CHEAPER MONEY

The floating of the big bond issue in London by the British Government recorded in this paper, is an indication that money is cheaper and that this may be a good time to float a Dominion loan to refinance some of the Canadian securities at lower interest rates. It might also soon be opportune for British Columbia to spring its refunding loan, especially if the outcome of the conference of premiers results in British Columbia's claim to better treatment being recognized.

HOW TO KEEP THE PEACE

Anyone who studies history can plainly see that no nation can afford to neglect its defences. When Great Britain decided to lead the way in reducing her navy, it was construed as a sign of decadence and, now that she has been taught her lesson, she is about to bring it up to strength once more.

It is all very well for us to say that in this country we have no need of defences. As a matter of fact we have taken refuge under the Monroe Doctrine of the United States and under the shadow of the British Navy. If it had not been that the two largest navies in the world were looking after us we should have been gobbled up years ago by some nation in need of territory for colonial expansion.

Canada has been following a dog in the manger policy. We have been preventing the settling of the country by Orientals and Southern Europeans while making no effort to fill up the vacant lands with British people or those of Nordic blood. These vacant lands will be a great temptation to other countries until they are occupied. The best defence we can make against possible invasion is to settle our farm lands with a good type of people. Possibly this is where the Hornby plan may prove helpful.

FISHERIES COMMISSION HERE

Dr. W. A. Found, deputy minister of fisheries, Ottawa, arrived in the city on last night's train in the course of his annual western inspection tour. He is accompanied by other members of the International Fisheries Commission—Dr. J. P. Babcock of Vancouver, former deputy commissioner of fisheries for British Columbia; F. T. Bell, commissioner of fisheries for Alaska, and Edward W. Allen of Seattle, who arrived this morning on the Prince George from the south, accompanied by Dr. W. F. Thompson, director of investigations for the Commission. The party will return to Vancouver tomorrow night.

Mrs. W. Blitch, whose husband is in the service of the Canadian National Telegraphs here, returned to the city from Vancouver on the Prince George this morning.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c.

VISITING ISLAND MINE

Mr. Smith, who is prominently identified with a new development program which is being carried out on the famous Southeaster mine at Skidegate, came north from Vancouver to Queen Charlotte City on the present trip of the Prince John to pay a visit to the property.

James Martin, well known Massett merchant, who has been on a trip to Vancouver, arrived in the city this morning from the south and will proceed Friday night aboard the Prince John to his home on the Queen Charlotte Islands.
