CRERAR GOES TO MEET MACKENZIE KING FOLLOWING CAUCUS

Progressives Expected Join Mackenzie King Forming Government

SASKATOON, Dec. 21.—The Progressive caucus here ended Sunday without a statement of any kind for publication. A. T. Crerar, leader of the group, is going to Ottawa to confer with Hon. W. L. Mackenzie King, who it is understood has offered Mr. Crerar any cabinet position he may choose except minister of finance if he will join the administration.

The members of the caucus deny any serious difference of opinion in the caucus regarding the future policy of the group. Mr. Crerar expressed satisfaction with the outcome.

Students of the political situation forecast that the Progressives will agree to support Mackenzie King and share the responsibilities of government if certain pledges are forthcoming from the Liberals.

OTTAWA, Dec. 21.—The reason given for Mackenzie King excluding the portfolio of finance in his offer to Mr. Crerar is said to be because it is already pledged to Mr. Fielding.

The general opinion expressed here is that the Progressives will agree to join the Liberal cabinet, but they will probably want more seats in the cabinet and definite pledges in regard to the tariff on agricultural implements and machinery and other articles which particularly affect the farmers. There is a possibility that the Progressives are taken in several Liberals who were expected cabinet portfolios will have to be left out, and this will cause some dissatisfaction in the Liberal ranks.

Drury Refuses Cabinet Position.

TORONTO, Dec. 21.—Following the United Farmers' caucus, Premier Drury told his followers definitely that he had decided to decline the offer of Mackenzie King to join the King government.

The necessity of waiting for Crerar and Hudson to visit Ottawa from the west probably means that the King cabinet will not be announced until next week.

SASKATOON, Dec. 21.—The conviction seems to be firmly fixed in the minds of the majority of the Progressives who attended the meeting of the caucus of members-elect to Parliament here yesterday that a working alliance with the Liberals for the purposes of government was not beyond the statesmanship of the two party leaders. Crerar goes to Ottawa to confer with Mackenzie King at the week-end.

BOOTH TRIP UNDER G. T. P.

J. H. Newey, chief steward on the Prince Rupert, who arrived from the south today, says this will be his five-hundredth trip in the service of the company. He has been in the service of the company over ten years and is well and favorably known to all who travel on the steamers.

PROMINENT CLERGYMAN AND EDUCATIONIST IS DEAD AT TORONTO

TORONTO, Dec. 21.—Professor James Ballantyne, of Knox College, is dead aged 64. He was a prominent clergyman and educationist and was moderator of the recent Presbyterian General Synod. His death was sudden.

LAKE SHIPS ARE ASHORE

Nineteen Resting on Sand Far Near Buffalo Following Big Gale.

BUFFALO, Dec. 21.—Nineteen big lake vessels are ashore here as a result of a big gale. With water in the outer harbor more than a foot below normal virtually no progress has been made in releasing them. They are resting on sand bars and in the mud as a result of Sunday's storm and the subsequent fall in the level of the lake.

WAGES DISPUTE

VANCOUVER, Dec. 21.—The Trades and Labor Council has pledged itself to petition the provincial and civic governments for a decrease in fares on the street cars if the British Columbia Electric Railway enforces the recent award of the conciliation board granting the company a decrease of ten per cent. in employees' wages. The men vote on the award on Thursday.

SHAREHOLDERS OF GRAND TRUNK ARE APPEALING CASE

LONDON, Dec. 21.—In the judicial committee of the Privy Council the petition of the Grand Trunk Railway shareholders was granted. The petition asks for an appeal to the Privy Council from the award of the arbitration board which fixed the price of the G. T. P. property.

NEW PICTURES OF PRINCESS MARY AND HER FIANCE

The accompanying photographs of Princess Mary and her fiance, Viscount Lascelles, just received from England, are the first to reach this country since the announcement on November 22 of the engagement of the only daughter of King George and Queen Mary to the heir of the Earl of Harewood.

Princess Mary was "snapped" in her happiest mood while visiting a nurses' home in Brighton a few days after the formal announcement of her engagement to a typical son of Britain was greeted with enthusiasm throughout the Empire.

The camera caught Lord Lascelles while engaged in one of his favorite pastime—attending a race meeting. The occasion was a point to point race at Bramham Park, in which some of the best riders among English gentlemen participated. He is a keen sportsman, owns a string of race horses and is an acknowledged authority on the turf.

Lord Lascelles is a member of one of the wealthiest English families. During the war he was one of the bravest soldiers, was wounded three times and once gassed. He is no stranger to America, having visited here and also in Canada frequently. In addition to being heir to an earldom, he has a large fortune in his own right.

Capt. George Selig Shot and Killed for Bear by Companion when Hunting

Captain George Selig, brother of the late William Selig, who met with a tragic death at Cow Bay over a year ago when he was run down and killed by a train, is dead as a result of a no less tragic occurrence two or three days ago on the west coast of the Queen Charlotte Islands, when he was mistaken for a bear and shot and killed by a fellow hunter, E. Lockwood. The launch Eagle, of which Captain Selig was the owner and skipper, arrived in port this morning at 2:30 o'clock with the sad news and the dead man. An inquest is called for 2:30 this afternoon by Coroner J. H. McMullin.

The Eagle and her crew left here a few days ago for the halibut banks, but finding the weather too rough off the Queen Charlottes, Captain Selig and Lockwood, who is about 23 years of age, decided to go ashore to hunt. They agreed to separate and left in different directions. Not long after, according to Lockwood's story, he saw something go over a deadfall. Thinking it was a bear he shot and immediately heard a yell. Proceeding immediately to the scene he found that he had shot the captain. He gave an alarm shot for those who had been left on the boat and they arrived shortly after. They took the wounded man to the beach but he expired shortly after. He had been shot through the shoulder and lung. Immediately setting out for Prince Rupert they reached here early this morning.

Captain Selig was one of the best known figures on the local waterfront. He was a fisherman of long experience and before sailing on the Eagle he had been skipper of the Canadian Fish and Cold Storage Company's schooner Chief Skugaid. He was a native of Lunenburg, Nova Scotia, and was about 50 years of age. A widow and two sons, residing in in Seattle, survive. Captain Selig is an uncle of W. J. Selig, 516 Fifth Avenue East. The body is in the hands of the B. C. Undertakers.

Only recently Captain Selig rendered splendid service to the local fishing fleet when the storm caused a number to break away from the floats. He worked all night to get the boats back safely and was accorded much praise by the fishermen and others who benefited thereby.

Attacks Are Made On De Valera In The Dail Eireann

DUBLIN, Dec. 21.—Arthur Griffith yesterday accused de Valera in the Dail Eireann of withholding the terms of the cabinet's instructions to delegates in London and fooling the Irish people regarding what went on before the delegation met Lloyd George.

De Valera angrily denied secrecy and promised to publish the whole facts.

Delegate Milroy also attacked de Valera and said the president's proposed form of oath differed only in wording and not in effect from the form accepted by the Irish delegates.

De Valera promised him the acceptance of the treaty should be submitted to a vote of the Irish people.

Twenty speakers were still to come in the Dail yesterday before the vote could be taken.

DUBLIN, Dec. 21.—(Noon)—Arguing in Dail Eireann for the ratification of the Anglo-Irish agreement, George Gavan, one of the Irish plenipotentiaries, said Lloyd George had issued an ultimatum to the Irish plenipotentiaries requiring them to sign the treaty under the threat of immediate hostilities. The treaty, however, he thought should be ratified.

Eamonn Duggan, another of the plenipotentiaries, denied he had been bluffed into signing the treaty. He said he had signed it in calm seclusion and with due consideration of the country, the living and the dead. He warmly urged ratification.

George McIlmoyle returned to the city this morning after having spent some weeks visiting his old home in Victoria.

"Conceit only begets disaster."

CALCUTTA, Dec. 21.—Nearly 200 Khalifat volunteers were arrested here Tuesday. Cases against 263 persons were heard by the courts and all but seven of the prisoners were convicted.

FARRIS IS OUT OF GOVERNMENT

Resigned by Wire From Ottawa but Is Asked by Premier to Reconsider.

INTO PRIVATE PRACTICE

Oliver Suggests Matter Stand Until Has Personal Interview With Him.

VICTORIA, Dec. 21.—Premier Oliver today made the dramatic announcement that Hon. J. W. deB. Farris had resigned from the provincial cabinet. He stated that his action was [illegible] personal reasons. A telegram conveying the resignation to the Premier was received this morning and came like a bolt from the blue.

Premier Oliver stated this morning, following the announcement of the resignation, that he had replied to the Attorney General's wire requesting him to reconsider his position and in any event allow the matter to stand until his return and the Premier has had an opportunity of discussing the matter with him.

Mr. Farris has been at Ottawa for a short time taking part in a case in the Exchequer Court on behalf of the Government of British Columbia. He holds the dual position of Attorney General and Minister of Labor. He intimates his intention of taking up private practice.

Another Proposal to Take Skeena Eggs.

There is another proposal afoot to take salmon eggs from the Skeena River to help keep up the supply in the Fraser. Several million eggs or young fry have already been taken quietly to the south and nothing has been said except one little peep from The Daily News. The conference the other day at Vancouver made as one of its recommendations that this be done. The Skeena River is not specifically mentioned, but there are no other hatcheries in the north except those on the Skeena.

While the Skeena has been fairly well protected, the waters of the Fraser have not. There has been continuous trap fishing on Puget Sound and of the fish propagated on the Fraser. In order to get the river back to its former condition all they have to do is to stop fishing for a decade on both sides of the boundary line. If Skeena salmon eggs are sent there they will be destroyed just as the billions of their own propagation have been destroyed.

Until the fishery interests of the two countries get together, both on the Naas and the Fraser, there is no hope for a better condition, and even with co-operation it will take many years to bring the river back to anything like its former condition. It is a pity it should be so, but commercialized greed has triumphed and the fish have gone and there is no good reason why this district should be penalized to make up for the prodigality of the people of the south.

Do Not Delay Christmas Buying.

There are only three more days on which to do the Christmas buying. Most of the stores are open evenings, so there is no real excuse for leaving the Christmas shopping until Saturday night. It would be much better to do it Thursday or Friday. This suggestion is not only in the interest of the storekeeper. It is in the interest of the shopper. There are few people in town but will have some friends to whom they wish to give presents. To give what they like is the important thing, and in order to do that it is best to shop early.

Try to Please The Recipient.

While the giving of presents is pleasant to the giver as well as to the recipient, it will be doubly pleasurable to both if a wise choice of presents is made. If we know the friend we know what he or she will like. To give presents successfully it is necessary to study the tastes of our friends and see that they get such things as they would wish. A lot of useless presents are simply a nuisance around the house. As long as we always try to please the other person instead of pleasing ourselves by giving them the things we think they ought to have instead of the things they would like to have, we are likely to make the giving a success.

Little Old Man Will Take Holiday.

Sometimes we rather grudge our public men any little holiday they may take. We feel that their work is so important they should not stay away from it. If there is one man in the world who has earned a Christmas holiday it is David Lloyd George. The wonderful little Welshman is going away to his native hills to spend Christmas, and he has certainly earned all he gets. As public opinion has shifted the Premier has been in favor or out, according to the subject before the people at that particular time. While doubtless he has made mistakes, we must admit that most of the time he has been right, that he has handled the affairs of state wisely and that had it not been for him Britain might have been today a second Russia. Now the bad time is probably past, and it looks as if the little Welsh king would be able to leave the work for others to carry on.

It is hard to realize that Lloyd George is the same man who one day is cursed by the loyalist mob during the Boer war, then condemned to eternal perdition by the land-owners of Britain, then comes forward as one of the important leaders—if not the most important of all—in winning the war for the Allies; then he stems the tide of labor anarchy and is cursed by the labor men as a traitor and falsifier; next he comes under the bann of the Sinn Fein as the man who stands in the way of Irish separation, and today is again being cursed as a traitor by the Orangemen of Ulster. Through it all he passes with unruffled courage with a set purpose, that of serving his country to the best advantage. He has often had to change his ground, to change his viewpoint, to modify his opinions and possibly to do things which were objectionable, but he remains today the big man of the Empire, recognized even by his enemies as the greatest man of his age.

RESTORATION AND HEALING

Prominent Liberal at Capital Says Independents Will Join Government.

OTTAWA, Dec. 21.—Alexander Smith, K.C., Ottawa, drawing from his intimate knowledge of politics past and present, expresses the view that the legislation of the Liberal Government about to be formed will be supported by all real independents elected to the present Parliament.

He points out that in 1896 there were 213 seats, and at the opening of the first session there were, out of this total, 117 Liberals, 89 Conservatives, three Farmers, two Independents and two vacant seats. The Farmers and the Independents shortly allied themselves to the Liberals in support of the progressive measures introduced.

"The country needs the best that can be had," he continued, "and it needs it now. The sheer necessities of the conditions will set aside all group pledges and illegal recalls. The medicine of healing is needed to revive the body politic from the effect of the plague of the past ten years. This revising potency can be administered only by the united efforts of all who believe in Liberal principles. The support of all such is needed. That will be the bond of union that will control the new Parliament.

"We are in a new beginning, so let the dead past bury its dead, for Canada must be recovered and saved. The work of restoration and healing must begin now. It will not be difficult to remove any jarrings of the recent campaign and reconcile forces that are struggling for the same end. The task may be immense, but that is why its fulfilment is assured."

DOLLAR WHEAT THIS SEASON

Farmers of Manitoba Got Little More Than Half as Much as Last Year.

WINNIPEG, Dec. 21.—The numbers of farmers in Manitoba has increased 8,561 during the past five years, according to figures compiled today by George Batho, editor of agricultural publications for the provincial government. Farmers in the province numbered 46,624 in 1916 and today there are 55,185.

The average price received by farmers for wheat this year in Manitoba was $1; oats 33c; barley, 44c; potatoes, 45c per bushel. The price received in 1920 was: Wheat $1.83; oats, 56c; barley, 80c; potatoes $1.36.

Manitoba produced 48,142,000 bushels of wheat this year, with an average yield of 13.75 bushels per acre. Mr. Batho estimated. The number of bushels of oats produced was 60,112,000, average yield per acre 27 bushels; barley, 22,688,000; average 21.75.

Estimates Are Low.

In checking up estimates made in 1920, Mr. Batho produced evidence to show that Manitoba estimates are sound and not tabulated with the object of over estimating production in the province. Estimates of the wheat crop were 37,542,000 bushels; the inspection tickets at the grain exchange showed 34,643,750 bushels had been shipped from Manitoba in 1920. Approximately 4,000,000 were held for seed and 1,356,200 bushels for feed by the farmers of the province which brought the actual yield in Manitoba during 1920 up to 40,000,000.

Alberta Crop.

Figures received from Alberta by Mr. Batho show the following production in that province: Wheat, 5,038,290 acres; average per acre, 11.30 bushels; yield, 56,932,667; average price received by farmers, 60 cents, oats, acreage, 2,911,743; yield per acre, 31.65; yield, 92,156,665, average price received by farmers, 20 cents per bushel. The number of farmers in Alberta was estimated at 86,084. The value of grains produced in the province during 1921 was 879,488,966.

MADAME FAHEY HAS SUCCESSFUL SEASON

Nine Recitals Given in Massey Hall, Toronto, and Singing in States.

VICTORIA, Dec. 21.—News has been received in the city to the effect that Madame Macdonald Fahey, the popular Victoria soprano has been adding to her laurels on the concert platform of the East.

In the past ten months Mrs. Fahey has given nine recitals in Massey Hall, Toronto, and has appeared in two concerts with choirs. Besides these Toronto appearances the popular soprano has filled many out-of-town engagements and is now becoming as well known in Ontario as in in her own native province of British Columbia.

Her future engagements include the singing of the title role in "Aida," which is to be presented by the Elgar choir in oratorio form, with the Cleveland Symphony Orchestra, and she will also fill the same role when the oratorio is produced by a Toronto musical organization at Massey Hall early in January. Mrs. Fahey appeared in Hamilton a short time ago with Vasa Prihoda, the Bohemian violinist, and also gave a recital for the Brantford Women's Musical Club. She has been adding to her repertoire considerably with a number of Italian arias, to which end she has been studying Italian diction and operas with Signor Carboni.

A stitch in time saves embarrassment.

BRINGING UP FATHER

By George McManus

NEW WHARF AT ALICE ARM IS NEARLY BUILT

Contractor W. T. Muse and Diver D. Brennan Arrived Last Night for Holidays.

W. T. Muse, the local contractor who is building the new Dominion Government wharf at Alice Arm, and his diver, Captain Dave Brennan, returned last night on the Venture to spend the Christmas holidays in the city. Mr. Muse will return north on Sunday night by the same steamer.

In spite of adverse weather conditions, Mr. Muse reports that good progress has been made on the new wharf. The work has been of a difficult nature and blasting underwater has been necessary to get footings for the piles. The diver has been kept busy all the time and it has been harder to work during the recent cold snap for the arm is frozen over almost down to the Taylor Engineering Company's wharf which is 500 yards or so above the government wharf. However, there now remain only three more piles to drive and then will follow the laying of the decking, the putting in of the fender piles and the building of the warehouse. It will only take about ten days longer to complete the job.

STILLMAN CASE UP NEXT MONTH

Scene of Trial Will Be Changed Temporarily to Canada for Taking Evidence.

MONTREAL, Dec. 21.—The scene of legal activities in the Stillman divorce case, in which James A. Stillman seeks a divorce from his wife, Annie U., on the grounds of misconduct with Fred K. Beauvais, of Montreal, was shifted to Montreal with the arrival here of John Mack, guardian ad litem for Baby Guy Stillman, whose legitimacy is challenged by the plaintiff.

Mr. Mack will confer with Gonzalve Dessaulniers, K.C., who is acting for the attorneys for Mrs. Stillman and Baby Guy.

He brought with him copies of testimony adduced at the hearings in New York State, and will confer with Mr. Desaulniers on the evidence to be submitted before a Canadian Commission in Montreal, the formation of which was granted by the New York Court.

The Commission, which will open here on January 11, will be headed by a commissioner to be appointed from the local legal profession, it was decided by Justice Morschauser, who is hearing the case in New York. No names were submitted to the court, and the selection will rest entirely with the conducting judge. Evidence heard before the commission will be taken in the form of depositions, signed by the witnesses. This testimony will be forwarded to the court in New York later, where it will be introduced as testimony on behalf of the defendants. The referee of the court will decide then on the admissability of any part of the evidence.

The commission will be an "open" one, in legal phraseology, but it is expected that a ruling barring all but lawyers and witnesses will be asked for. The commissioner will have no judicial power; he will be there just to receive the evidence.

There will be several conferences in Canada prior to the opening of the commission, when evidence will be gone over and witnesses examined. The hearing in Montreal is expected to take considerable time, as some scores of witnesses will be examined.

AMONG the things that don't get you anywhere is wondering how deep the snow will be on Christmas Day.

ONE sweetly solemn thought
Came to me on Monday
I must buy my presents this week
For Christmas Day is Sunday.

* * *

THERE be those who think the world is all wrong, and there be those who don't give a tinker's damoer whether the old world is right or wrong.

* * *

AND then there is the kind of man who wants to make over the world in his own narrow little mould believing he is right and all the rest of the universe is wrong.

ONE of the things to worry over is what will happen to the music on New Year's day if any one should steal the drummer's traps.

HAVE you heard the latest, there is a revolution in Portugal. This is not the last revolution it is simply a new one.

ONCE upon a time there was a man who never lost his rubbers, but that was ages and ages ago.

* * *

THERE was a time when a woman did not mind being called old but that was before Adam and Eve happened.

* * *

THERE was a young man, he must have been very young, who asked the boss to reduce his salary. That was away back in the year 1950.

* * *

"NOT guilty" was the verdict at the murder trial when prisoner said the murdered man had done him a favor and then reminded him of it every day for five years. Defendant said he could not stand a sixth so he killed him.

WHAT we are all wondering this Christmas is whether our Christmas presents will suit our complexion or whether it will be necessary to change the latter.

Miss Eva Thompson, daughter of Mr. and Mrs. David Thomson, arrived today from Vancouver to spend the Christmas holidays at home. Miss Thomson is in the C. N. R. audit office at Vancouver.

Miss Olive Turner arrived today on the Prince Rupert from Vancouver. Miss Turner is on her way to Stewart where she will marry Dr. Bayfield, the physician and surgeon at the Premier Mine.

NEW HALL FOR ANYOX LEAGUE

Community Work Reports Received at Recent Meeting of Organization.

ANYOX, Dec. 21.—It is the intention of the community league here to erect a new building to house the various activities of the institution. The matter was taken up at the last meeting with H. S. Munro, general manager of the company. President R. Armour was in the chair and reports were received from the various departments.

Physical classes are to be started at an early date, basketball is in full swing and leagues being formed. The games are played on Wednesday, Thursday and Friday of each week.

A dancing class is being conducted which is proving popular, there being 32 pupils in attendance.

Reports were received of a big collection for a Christmas tree, the proceeds from which amounted to $192.15.

The Alice Arm Herald just to hand says: "It is the intention of the Anyox Community League to commence the construction of a new picture theatre at an early date in the spring. The theatre will be on the ground floor and will have a seating capacity for 500 people. The basement will be used as a swimming pool. An up-to-date heating plant will be installed so that the water in the swimming pool can be kept at a comfortable temperature at all seasons of the year."

PRODUCE STEEL IN INDIA CHEAP

LONDON, Dec. 21.—India will soon be able to produce the cheapest steel in the world, says an announcement by two British firms wrich have undertaken to organize the United Steel Corporation of India, Ltd. They propose to establish, as soon as possible, works on a large scale, near deposits of iron, coal and limestone.

Iron ore of high quality, fluxes of similar character and excellent coking coal occur close together in Bilhar and Orissa, the companies state, and the cost of these materials is much lower than has to be paid for them in other steel-producing countries.

The plant to be erected in India is designed to produce eventually 500,000 to 700,000 tons of pig iron, with steel works and rolling mills capable of producing 450,000 tons of finished steel a year.

CHANGE IN RULE OF ROAD.

The attention of the public is directed to the fact that the change in the rule of the road comes into effect on the 1st of January next. Under the new rule persons in charge of a vehicle, on meeting another vehicle, are required to turn to the right instead of the left, and in overtaking another vehicle, the vehicle so overtaken is required to turn to the right to permit the overtaking vehicle to pass. All subsisting licenses in respect to motor cars expire on the 31st instant, and applications for renewal must be made by the licensees on or before the 15th instant. Owners of motor cars are urged to make application at once for renewal of their licenses. Each applicant will be furnished with a sticker to be attached to the windshield of his motor car, giving warning that on and after 6 a.m. on Sunday the 1st day of January, 1922, he must keep to the right, and when overtaking any vehicle going in the same direction, to the left.

ANNUNCIATION TERM CLOSING

Splendid Concert Put in Gaily Decorated Catholic School—Christmas Tree.

The closing exercises and Christmas Tree took place yesterday afternoon at the Annunciation Catholic School. There was a splendid program of choruses, solos, recitations, dialogues and duets by the pupils. Following this Santa Claus arrived and distributed gifts, candy fruit, popcorn, nuts and other dainty things from the bountily laden tree. The hall was prettily decorated and presented a gay scene indeed. It was packed with parents and friends of the kiddies. Rev. Father McGrath presided and was in his usual good natured and genial mood.

The program was as follows:

Chorus, "All Hail to Merry Christmas," by the school.

Recitation, "Christmas Doings," by Mary O'Brien, Marjorie Warner, Muriel Adams and Elliene Roberge.

Piano solo by Edgar Couture.

Recitation, "Santa Claus and the Mouse," by Miss Gwen Palmer.

Song and drill, "Christmas Dollies," by the little ones.

Speech, "Fun," by John Comadino.

Piano duet by Miss Jean Stalker and Miss Virginia Riel.

Recitation in costume, "Playing Grandma," by Miss Margaret Van Cooten.

Song, "Helping Stana," by twelve little girls.

Recitation, "The Look Out Men," by Miss Rose Moran.

Minstrel Song by Masters Bartlett Wakefield, Milton Gillis, Vincent Meagher, Stanley Moersch, Cameron McKinnon and Alex Johnson.

Piano solo by Miss Evelyn Vickers.

Playlet, "The Day After Christmas," by Miss Lollie Lacoie and Masters Billy Featherstonhaugh and Richard Smith.

Reading, "Jimmie Brown's Sister's Wedding," by Edward Byrne.

Song, "Christmas Bells," by the Senior Girls.

Chorus, "'Tis Winter Time so Make Ready for Santa Claus," by the school.

UNEMPLOYED MEETING YESTERDAY AFTERNOON

Half Time for Single Men Decided to Be Insufficient—More Requests to City Council.

Sixty persons were present at the meeting of the unemployed which was held yesterday afternoon in the McIntyre Hall. A committee submitted the proposition of the city to provide five and one-half days per week relief work for married men irrespective of numbers in their families and three days and two and one-half days work for single men. The meeting considered the provision for single men insufficient, but refused to have the time for married men reduced.

After considerable discussion it as decided to take a list of the destitute present at the meeting. Half of those in attendance put their names on this list. The committee was instructed to ask the council that the men be paid in cash. The council will also be asked to provide three days a week for single men. It will be suggested to the council that all married men with two or more children be given full time. The individual cases urgently in need of relief will be submitted in a list to the city engineer and the provincial government employment agent.

W. Ormshaw was chairman of the meeting.

The famous All-wood Oval Horn, an exclusive feature of the Brunswick, is here shown with the grille of the instrument removed. This all-wood oval horn is built like a violin, from the choicest woods—not an atom of metal. Your own ears appreciate the result—tones that are rich, clear, and above all, natural.

Above is illustrated the exclusive Brunswick Ultona, a combined tone arm and reproducer, which, by a mere twist of the wrist, plays each make of record exactly as it should be played. It gives the precise diaphragm, the exact weight or pressure, and the correct point or needle for every record. Nothing to take off or put on—the Ultona is complete.

The Greatest Phonograph Value in Canada

Why?

Read these reasons

1. You figure on buying a phonograph only once. Therefore, you need to be careful that you do not buy a phonograph which is restricted to one make of records, or which needs various makeshift attachments to give it a wider scope. Such an instrument would never be satisfactory. Buy instead, the all-record Brunswick—expressly designed and equipped to play, without any attachments or extras, every make of record—and to play each make with absolute fidelity. The Brunswick actually plays ALL records PROPERLY—it is the only phonograph which does this.
2. You want an instrument whose **tone** is truly natural, which reproduces each musical instrument and each type of human voice with lifelike exactness. This the Brunswick does perfectly, because of its Ultona and its all-wood oval horn.
3. You want to be sure of getting the best **value**. And you **are** sure when you buy a Brunswick. It is the product of the oldest and largest woodworking company in all North America—the Brunswick-Balke-Collender Company. The cabinet designs of the Brunswick are an enduring delight to the eye. They are mare from thoroughly seasoned wood—built to last a lifetime. No phonographs of anything like equal quality can be had anywhere at lower prices.
4. You want a variety of choice at a price you can afford to pay. Here again, the Brunswick serves you best. From a beautiful table model at $80 up to the elaborate de-luxe model at $2,500, there is a range of designs an dsizes to suit all pocket books.
5. You want convenient terms—and all Brunswick dealers are prepared to meet your views. You can have a genuine Brunswick cabinet model delivered to your home for as little as $10 cash, with the balance spread over an entire year.
6. You would rather, all other things being equal, buy a Canadian-made product. Brunswick Phonographs are made in Canada, and every Brunswick sold means money in the pay envelopes of Canadian workmen.
7. The Brunswick comes to you fully equipped to play all makes of records. With each Brunswick is supplied, free of charge, 200 steel needles, one sapphire point and one jewel point (or genuine diamond in permanent position).
8. You prefer a guaranteed phonograph. Every Brunswick is fully guaranteed—even including the springs of every Brunswick-made motor.

PRESENTATION MADE TO PROFESSOR PRICE BY MEMBERS OF CLASS

On Monday evening H. A. Price was visited at his studio in the Methodist Church building by the members of his student's orchestra and a few friends and presented with a china set on a tray as a mark of appreciation of his work with them. The presentation was made by Miss Ina Wood and several other members also expressed their sentiments in regard to the good work Mr. Price had done.

The orchestra numbers nine members and there were about twenty people present in all. The evening was spent pleasantly in games and music and the party broke up in the early hours of the morning.

ROMANCE OF A PRINCESS

Lascelles Popped Momentous Question in Sandringham Woods Says Times.

English papers just to hand are full of the betrothal of Princess Mary to Viscount Lascelles. The London Times tells of it as follows:

The announcement of the betrothal of Princess Mary to Viscount Lascelles has been received throughout the kingdom and the Empire with universal satisfaction.

The Princess and the King and Queen have been overwhelmed with innumerable messages of congratulation from all over the world and from all classes of society. A large number of people have called at Buckingham Palace anxious to inscribe their names in the visitors' book.

Congratulations have come not only from all parts of the United Kingdom. The Empire beyond the seas has been no whit behind.

Wedding Soon.

The date of the wedding has not yet been fixed, but the engagement will not be prolonged. There is, indeed, reason to believe that the ceremony may take place between Christmas and Lent and in Westminster Abbey. Should this be the case the Prince of Wales will be unable to attend, for according to present arrangements he will not have returned from India until later in the new year.

The betrothal follows a comparatively short romance. Princess Mary and Lord Lascelles first became acquainted at a dinner party during the war, while Lord Lascelles was home on leave; but it was only in recent months that they have been brought frequently into contact with each other. They have ridden together in the Row and elsewhere, and they have met at various country house parties. Lord Lascelles was among the guests at the Bolton Abbey and Chatsworth house parties; he was invited to Balmoral when the Princess was in Scotland, and he has been the guest of the Royal Family at Sandringham. It is, indeed, related that it was in the woods of Sandringham that Lord Lascelles received Princess Mary's promise, which left nothing more needed than the consent of the King and its formal endorsement under the Great Seal by the Privy Council. In a message to some of his old comrades he wrote:—"I am very happy and very lucky."

In Politics.

Lord Lascelles has received a large number of congratulatory telegrams from his friends and old comrades, to the more intimate of whom he is affectionately known as "Don." He shares with Princess Mary a love of British sport, and he is the joint Master of the Bramham Moor Hunt with Colonel G. R. Lane-Fox, M.P. for the Barkston Ash division of Yorkshire. It was Colonel Lane-Fox's intention to retire to enable Lord Lascelles to contest the division in the Unionist interest at the next General Election, but he will now seek re-election.

Goldsborough Hall.

Princess Mary and Lord Lascelles propose to live during the earlier part of their married life at Goldsborough Hall, Yorkshire, a red-brick early Jacobean mansion standing in a park and gardens of over 100 acres. The village of Goldsborough is near the old town of Knaresborough.

Goldsborough Hall is the property of Lord Lascelles' father, Lord Harewood, who himself lived there for 14 years. For the past 26 years the mansion has been occupied by Mr. W. R. Lamb, a Yorkshire magistrate, and his family. Mr. Lamb has arranged to give up possession on April 30, and the hall is to be prepared for the reception of Lord Lascelles and his bride next summer.

EIGHT-HOUR DAY FOR FARMERS TURNED DOWN BY LABOR CONFERENCE

WINNIPEG, Dec. 21.—The eight-hour day for agriculture was declared wholly impracticable, without hesitation, by the International Labor conference which met at Geneva, Hon. Thomas H. Johnson, attorney-general of Manitoba, said on his return from Europe. Mr. Johnson attended th eLabor conference as advisor to the Canadian delegates and represented Manitoba before the privy council of Great Britain in the Kelly case arising out of construction of the new parliament buildings.

"European nations are busily engaged finding markets for their products and competition is very keen among the different countries," Mr. Johnson said. "Depleted currency is a big factor in finding markets for goods and Germany and France are making huge strides in getting back their pre-war trade," he said. Conditions throughout Europe are still in a very unsettled state and the reconstruction period is by no means passed over yet.

Strength

Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them. Sleeplessness and irritability are among the early symptoms. Indigestion and tired feelings soon follow.

Read this letter from an Ontario man:

Mr. W. L. Gregory, Charles St. E., Ingersoll, Ont., writes:

"I had been troubled for quite a while with indigestion. At times there would be a twitching of the nerves of my stomach; and I also found it difficult to get a good night's sleep. I am a moulder, and owing to the nature of my work my system became run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from this medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, as I think it splendid for anyone run-down and needing a tonic."

Sport Chat

The second round in the Elks' turkey snooker tournament has now commenced and should be over in a day or so. The following games in the first round have been played since Monday: Fred Gilbuly, 39; M. M. McLachlan, 74; John Bulger, 30; Joe Brown, 36; George Waddell, 78; S. J. Evans, 57; Jack Cobb, 61; Jack Keefe, 26. In the first game of the second round M. M. McLachlan eliminated Joe Brown by a score of 53 to 44.

* * *

It seems just about time that the executive of the Billiard League took some steps to have the rules in regard to the prompt playing of the fixture games lived up to. During the past week the rule has seen a good deal of breaking and especially in the Elks vs. Sons of England tournament. The teams are given two days after the date of the games to get all matches played off and this would seem to be sufficient time. If a player cannot make it in the two days another player should be substituted as was done once already early in the season when T. B. Hooper was substituted in place of R. H. Shockley on the Wanderers' lineup, when the latter was indisposed and was unable to turn up on time for his game.

Among the students from the University of British Columbia, Vancouver, who arrived on the Prince Rupert to spend the Christmas Holidays at their homes in the city were Allan McNicholl, son of Mr. and Mrs. G. A. McNicholl, Cedric J. Duncan, son of Mr. and Mrs. T. C. Duncan, Raymond A. Fisher, son of Mr. and Mrs. W. S. Fisher, and Archie L. Grant, son of Dr. and Mrs. H. R. Grant.

T. E. Jefferson and D. D. Munro, chairman of the Land Settlement Board, arrived last night from Telkwa and are registered at the Hotel Prince Rupert.

People who jump at conclusions often scare the best ones away.

CARIBOU OF THE ISLANDS

Rev. Archdeacon Collison Mentions in His Book Killing of Animals There.

Mention has been made more than once in the Daily News of the caribou of Queen Charlotte Islands. Rev. Archdeacon Collison in his book, "The Wake of the War Canoe" says: "A few caribou of a somewhat different species from that found in such numbers in the northern interior of the mainland have been discovered on Graham Island, which is the most northerly of the entire group. But the Indian hunters who discovered them shot them on sight and it is to be feared that they were the last of a species which is now extinct, as no more of them have since been seen on the islands.

"It may be that a small herd may yet be found on the western mountain range. If not it will be the duty of naturalists to explain the causes which led first to the existence of these animals on Queen Charlotte Islands, and afterwards prevented their increase."

Since Archdeacon Collison lived on the Queen Charlottes several specimens of the caribou have been shot there but all had deformed antlers, probably the result of inbreeding. It was this cause which seems to have prevented their increase after the numbers had been reduced by the Indians. Possibly they may never have been numerous.

INTERMEDIATE GAMES PLAYED LAST NIGHT

WANDERERS TURNED TABLES ON VETS IN BILLIARD GAMES

Two Victories Last Night Gave Them Victory in Series—Elks Beat Sons of England.

The Wanderers' Club was successful last night in winning the Trail Club shield billiard tournament over the Great War Veterans when R. H. Shockley and W. J. Nelson turned in decisive victories over their opponents. In spite of the fact that the Veterans had won the first four games of the tournament, the two wins made by the Wanderers last night were large enough to turn the total score in their favor by a score of 1089 to 1045. Still the Wanderers dropped a good many points in their standing by their losses in the first games of this series.

The results of last night's games were as follows:

R. H. Shockley (Wanderers), W. Goodrich (Great War Veterans), 127.

W. J. Nelson, 200; S. L. Warrior, 448.

Postponed Game.

In the long postponed game between the Sons of England, T. Silversides took the place of Percy Tinker last evening and was defeated by a score of 200 to 171. The total score for this tournament is thus 1156 to 978.

The playing of last night's games clean up all matches to date in the Trail Club shield series. The standing of the clubs is as follows:

	P.	Pts.	Av.
Trail	3	3514	1157
Wanderers	4	4499	1125
St. Andrew's	3	3200	1067
Elks	4	4248	1062
S. O. E.	4	4133	1033

FIRE INSURANCE is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

NO RUN MADE ON THE BANK

Shareholders of Merchants to Get One of Montreal For Two of Own.

MONTREAL, Dec. 21.—It is stated unofficially that the terms of the arrangements by which the Bank of Montreal takes over the Merchants' Bank are that each shareholder of the Merchants' Bank will receive one Bank of Montreal share for two Merchants' Bank shares and the Bank of Montreal will also pay to the Merchants' share holders $1,050,000.

Stockholders Secured.

Bank of Montreal stock was quoted at 8212 per share on the local exchange, and in the transfer of securities, under the suggested arrangement, each Merchants' Bank share is valued at $106, plus $10 which comes to each share as part of the cash amount to be paid over by the Bank of Montreal. Each share holder would thus receive the equivalent of $116 per share for his stock. No official confirmation could be secured for these terms of transfer.

Complete assurance for depositors' money in the Merchants' Bank of Canada is given by both Sir Hugh Montagu Allan, president of the Bank, and by Sir Frederick Williams Taylor, general manager of the Bank of Montreal.

Money Quite Safe.

Sir Montagu said: "You can say with my assurance that the money in the Merchants Bank is as safe as if it were in the Bank of England."

Sir Frederick Williams-Taylor said: "You have my authority to say that I, Sir Frederick Williams-Taylor, general manager of the Bank of Montreal consider that the deposits held by the Merchants Bank of Canada, are indeed safe beyond all doubt."

Opinions on the street are that one of the bank's chief difficulties, apart from its being involved to an amount estimated at $1,000,000 in the failure of the brokerage house of Thornton, Davidson and Company, arose from the large proportion of its loans which was confined to Canada. The last statement showed that of total assets of $190,000,000, over $138,000,000 was tied up in Canadian loans, stocks, etc. The bank was heavily interested in commercial and mercantile risks and the general stagnation of business rendered the loans less liquid, while the shrinkage in values destroyed a heavy proportion of collateral, in the instance mentioned earlier the bank admittedly met serious financial loss, yet it was not deeply involved in the stock brokerage branch of banking.

The last statement showed only $7,000,000 in call loans on stocks, bonds and debentures. President Allan's statement that the directors felt that the bank's position was not disclosed to them was explained last night by an official of the bank as perhaps referring to the fact that the shrinkage in collateral had not been duly considered in the reports to the boards.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre, second class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering any land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished; parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claim for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least five acres, before receiving Crown Grant.

Where pre-emptor is incapacitated from the war, and has made substantial improvements, he may, in lieu of ill-health, or other cause, be granted a temporary certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10,00 per acre, including 5 acres cleared and cultivated, and residence of at least 1 year are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows, inaccessible except by existing roads, may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS FREE GRANTS ACT

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after Aug. 26, 1918. Taxes are remitted for five years.

Provision for return of moneys secured, due and been paid since August 4, 1914, on account of payments, other taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

MOTORLESS FLIGHT TOOK 21 MINUTES

World's Record for Trip in a Glider, Falling Only 30 Feet.

LONDON, Dec. 17.—News has reached the London Air Station, Croydon, via Amsterdam, of the world's record flight in a motorless plane.

Launching himself from a hill in Germany, 1000 feet high, Herr Klemperer, flying an Aachen glider, kept his motorless machine in the air for no less than 21 minutes. During this time, by skillful manoeuvring in an upward air current, he actually rose above his starting point, and the ground where he alighted at the end of his 21 minutes' flight was only 30 feet lower that that from which the flight began.

The previous world's record for a motorless flight was 15 minutes.

It is understood that this and other German gliders will shortly be seen in Britain, and the success of these machines has induced British aviators to take an active interest in the problem of gliding.

The ultimate object is to produce an aeroplane with an engine of, say, 2½ horsepower that would make flying as popular as motorcycling.

Mrs. Lloyd, sister of the late Jack Harrington, arrived in the city today from San Francisco. The burial of her brother will take place tomorrow from the chapel of Hayner Brothers. Mrs. Lloyd returns to San Francisco tomorrow evening.

BUILD RAILWAY INTO PATAGONIA VERY SOON

That is Plan of President Yrigoyen of Argentine Republic.

BUENOS AIRES, Dec. 21.—Patagonia, that far-away region stretching out for hundreds of miles in southern Argentina, may be linked with what is now the thickly settled section of the country if President Yrigoyen and government officials are able to carry out their plans for constructing a system of light, narrow-gauge railways connecting with the present railroad system.

The plan is to begin as soon as possible the work of constructing lines totaling 622 miles.

At the present time Patagonia is linked with Buenos Aires only by irregular steamers, and the ranchers throughout the region have great difficulty in getting their products to market.

A large part of the region is more or less barren, and much that is fertile is not yet settled on account of the difficulty of transportation. Patagonia produces wool, meat, some grain and other agricultural products, and is said to have a great potential petroleum production.

BIRTH.

A daughter was born to Mr. and Mrs. W. Noonan, of Pacific, at the General Hospital today.

The Republic, with 60,000 lbs. of halibut, was the only fish boat arriving in port today. This schooner sold to the Atlin and Sinclair Fisheries at 12.6c and 1c.
