HECTIC WEEK IS ANTICIPATED AT OTTAWA

SENSATIONAL DEVELOPMENT TAKEN IN INVESTIGATION OF SEATTLE MURDER

This may be Last Week of Session but it will Probably be Lively

OTTAWA, June 21.—Parliament today entered on what will probably be the last week of the present session. There is every indication, however, that the debate on the report of the customs committees this week will be marked by one of the sharpest discussions since the opening of the House over five months. This debate is expected to begin before Tuesday afternoon. Liberal and Conservative members are preparing for battle and, from a political standpoint, the next few days will likely be the most critical and hectic of the entire session. An amendment of censure on the question of ministerial responsibility will be moved by Hon. H. H. Stevens, of Vancouver, who made the charges, it is definitely announced from Opposition headquarters. This will probably be the chief ground on which the debate will be staged. Another amendment is in contemplation in the Progressive camp.

CLOSE RACE IN NATIONAL

Cincinnati at Top With Pittsburg and St. Louis Following Close Behind.

NEW YORK, June 21.—Cincinnati held the National League top ranking by a margin of one point today over Pittsburg, while St. Louis was half a game distant, having won eleven of the twelve games played in the east.

Outfielder Cuyler delighted forty thousand fans on Sunday by hitting a homer, the Pirates shutting out New York 8 to nil.

More than forty thousand persons watched Chicago beat the New York Yankees on Sunday by a score of 4 to 3.

Sunday scores in the two leagues were as follows:

National League

St. Louis 9, Brooklyn 0.
Pittsburg 8, New York 0.
Chicago 0-4, Cincinnati 5-3.

American League

Philadelphia 3, Detroit 8.
New York 3, Chicago 4.
Boston 0, Cleveland 1.
Washington 4, St. Louis 5.

SOCKEYE SEASON OPENED SUNDAY

First Deliveries of Salmon Being Made at Naas and Skeena River Canneries Today.

Marking the real start of the salmon canning industry the season for the fishing of sockeye in District No. 2 opened at 6 o'clock last night. While official reports have not yet been received, it is understood that a large number of boats were out on the Skeena and Naas Rivers at the start. First deliveries of fish are being made at the canneries today.

With the market in a receptive condition this year for all kinds of canned salmon, practically all the canneries in this district are operating this year with their full quotas of fishermen. The season will be a long one this year and, with good prices offering, it is expected will be a profitable one for the fishermen.

WILKINS PARTY TO TRY AGAIN

Another Attempt Will be Made to Find Land North of Alaska

SEATTLE, June 21.— It was learned on Sunday night, on arrival here aboard the steamer Alaska from Fairbanks of five members of the Detroit Arctic expedition, that another attempt will be made to find land in uncharted Arctic waters north of Alaska. Parts, with which to repair the two airplanes, will be shipped to Alaska this summer.

Those who arrived included Major Thomas Lanphier, unofficial United States army observer. Capt. Wilkins, the leader of the expedition, is still in Fairbanks.

It is said that gasoline supplies and spare airplane parts will be shipped by water to Point Barrow for the next attempt which is scheduled for next spring.

"Lack of supplies was all that kept us from finding land this time," said Lanphier.

PERSONALITIES IN COAL STRIKE

Cook Dubbed as "Half Crazy Fanatic" and Baldwin Described as Mineowners' "Office Boy."

LONDON, June 21.—Vituperative personalities marked the week-end's oratory concerning the crisis in the coal strike situation.

Rt. Hon. Arthur Neville Chamberlain described Secretary Cook of the Miners' Federation as a "half-crazy fanatic" and Cook retaliated by calling Premier Baldwin "the office boy of the coal owners" adding that the Premier would henceforth be known not as "Honest Baldwin" but as "Liar Baldwin."

More sentiments of this nature were couched in as violent language. Herbert Smith, president of the Miners' Federation, speaking in a milder vein, declared if he had to choose between accepting lower wages or longer hours he would advise the miners to agree to work the additional hours.

British Columbia Exporters of Liquor will be Sued for Income Tax by United States

SEATTLE, June 21.—Government officials here have announced a plan to file income tax liens to the value of more than $1,000,000 against British Columbia liquor exporting houses operating through Seattle whose activities they have been investigating.

Special agents of the Internal Revenue Intelligence Department who have been working on tax dodging charges against Canadian concerns doing business here are said to have uncovered inside workings of an international liquor traffic on the Pacific Coast towards which $5,000,000 is contributed annually through Seattle.

AVIATOR IS SAFE

Bernardo Duggan Turns Up Safely After Forced Landing.

PARA, Brazil, June 21.—Bernardo Duggan, the Argentine aviator flying from New Pork, who was reported missing for a week, is safe. He arrived Sunday at Vigia in the state of Para. He left his plane at the island of Maraca, a short distance from the mouth of the Amazon River, where he made a forced landing because of lack of fuel.

WILL BORAH BE NEXT PRESIDENT?

His Stock is Being Boomed at Washington for Republican Nomination

WASHINGTON, June 21. — President Coolidge is looking for another term as president of the United States but there is a movement on foot in Republican circles to give that party's nomination to the fascinating Senator Borah of Idaho. It is an open secret that Borah, who is largely his own political advisor is making every move these days with a view to its effect on his chances for the nomination and election in 1928. Some Republicans are of the opinion that he will be able to break up the "Solid South" and defeat Al Smith of New York who seems almost the certain Democratic nominee now that Bryan is dead and McAdoo "fogotten."

SIX CHILDREN WERE DROWNED

Overcrowded Boat Struck Wave at Sault Ste. Marie and Capsized

SAULT STE. MARIE, June 21. — Six young persons were drowned on Sunday afternoon when a small and overcrowded boat in which they were taking a pleasure trip in Ship Canal was struck by a white-capped wave and capsized. The names of the victims, 14 to 16 years of age, were: Arthur Tessier, Clement Cormier, John Parsons, Hegge and Annie McIntyre and Emily Jollicoeur. Isaac Jollicoeur was rescued.

Father of Sylvia Gaines is Subject of Police Enquiry; First Suspect is Released

SEATTLE, June 21.—Following the release of Edward Dietsch, who was arrested on Saturday as a suspect, the investigation into the slaying of 22-year old Sylvia Gaines, niece of County Commissioner William Gaines, whose mutilated body was found on the shore of Green Lake last Wednesday night, took a sensational turn last night. To confirm or dispel a myriad of rumors since the girl's death, Robert Gaines, the girl's father, will himself be made the subject of a thorough investigation. His movements on the night of the murder until the time the body was found will be enquired into.

Prosecutor Ewing D. Colvin is investigating all reports. "This case has taken a terrible turn," he said, "and everything possible must be done to run down the perpetrator of the crime."

NANAIMO LOSES TO ENGLISHMEN

Great Combination Play Gave Old Country Soccerists 3 to Nil Victory

NANAIMO, June 21. — After being held scoreless in the opening half, the touring British soccer team on Saturday scored three points after the interval against the Upper Vancouver Island team which was unable to make a single tally.

Great combination play was exhibited by the Englishmen in winning this, their tenth consecutive victory since landing in the Dominion. The locals put in a better game than was expected, their team work in many instances equalling that of the visitors.

EXPROPRIATION NOT SETTLED

German Voters Failed to Express Themselves on Issue Yesterday

BERLIN, June 21.—A plebiscite held throughout Germany yesterday to decide the question of expropriating, without compensation, entire properties and estates of former rulers, with particular interest centering on the former emperor and the Hohenzollern family, failed to bring out an affirmative vote of half of the eligible electors necessary under law. An affirmative vote of twenty million was required but only approximately fifteen million votes were recorded while the negative vote was slightly more than five hundred thousand. Fully sixty per cent of the voters endorsed unconditional confiscation. Bavaria and other Nationalist strongholds rejected confiscation by abstaining from voting while industrial centres gave the proposal its chief support.

POOL SIGNING UP 1926 CROP

Production of Fourteen Million Acres is Already Secured

WINNIPEG, June 21.—Fourteen million acres sown to wheat in western Canada this spring have been signed up by the Canadian Wheat Pool, the co-operative marketing association of farmers in the prairie provinces, states an announcement by the organization.

"Two-thirds of all the wheat grown in Manitoba, Saskatchewan and Alberta in 1926 will be marketed co-operatively by the pool," the announcement said. "Success of this pool has demonstrated the advantages of co-operative marketing. Under the old marketing system farmers sold their wheat to middlemen who made a profit in reselling it. Now the pool sells the grain direct to the purchaser, eliminating this handling expense and adding to the farmers' profit." Most of the crop marketed through the association is sold abroad.

Red Russia And Britain.

There will be little hesitation in crediting the statement of the British Home Secretary that the Russian Soviet Government has contributed to the fund sent from Moscow to the coal miners in Great Britain to encourage and maintain the strike in that industry. That either the Bolshevist organizations of Moscow or the Soviet Government would supply money, which is scarce at the Red Capital, for other than mischievous purposes is not to be imagined. The necessities or the distress of the miners would not receive a moment's consideration in such quarters, but the prospect of causing disturbance and occasioning discord and, if possible, rioting and bloodshed makes an irresistible appeal to Soviet sympathies and Soviet purses. The "Red" gold over which A. J. Cook pronounced his exultant benediction was not given in a spirit of benevolence, but of hatred and malice.

In connecting the Soviet authorities directly with this attempt to encourage sedition and sow strife in Britain the Government in London has abundant reason for severing all relations with the Soviet. This, of course, is not an isolated instance of Moscow's hostility displayed toward Great Britain. Other breaches of faith in contravention of the understanding entered into when Britain gave the Soviet recognition have been committed. If they have been disregarded, they have not been forgotten, and the British Government will undoubtedly be upheld by the nation should it make this latest act of antagonism and duplicity a ground for breaking off all intercourse with such a dangerous and unreliable administration.

French Industry And British Credit.

France based its post-war financial policy on the principle that reconstruction should begin at home. With France a hive of industry, the restoration of French credit abroad would follow as a matter of course.

Britain chose to face its foreign debts first and foremost; and take chances on being able to muddle through to the re-establishment of industry and trade.

With the British pound at par or thereabouts the French franc has been selling at less than three cents. Which means that outsiders do not interpret Britain's slow industrial recovery as endangering its ability to pay. And that foreigners likewise refuse to regard Frane's industrial activity as proof that it intends to pay soon.

The two policies were sharply in contrast. So are the results. Britain has industrial stagnation at home, but undiminished credit abroad. France's factories have been humming for years, but its foreign credit is "all shot to pieces."

Perhaps each country sought and secured the end most important to it. Each has still a disadvantage to overcome. Britain must get its factories going to restore prosperity at home. France must start to pay its debts to restore its credit abroad.

One Week An Editor.

The Rev. D. W. Ferry, by special arrangement with the publisher, was editor of the Yakima Republic for one week. It had been his opinion that the editorial tone of the Republic was not trenchant enough, and that various wrongs might be righted if he sat for a while at the editorial desk. Mr. Ferry's week is spent, to the last minute. He is again the shepherd of his flock. And he has this to say of his journalistic experience:

"The other fellow's job certainly looks a lot easier from the outside than it does from the inside. Lots of persons think they could run a newspaper and write editorials without the least difficulty. I wish they could all try it once. It would develop a fine spirit of tolerance."

Thus was brought about the journalistic conversion of Mr. Ferry. He would appear to be a most reasonable minister. In his new-found humility, however, it may comfort him to reflect that the editor of the Republican might have similar difficulties if he undertook to thunder from the pulpit. As Mr. Ferry observes, there are many who believe that in the making of newspapers they could introduce important improvements. The most profound masters of military strategy hold their councils before the village store. In a manner of speaking, it is so with critics of the modern newspaper.

Yet Mr. Ferry escaped, as you might say, with a light sentence. He served but for a week, and in seven days he attained tolerance. Tolerance is the indispensable possession of a well-regulated life. If intolerant editors were to spend a week in the ministry would they, too, not learn more of the problems of life, and particularly of those that appertain to the ministerial calling?—Portland Oregonian.

"THE ENCHANTED HILL" IS FULL OF ACTION

Peter B. Kyne's Story Makes Swift, Sizzling and Spectacular Picture

Action — swift, sizzling and spectacular action—is the thrilling keynote of the western melodrama, "The Enchanted Hill," adapted from Peter B. Kyne's latest and greatest novel, which appeared serially in the Cosmopolitan Magazine.

The picture which is presented here tonight and tomorrow, is an up-to-the-minute story of adventure, conflict, mystery and intrigue, mellowed by wholesome romance and rich in comedy, that establishes a new standard in outdoor productions. It marks a radical departure from the old, stereotyped western movie because it develops along brand new and wholly modern lines.

The plot is built around an up-to-date cattle ranch war in New Mexico. The hero, Lee Purdy, an ex-army aviator, is forced to fight a gang of invaders, who attempted to kill him in order to get possession of his land on which there is a buried treasure. His battle with these lawless raiders and his romance with Gail Ormsby, the lovely owner of the adjoining ranch, furnish the n'th degree of excitement and thrill.

Jack Holt is ideally cast in the leading role and Florence Vidor brings both talent and loveliness to the part of Gail Ormsby. Noah Beery has a characteristically villainous portrayal, and Mary Brain is her usual winsome self as Holt's younger sister.

"WILD BULL'S LAIR" IS WESTERN PICTURE

Fred Thomson Has Hand to Hand Fight With Bull in Film: Coming at Middle of Week

A half-crazed Indian's desire for revenge against the white man, and his scheme to breed a ferocious stock by crossing a wild bull with the bison strain and thus sweep the cattlemen from the land of his forefathers, form the basis of "The Wild Bull's Lair," which is Fred Thomson's most recent production. Like most of the Thomson pictures the current production is a distinct departure from the convential "western" story; which in part, perhaps, accounts for the fact that the champion athlete is a favorite who has swept into popular esteem faster than any other movie star. The picture comes to the Westholme Theatre at the middle of this week. Both Fred and his famous horse, "Silver King, have stirring roles. Thomson engages in a tremendous fight with a huge bull as the climax of the picture.

VILMA BANKY MAKES HER DEBUT IN FILMS

Budapest Beauty "Discovered" by Producer Goldwyn to be Seen Here

"The Dark Angel," the First National attraction coming to the Westholme Theatre at the end of this week marks the American screen debut of beautiful Vilma Banky, who has created such a sensation in Hollywood.

Miss Banky was but recently "discovered" in Budapest by Samuel Goldwyn, the famous producer, while the latter was enjoying a pleasure tour through Europe.

Arrived in Budapest, he heard frequent allusions to a young and beautiful screen star who had just taken that city by storm. She was working in a local studio and had appeared in two or three Hungarian films with great success.

He inquired her identity, learning that she was the "Vilma Banky" of whom he had heard so much. He immediately endeavored to get in touch with the young lady.

His attempts, however, were all seemingly frustrated— apparently her employers did not relish the possibility of losing her. But just as Mr. Goldwyn was leaving Budapest—in fact, he was at the station with his baggage already loaded on the train—she arrived in a taxi, with her personal manager.

Samuel Goldwyn, who perhaps has discovered more famous stars than any other man, took one look at the girl, retrieved his baggage from the train, postponed his departure, and that evening gave her a long-time contract to appear in his productions.

Miss A. A. Pierce, commercial teacher, will sail for the south on a vacation trip on the Prince George this afternoon.

—"So, Unafraid, He Faced the Setting Sun"

AT THE HEIGHT of his achievement -- when all his difficulties seemed conquered --when success had crowned his efforts and his activities were greatest, came the warning that he must face an operation and a possible physical breakdown.

Anxiety for his own and his family's future had naturally seized him, but here, as in numerous other instances during his life, his wide business experience had pointed out the need for guarding against such a disaster, and years ago, to protect his family and himself, he had created an adequate Life Insurance fund.

So, today, as the sun goes down, he is unafraid; he can afford to be well cared for and if his life should be forfeited, these Life Insurance funds will be drawn upon for the needs of his family.

Contrast his case with yours--and decide now to protect the future of yourself and your dependents with Life Insurance.

Neighbor—"Nice-looking roofing. But how long will it wear?"
Farmer—"Well—same stuff's been on my shed since I moved in here—and you know how long ago that was."

The acid-test of roofing is wear, wear, wear!

Just one place to test roofing—and that's up on the house-tops with the weather pounding away at it. Then the *real* quality behind a roofing is bound to show itself.

We know a roofing that's stood this test for many years. Barrett Roll Roofing! We strongly recommend it. It's made with plain or mineral surface. Never rots or rusts. Fire-safe. Come in. See it. Prices are easy.

We endorse **Barrett** *Roofings*

VETS PICNIC BIG SUCCESS

One Thousand Persons Enjoyed Hospitality of Ex-Soldiers Yesterday

One of the largest and most successful picnics in the history of the north was held yesterday when the Great War Veterans staged their annual outing to Digby Island. Weather conditions were ideal and with excellent transportation arrangements everything went off without a hitch. The Boys' Band, under Bandmaster Wilson, played selections during the afternoon. The great feature of the festivities was the sports program for the kiddies and adults. It is estimated that fully a thousand persons were in attendance to enjoy the hospitality of the ex-soldiers. All passengers had been safely landed at the home wharf soon after 8 o'clock last night.

The sports program resulted as follows:

Girls' 25 yd. dash, five years and under.—Marcelle Jabour, E. Tucker.

25 yd. dash, over five and under seven.—B. Arthur, E. Slater.

50 yd. dash, seven years and under nine.—Rachael De Marco, Ethel Moorehouse.

50 yd. dash, nine years and under eleven.—E. Thom, E. DeMarco.

50 yd. dash, eleven years and under thirteen. — E. Tite, J. Arthur.

100 yd. dash, thirteen and over.—May Ness, E. Tite.

50 yd. egg and spoon handicap, all ages.—Megan Morris, E. Neilson.

Boys' 25 yd. dash, five and under.—C. McFee, R. Beale.

25 yd. dash, over five and under seven.—A. Letourneau, R. Gawthorn.

50 yd. dash, seven years and under nine.—E. Johnston, I. Lipsin.

50 yd. dash, nine years and under. — R. Fong, A. Hicks.

50 yd. dash, eleven years and under thirteen.—R. McIntosh, J Pyle.

100 yd. dash, thirteen and over —W. Bagshaw, J. Gawthorn.

50 yd. three-legged race.—J. Gawthorn and W. Johnston 1; E Antimane and R. Fong 2.

Ladies, 50 yd. dash.— Miss Laura Frizzell, Miss Bessie Derry.

Hop, step and jump.—D. Gurvich, E. Tulloch.

Tug-of-war, married vs. single.—Married men, C. Jackson, H. Hackson, W. Shrubsall, Frebourg, Tulloch, Anderson and Smith.

Many Boats Used

The following boats rendered excellent service during the day in transporting the big crowd to and from the picnic ground.

Rosina B., Poinsettia, Livingstone, Laura F., Rosespit, Tide Rip, Toodie, Hanaco, Marguerite and Sea Foam.

The following committees had charge of arrangements.

Embarkation—J. F. Hutchinson, J. Campbell and J. R. Tannock.

Debarkation — H. Shaw, N. Short and H. Thrupp.

Kitchen fatigue.—J. Kelly, Anderson, Hooper and Fraser.

GERMAN SCHEME DISARMAMENT

Would Have Powerful Nations Deposed, Enabling League to Operate Against Aggressors

In a recent discussion on disarmament a more detailed account of the German plans as proposed by Bernstorff are set forth in newspapers just arrived. One of these follows:

Count Bernstoff referred with satisfaction to M. Briand's statement in the March Assembly that Germany morally is already to be considered a member of the League Council. Nevertheless, Germany is not yet in the position of being heard before the Council when the Council considers M. Paul-Boncour's suggestions, he said. Therefore, Count Bernstoff said, he wished to declare before the drafting committee that Germany recognises the necessity for an examination into the proposed methods of bringing rapid assistance to an attacked country. This examination, however, should not be based on the present position of armaments, which is only temporary, but should have as its starting point a state of general disarmament resulting from the Conference.

Count Bernstoff's statement seemed rather irrelevant to the problem of securing rapid assistance. M. Paul-Boncour observed that League Committees, in studying this question, should accept realities and should not overlook the fact that in the immediate future only partial disarmament was attainable.

The Bernstorff Plan

Count Bernstorff declared that disarmament should be based on the principle that no country should be powerful enough to be able to assert its strength against that of the League. He urged, therefore, that League States should maintain such armament that together they could put at the disposal of the League a force that would enable the League to execute its decisions against an aggressor. This principle was not contested, and will be specially welcomed by opinion in some smaller countries which asserts that the total disarmament of the small countries is incompatible with their duties as League members.

On Tuesday afternoon M. de Brouckere read in a plenary meeting his report on the activities of the Drafting Committee. The most interesting feature is that the report makes the guilding principle for further preparatory work that each Government must be willing to submit to the Disarmament Conference definite and quantitative proposals as to the measure of disarmament it is willing to accept.

Lord Cecil's Summary

Lord Cecil on leaving Geneva for London on the termination of the Preparatory Disarmament Committee's first session, made the following statement to pressmen: "We have got to work and the machinery is going, but we have not yet reached the point of establishing a scheme for world-wide disarmament."

Continuing, he said that as a pure guess he did not think the Disarmament Conference could be assembled before the end of next year. The Preparatory Committee had taken two positive decisions. One was that it was only peace armaments that could be limited, and in the second place it was understood that when the Conference met each State would submit a definite scheme showing what armaments it needed both as regards personnel and material, together with a statement of the grounds on which it was based.

Control and Supervision

Lord Cecil further pointed out that the Committee had added two other schemes to its program —namely, the control and supervision of armaments and an investigation into the question of chemical warfare.

Questioned regarding the possibility of a conference on naval armaments proceeding at the same time as the present disarmament discussion, Lord Cecil said he thought that if another conference were called it might appear to be competing with the present discussions, but that when these had got a little farther there would be no reason why certain phases of the subject could not take a more concrete form while fitting in with such discussions. He was very much impressed with the necessity of going slow with the work of the sub-committees.

EXPEDITION AGAINST SEA LIONS SUCCESSFUL

Givenchy Kills 1,458 Destroyers of Fish on Trip to Northern Waters.

VICTORIA, June 21—According to information received by the Department of Marine and Fisheries the total number of sea lions killed by the expedition sent against them by the department to date is 1,458.

The sea lions are a source of great annoyance to fishermen on account of the havoc they cause to salmon, as well as doing considerable damage to trawlers. In order to eliminate the growth of the animals the department annually sends an expedition to Queen Charlotte Islands and Rivers Inlet at the breeding season.

The steam trawler Givenchy, commanded by Capt. A. M. Henderson, is used for the purpose, and in addition to her regular crew, she also carries on board J. Maiden, machine gun expert from New Westminster.

This is the fifth expedition which has been sent into this area to eliminate the sea lions, and it is anticipated that this season's bag will prove a record one and exceed 3,000.

Operations have been hindered by weather conditions ,and it is only about one day out of every five that the ship's small boats can work in the vicinity of the rocky shore.

SPORT CHAT

Fixtures for the week are as follows:

Monday—Senior Baseball, Grand Terminals vs. Native Sons. Prince Rupert Tennis Club finals.

Tuesday.—Dominion Day Cup soccer, Moose vs. Cold Storage. Prince Rupert Tennis Club finals.

Wednesday.—Intermediate Football, Naval Reserve vs. High School. Trap shooting.

Thursday. — Senior baseball Gyros vs. Native Sons. Yacht Club regatta.

Saturday.—Junior Football, Borden Street vs. High School.

A particularly good baseball game is looked for in the match tonight between the Grand Terminals and the Native Sons of Canada. The Terminals lost their first game of the season to the Gyros on Friday night and naturally enough have aspirations of improving their position at the expense of the Sons tonight. However, the Candies will have something to say about that. They have so far met the Terminals but once this season and were then beaten only after a contest that was one of the season's closest and best games. Tonight's encounter gives promise of being equally good. The standing of the teams to date is as follows:

	W.	L.	Pct
Grand Terminals	3	1	750
Native Sons	2	2	500
Gyro Club	2	4	333

FIRE FIGHTING COMPETITION

Team from London, Ontario, Wins C.N.R. Contest

MONTREAL, June 21. — The fire fighting team of the London (Ontario) shops, champion team of the central region of the Canadian National railways, carried off the system trophy at the point St. Charles shops and with it the distinction of being the quickest and smartest fire fighting unit in the whole system. The system champions under Chief Lewis had no easy run to their new title and honors, having to meet the champions of the other regions in open competition. The other teams were from Battle Creek, Mich., Moncton, New Brunswick, and Trancona, Manitoba. The test set out for the competing teams consisted of distinct movements. The first move was to run one hundred yards and lay out and connect two hundred feet of hose, breaking a paper disc with the water. Move number two was to run out an additional fifty feet of hose and then break the disc again with the water. The third move was to replace the third length of hose counting from the hydrant and break the disc. The winning London team went through all the three movements in one minute and thirteen seconds.

The team from Battleford, Mich., under Chief H. E. Watson, champions of the Grand Trunk western lines, finished second, they being five and two-fifths seconds slower than the winners.

The Moncton team from the Atlantic region came third while the western region, represented by the Transcona shops No. 2 team, finished last.

The judge of the competition was assistant Chief Mann of the Montreal Fire Brigade and the time was kept by A. McDonald, supt. of motive power shops, Montreal, C. F. Weaver, superintendent car department and H. A. Akin, district storekeeper. There were also a large crowd present including many officials of the Canadian National Railways, also representatives of the Montreal fire fighting force.

She Was Troubled With Chronic Constipation

Once your bowels become constipated you are in for a lot of trouble, as constipation is one of the most prolific sources of disease that the human race is addicted to, therefore a free motion of the bowels every day should be the aim of everyone who aspires to perfect health.

Mrs. O. W. Lawrence, Cloverdale East, N.B., writes:—"I was troubled with chronic constipation, and became so bad I was almost afraid to eat anything.

One day I saw your advertisement of

Milburn's

LAXA-LIVER PILLS

so I got three vials, and after taking them I have never been troubled since with constipation."

Ten Years Ago in Prince Rupert

June 21, 1916.

The Prince Albert had 960 tons of ore from the Rocher de Boule on board this morning for Tacoma. She also had quite a heavy passenger list.

Mr. and Mrs. D. J. Williams left for the south this morning. They were accompanied by Mrs. and Miss Roselle, mother and sister of Mrs. Williams.

The Princess Ena, which recently made a trip to Vladivostok was in port yesterday afternoon on her way south from Skagway, where she delivered supplies for the White Pass Railway.

ALL PRINCE RUPERT PICNICKED YESTERDAY

Population Takes Full Advantage of Beautiful Summery Weather.

Yesterday proved a wonderful day from a weather standpoint, and the people of the city took due advantage of it. From an early hour the Prince Rupert boathouse was besieged with people, both young and old, laden with picnic baskets bent on locating the "best" location for their day's outing. While a great crowd of people attended the G.W.V.A. picnic at Digby, which is the subject of another story, a great number of the young people went over to the Salt Lakes to enjoy a swim in the beautiful water. The summer campers were also out in full force and every camp in the vicinity saw the owners put in an appearance at an early hour, many of them not returning to town until this morning. Yes, the weather man "did his stuff" in royal fashion yesterday and every man, woman and child was full of appreciation.

ENTRANCE CLASS AND FOOTBALL TEAM HAD PICNIC ON SATURDAY

Borden Street entrance class and football team had a most enjoyable picnic at Digby Island on Saturday. Through the kindness of D. C. Stuart, C. G. Minns and H. T. Cross, the pupils were delivered at their destination at 11 a.m. The day was spent in games, swimming, boating, finding of many wonderful strange shells and flowers, and even the thrilling experience of "hearing" wild animals which later proved to be a couple of exceedingly quiet goats that insisted on raiding the food supply. In the course of the day Miss Mills' "First Aid" was called into use a few times. All voted the day the "Best-Ever"—far more interesting than school—and, with rousing cheers for Miss Mills, the party dispersed for home at 9.30 p.m. — a tired but happy lot.

ALICE ARM

The raise at the La Rose mine has been completed and the ore body tapped. The ore will now be drifted on and shipments will be made as soon as possible.

A sensational new discovery of rich ore was made last week at the Torie mine, the drill having broken into a large body of high grade native silver ore.

Duke Harris of Hazelton, accompanied by Mr. Sharpe, a Spokane mining engineer, were visitors to the camp last week. They inspected several properties including the Standard on McGrath mountain and the Toric and Homeguard.

W. S. Wilson, who has been here several months from California, has been advised that a mining engineer from Butte, Montana, will arrive this week to examine the Esperanza property on which he has an option.

C. I. Cooke, assistant superintendent of the Anyox mine, was a visitor here for several days at the end of the week.

SMITHERS

Mrs. A. J. McIntyre, accommanied by her daughter Joan, returned to Smithers on Thursday after having spent the past ten months with friends and relatives in southern cities.

Mrs. C. E. Hatt of Vancouver arrived in Smithers Thursday evening and will visit a few weeks with her son, D. F. Hatt, local manager of Hatts' hardware firm.

Arnold Flaten of Prince George is relieving as manager at the local branch of the Royal Bank during the absence of Charles Reid who left on Saturday to spend a holiday in coast cities.

A. E. Campbell of the local government office staff who is on his annual vacation, returned to town on Friday evening from Vernon, B.C., where he represented the local I.O.O.F. at the Grand Lodge sessions.

Miss Winnifred Anger arrived in town from Prince Rupert on Thursday for a visit with relatives and is renewing old acquaintances.

There was born at the Bulkley Valley District Hospital on June 8, a daughter to Mr. and Mrs. Chas. N. Monks.

School closed for the junior grades on Friday. After distributing the rolls of honor, the afternoon was spent with concerts and parties and the children had a happy time celebrating the event. It is reported that two of the teachers are leaving Smithers, Miss Nan Fetterly going to Anyox and Miss M. Hanna to Powell River.

Master Mike O'Neill left for Vancouver on Saturday to spend the school holidays with relatives in that city.

A very jolly evening was spent at the home of Mr. and Mrs. W. F. Boyer on Friday when a large number of friends of Miss Hilda Matson were entertained with dancing and games. Dainty refreshments were served at midnight.

Mr. and Mrs. J. Turnbull were visitors in town over the week-end returning to their home at Hazelton on Sunday with a new car.

Mrs. J. Roberts of Prince George is spending a few days in town the guest of Mrs. S. A. Eby.

EUCHARISTS IN CHICAGO

Two Train Loads of Delegates Journeyed from Winnipeg at Week End

CHICAGO, June 21—The large contingent of delegates to the International Eucharist Congress from western Canada, arrived here from Winnipeg on a sixteen car Canadian National special train, the passengers including English, French and German speaking Roman Catholics from British Columbia, Alberta, Saskatchewan and Manitoba and numbering approximately 300.

Special representatives of the C.N.R., who speak the various languages, accompanied the special to arrange for the transfer of passengers and baggage to the various hotels in Chicago, where reservations were made weeks ago by the company to ensure comfortable stopping places for its patrons also with a view to enabling the various nationalities to be together. The railway officials will remain in Chicago during the congress and arrange for the return trip of those delegates who are not joining the Le Devoir party from Quebec which is travelling east via Niagara Falls and other pleasure points by C.N.R. special train.

Travelling on a fast schedule, the special train made up of sixteen cars, including first class tourist and standard sleepers two dining and one observation car, made only terminal stops with the exception of one hour at Milwaukee Sunday morning for the celebration of mass.

In addition to the special train the regular fast Winnipeg—Chicago train carried several extra sleeping cars accommodating other western delegates. While there were several dignitaries of the church on board the regular and special trains, the majority of the archbishops and bishops from western Canada preceded the main delegation to Chicago to confer with congress officials on final details of the congress.

BANKERS AT JASPER PARK

Golf Tournament Ended Convention Held at Popular Resort.

JASPER, June 21. — Playing over the Jasper Park golf course in 76, W. S. Ralphs, of Winnipeg, carried off the first prize in the tournament with which the investment bankers of Canada ended their convention at Jasper Park Lodge. K. Pringle of the Dominion Securities Company, of Toronto, was runner up in the tournament with 77, while J. Hope, also of the Dominion Securities Company, was third. Thirty-five members of the association took part in the tournament and many creditable scores were turned in. Thursday night the golfers floated a pool and bartered tickets on the various players until the pot reached four hundred dollars. Mr. Pringle won first money on Ralph's ticket, while Ralph himself carried off second money on Pringle's ticket. The golf tournament marked the end of the convention, although some of the members are remaining at the lodge for a few days. The easterners are making a tour of the Pacific Coast before returning home.

LAKE VESSEL IS LAUNCHED

Ship Was Fabricated Here Took Water at Kelowna on Saturday.

KELOWNA, June 21.—Launching of the Okanagan Lake passenger and freight vessel Pentowna here on Saturday afternoon was an important function. It was attended by wayors and Boards of Trade of various lake towns, and by a great many district residents.

The Pentowna is a motorship fabricated at Prince Rupert, and erected at the new dock at Kelowna. The launching was a sideslip, and the ship will go immediately into commission. A complimentary cruise on the lake was her first official movement on the water after launching and fitting.

B. C. Keeley, Pacific Coast agent for the C.G.M.M. Limited, C. N. S. S. Limited, and the Prince Rupert D. D. Co., attended the launching. He was accompanied by T. Louden, superintendent engineer for the C.G.M.M., and the drydock company, and by P. W. Baldwin. The Pentowna will be operated between Kelowna and Penticton by the Okanagan Lake Boat Co., in connection with the Canadian National Kamloops-Kelowna Railway service.

SAW MUSSOLINI RISE TO POWER

Victor Basso-Bert Returns to Pr. Rupert After Four Years in Italy.

After having spent the past four years visiting his native land of Italy, Victor Basso-Bert, pioneer contractor of Prince Rupert, returned to the city yesterday afternoon. While in Europe, Mr. Basso-Bert travelled considerably and visited France, Switzerland, Germany and Austria. Under the Mussolini regime, Italy has been making great strides until it is now one of the most prosperous and efficiently organized nations of Europe. Its condition today is in sharp contrast to what Mr. Basso-Bert found when he landed there from Prince Rupert four years ago.

Mr. Basso-Bert says he is glad to be back in Prince Rupert where he is going to reside again. Mrs. Basso-Bert and family will be back in about a year's time. Their oldest son, Libero, is completing engineering studies in Turin.

As a result of overtures made by city officials a party of financial men accompanied by their wives, who have been attending a banker's convention at Jasper Park, will arrive on this afternoon's train en route to Vancouver via the steamer Prince George. Upon arrival they will be met by municipal officials, and will be shown around the city.

E. McDonald, general baggage agent C.N.R., Vancouver, is a passenger on the Prince George this afternoon returning south from a departmental business trip to Skagway, Alaska.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

"The Enchanted Hill"

Peter B. Kyne's best story. A fast-moving story of action every minute. Modern, full of pep and humour, it is a picture with all the heroic qualities that make tales of the Great West popular the world over. Wild rides, aeroplane flights, gun fights, comedy relief and sweet romance. The story of a man and a maid who were enemies yet were in love with each other. Big all star cast.
