMMENTS

The hand of fate was clearly apparent on the front page of the Journal this morning, where Wm. Manson's picture was surrounded by a heavy black border. It was a most appropriate setting.

* * *

The Journal knows perfectly well that "the gang" referred to in the News yesterday is a class of "heelers" for whom the genuine workingman has not the slightest respect.

* * *

The Liberals of Prince George are to be congratulated upon their sound sense. They have shown that they realize that the important matter in this province is that every member of this corrupt government be sent out into the wilderness. John McInnes will be elected and he will be a very useful representative of the people's interests.

* * *

Th fight in Prince Rupert lies between T. D. Pattullo and Hon. William Manson. There is no doubt in the mind of anyone but an unthiuking Tory, but that T. D. Pattullo will be returned by an overwhelming majority. What Manson represents will be defeated just as surely as tomorrow's sun will rise.

* * *

The Deutschland seems to have been allowed to get out to sea without anything happening. Her speed is much slower than that of the cruisers and there is little doubt that they will take her soon.

* * *

The Hudson's Bay Company, under its old charter rights, will fight the provincial governments on the prohibition issue. It seems ridiculous at this time of day that one company should have privileges which are not extended to all, even if some ancient prince did give them a charter.

* * *

The International Nickel Company are to refine that metal in Canada. When will Canada's copper be all refined within the Dominion? This should be the next step.

* * *

Sir Roger Casement doubtless believed that he died a martyr in a just cause. Such is the human mind, with kinks in it.

* * *

Reports from Ottawa state that there is more than a possibility of a Federal election this fall, just after the new Governor-General arrives. Let them all come.

VANDERHOOF BOY DROWNED NEAR QUESNEL

A distressing tragedy happened last Saturday at Blackwater river near the Quesnel wagon road, whereby Roy Austin lost his life in the swift rapids. It appears that the unfortunate young man was fishing, and had clambered on a rock overhanging the river when his foothold slipped, and he was immediately borne downstream into the swirling waters of the canyon. He was soon lost to view, and the body has not yet been recovered. The only eye witness of the tragedy was a companion who was powerless to render any aid. The young man only came to Vanderhoof about two months ago from the prairies, and along with his father, mother and brother, had located at Noolki lake. His cheery and bright disposition made him lots of friends in town, and the deepest sympathy is extended to his relatives in their tragic bereavement.—Vanderhoof Herald.

2,000,000 Belgians Depend on us for Bread!

Since shortly after the German invasion, the Belgians have depended for food entirely on the "Commission for Relief in Belgium". Their own store of food, even if not destroyed or pillaged, would last only three weeks—they have had no chance to raise more—and the ruthless Germans refuse to supply them!

Backed by the

Belgian Relief Fund

so generously contributed in the British Empire and the United States, the neutral Belgian Relief Commission has imported enough wheat, flour and other foods to feed the whole nation so far. The great majority of the 7,000,000 Belgians left in the country have been able to pay for their daily allowance of bread—but a steadily growing number have no money left.

Unless we are willing to let these hundreds of thousands of women, children and old men starve, they must be fed at the expense of the Belgian Relief Fund. To make this possible someone must contribute nearly $3,000,000 a month—every month—all this winter!

No people under the Allied Flags are as well able to contribute generously as we Canadians! No cause has ever been more deserving of help! In the name of Justice and Humanity—for the sake of our own self-respect—let us give all we can to help our martyred Allies!

Three Mighty Forces Close Linked

Have you ever noted how an audience yawns in the face of an uninspired speaker?

On the other hand, have you noted how an audience will lean forward and grasp the chair arms when the speaker reveals enthusiasm?

Enthusiasm is the buoyant expression of truth. To impart belief in anything, a man must believe it deeply himself. We call such a man an enthusiast.

This applies to the written word also---particularly to advertisements. When the manufacturer really believes in his wares, his enthusiasm will almost inevitably find expression in Advertising. And enthusiasm will be contagious—his audience—the readers of the newspaper—will, figuratively speaking, "lean forward and listen intently."

To be convincing an advertisement must convey an unmistakable impression of enthusiasm. This it will only do when the article advertised has inherent worth.

Thus we have:

Sincerity -- Enthusiasm -- Advertising:
Three mighty forces, close-linked.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. ¶ If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

Production and Thrift

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—*SIR THOMAS WHITE, Minister of Finance.*

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? $20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of $500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.

"THE OLD HOMESTEAD" AT MAJESTIC THEATRE

Denman Thompson's immortal masterpiece, "The Old Homestead," is the feature at the Majestic tonight and tomorrow. This famous play, with its quaint and lovable characters was staged by a company of players in this city over a year ago and all who saw it then will not miss seeing this great Famous Players film production and others should not. The pictures were actually taken at the old Thompson homestead in New Hampshire and the atmosphere and setting of the original play are faithfully brought out. This rustic play has been immensely popular for three decades and is just as refreshing and entertaining as when first produced. Cy Perkins, Rickety Ann and all the old familiar characters are there to the life. Frank Losee, one of the finest of America's character actors, plays the part of Josh Whitcomb. There are other good pictures and delightful music.

CHILDREN'S PRAYER

Sailor, Sailor on the deep
Guarding me while I'm asleep,
Don't forget the children pray
For your safety every day.

Flying man high up in air—
Thank you for your watchful care
Shielding me, remember too
That my little prayers shield you.

Soldier, out to fight and die
That no danger may come nigh,
Here another Army stands,
The little Army of joined hands.

The above is the prayer of the little children of Britain today.
