PART OF MEIGHEN CABINET IS ANNOUNCED

PROVINCIAL GOVERNMENT THROUGH McGEER ASKS LEAVE PROSECUTE C.P.R.

Part of Meighen Cabinet Sworn in Last Evening Leaving Many Important Positions Unfilled

Sir Henry Drayton is only an acting minister so far and Robert Rogers has no place in the Government as yet

OTTAWA, July 14.—Part of the Meighen Government was sworn in last evening, but a number of portfolios are not yet filled, notably those from the provinces of Quebec and Saskatchewan, where the probability is the Government will find it difficult to elect the men. Sir Henry Drayton and several other prominent Conservatives have so far been left without portfolios, but arrangements are likely to be made later, probably before the elections, for all the positions to be filled. This will avoid by-elections later, should the Government be returned. Following have definitely accepted office and attended on the Governor General last evening to take the necessary oath:

Prime Minister, secretary of state for external affairs and president of the privy council, Arthur Meighen.

Minister of Finance, R. B. Bennett.

Minister of Justice, E. L. Patenaude.

Minister of National Defence, Hugh Guthrie.

Minister of Customs, H. H. Stevens.

Minister of Agriculture, S. F. Tolmie.

Minister of Railways, W. A. Black.

Postmaster General, R. J. Manion.

Minister of Trade and Commerce, J. D. Chaplin.

Minister of Labor, George B. Jones.

Minister of Public Works, E. B. Ryckman.

Ministers without portfolio: Sir Henry Drayton, Donald Sutherland, R. D. Morand and J. A. McDonald.

The portfolios of marine and fisheries, interior, immigration, and colonization, health, soldiers' civil re-establishment and the post of solicitor general are left unfilled for the present. Three of these will be allotted to the province of Quebec of which it is expected two will very shortly be filled. It is intended that the portfolio of the interior shall go to the province of Saskatchewan. Acting ministers have been appointed as follows:

Marine and Fisheries, E. L. Patenaude.

Health and soldiers' civil re-establishment, Dr. Morand.

Immigration and Colonization, Sir Henry Drayton.

It is notable that Hon. Robert Rodgers has no place in the list of ministers.

Dr. J. L. Chabot of Ottawa will be made a member of the Privy Council to rule in the absence of Premier Meighen.

During the campaign Sir Henry Drayton will be acting premier.

The date of the election is not yet announced but the Premier will take the country into his confidence in that regard in a few days, it is said.

LOST LIVES IN FOREST FIRES

Two Women and Two Children Burned to Death on Banff-Windermere Road.

CALGARY, July 14.—Trapped in a closed automobile on a fire-lighted section of the Banff-Windermere Road east of Kootenay Crossing, Mrs. Watt, her two children, and a Mrs. Nesbitt of Lloydsart, Saskatchewan, were burned to death last night. The husbands of the women are believed to have been fatally burned in attempting a rescue. Mrs. Nesbitt was a bride and was on a honeymoon tour with her husband.

The fire situation is extremely bad all through the Windermere Valley.

JUMPED FROM MARGUERITE

Victoria Fisherman Tried to Commit Suicide but Changed Mind

VANCOUVER, July 14. — H. Tadd, a Victoria fisherman, evidently decided to commit suicide by leaping off the steamer Princess Marguerite as she was passing through First Narrows yesterday but on striking the water he changed his mind and began to swim.

The steamer stopped in her own length but Tadd was picked up by a Japanese fishing boat and landed safely on the Marguerite again.

CHICAGO TRIAL MURDER CASE

Dramatic Close to Defence in Scott Case Yesterday Afternoon

CHICAGO, July 14.—The dramatic close of the defence testimony for Robert Scott, who pleaded guilty yesterday to the charge of murder, the same charge for which his brother Russell is sentenced to hang on October 15, was effected by prisoner's counsel yesterday when he informed the court that Robert would rather hang too than testify against his brother.

Robert will refuse to take the stand, the attorney declared.

THREE HOMERS IN ONE GAME

Jack Fournier Ties Big League Record for Circuit Clouts.—Washington Gets 20 Hits.

NEW YORK, July 14.—Yesterday's baseball game between St. Louis and Brooklyn was featured by three home runs scored by Jack Fournier who thus ties modern major league records. St. Louis, however, batted the Brooklyn pitchers hard, scoring seven runs in the sixth and winning out.

Washington secured 20 hits, including three triples and four doubles against Chicago.

STOCKHOLM, July 14.—Paavo Nurmi established a new world record last evening when he covered 3,000 metres in eight minutes twenty and four tenths seconds in a field sports event here.

WHEAT PRICES WENT HIGHER

WINNIPEG, July 14.—Just before the close of the exchange yesterday wheat prices jumped higher and closed five cents over those of Monday. The flurry was caused by heavy buying with only small offerings. Coarse grain also advanced and rye gained almost seven points.

DR. S. F. TOLMIE IS AS POPULAR AS EVER AND SHOULD BE ELECTED

VICTORIA, July 14.—Preparations are being made here for the campaign to secure the return of Dr. S. F. Tolmie, newly appointed minister of agriculture. While it is expected that he will be opposed, it is not thought that the opposition will prove very serious. Dr. Tolmie is as popular as ever in the capital.

LEADERS PLAY FOR POSITION

Each Delays Announcement of Campaign Itinerary to See What Other is Doing

OTTAWA, July 14. — Both political leaders Mackenzie King and Arthur Meighen are playing for position. They are holding back announcement of their political movements, each wishing to see first what the other is to do. Both are likely to make a tour of the country, going probably to the Pacific Coast.

The Liberal organizers say they will soon be prepared to announce the itinerary of Mr. King but they are constantly holding back and Mr. Meighen is doing the same. Mr. King, it is announced will visit British Columbia after going to the maritime provinces.

The campaign in Ontario will be watched with interest because it is there the fight will be made which will to some extent decide the fate of the parties. It is sure that the Liberals will win the prairies provinces, and Quebec. The Conservatives say they will have a big majority in British Columbia and Ontario, while both parties claim the Maritime provinces. The Progressives will again be a factor and will probably elect a number of representatives.

In Ontario a determined effort is to be made by Liberals to capture some of the seats formerly held by Conservatives. They say that if they can do that and can equally divide the Maritime provinces and take four or five in British Columbia they will have a good majority in the next House. Somewhat similar claims are made by the Conservative organizers.

BIG MOTORSHIP IS DUE TODAY

L. A. Christiansen Coming at 7 O'clock to Pass Customs and Quarantine.

The Norwegian motorship L. A. Christiansen, Capt. Berbom, is due in port at 7 o'clock this evening to pass customs and quarantine before proceeding to Queen Charlotte City where she will load a cargo of lumber for the Atlantic seaboard.

Capt. Frank Stratford, of the Canadian Pilots arrived from Vancouver this morning and left this afternoon for Triple Island to pick up the L. A. Christiansen and pilot her in.

George Hough, who will supervise the loading of the vessel at Queen Charlotte City for the Southern Alberta Lumber Company, also arrived from Vancouver this morning.

TWELVE DEAD IN HOTEL FIRE

Hostelry at Haines Falls, N. Y., Destroyed Today .— Others Missing and Injured.

TANNERSVILLE, N. Y., July 14.—Twelve are dead and sixteen guests and seven employees unaccounted for as a result of a fire which destroyed a hotel at Haines Falls this morning. Several persons were also injured.

DEAD NUMBER 21.

DOVER, July 14.—The number of dead as a result of last Saturday's explosion reached 21 last night.

Two Murderers Hanged Today at Okalla at Daybreak Each for Killing Woman, One a Nurse

VANCOUVER, July 14. — Benito Pasquale and Alexander Debortoli were hanged at Okalla at break of day this morning, 1st minute efforts to secure commutation of sentences having failed.

Pasquale paid the penalty for slaying Nurse Ann Roedde in the Vancouver General Hospital on December 2 and Debortoli for the murder of Pearl Traversey during a quarrel, the woman succumbing to the injuries on January 16 after having made a statement accusing Debortoli.

The double hanging was carried out smoothly. "Good-bye, everybody," called out Debortoli just as the trap was released and he plunged to his death. Pasquale maintained silence, apparently being unconcerned at the entire proceeding.

FOREST FIRES IN KOOTENAY

NELSON, July 14.—Nakusp, a lumber town on the Arrow Lakes, was reported last night to be ringed with 23 fires of varying dimensions.

In the Salmon Valley a big fire is burning the Kootenay Shingle Company's operations near Salman. Fires are reported all over the district following a day of high winds.

VANCOUVER, July 14. — The forest fire situation on Vancouver Island and along the coast showed little improvement this morning although the absence of wind gave a breathing spell.

At Lewis Lake fire now covers nine miles long by two miles wide.

CANNOT CHARGE HIGH SCHOOL

Nanaimo Fails to Recover Fees From Pupil Coming From Outside District.

VANCOUVER, July 14. — In a judgment handed down yesterday Mr. Justice W. A. McDonald held that the Nanaimo school board was not legally entitled to collect tuition fees from parents of children attending city schools from unorganized districts.

The board sued Joseph Farrar for $40 fees for a child who came from outside the city.

It is likely that the board will now refuse to accept pupils from unorganized districts pending a decision regarding the situation involved by the judgment.

McGeer Asks Leave to Prosecute C.P.R. for Refusing Obey Order

VANCOUVER, July 14.—Application for leave to prosecute President Beatty, Vice-President MacInnes and Director Tilley of the Canadian Pacific Railway for refusal to obey an order of the railway board to equalize freight rates on grain and flour was made to the Board of Railway Commissioners, in session here, by G. G. McGeer, counsel for the British Columbia government. The application was directed only against the Canadian Pacific Railway, the Canadian National not being mentioned.

Mr. McGeer stated that the Canadian Pacific Railway had not obeyed the equalization order issued by Chief Commissioner McKeown and Commissioner Oliver and which had been sustained on an appeal to the full board by 3 to 3. Mr. McGeer further alleged that the Canadian Pacific Railway had set up a fictitious mileage between Vancouver and Calgary which had resulted in a rate of 21c instead of the rate of 18c which the distance justified.

DR. PALMER OPENS A HOSPITAL AT UCLUELET

Formerly in Charge of Institutions at Queen Charlotte City and Buckley Bay.

VICTORIA, July 14.—Dr. Guy Palmer has opened a new hospital at Ucluelet on the West Coast of Vancouver Island, it was announced at the headquarters of the Provincial Police here yesterday.

Facilities for the treatment of the sick and injured on this isolated part of the West Coast have been badly needed for some time and the news that Dr. Palmer has decided to establish a hospital there will be hailed with general satisfaction.

Dr. Palmer was formerly in charge of the hospital at Queen Charlotte City and later at Buckley prior to the mill closing down. He came to Massett from England at the instance of the late Rev. Charles Harris.

LOGGING CAMPS ARE CLOSING TO PREVENT FOREST FIRES SOUTH

VICTORIA, July 14.—In the face of the extreme forest fire menace, logging camps are closing down in all sections of the province. So far 106 have ceased operations, the forest branch announces.

So far the local forestry office has not heard of any camps closing in this district. One fire was reported near Ocean Falls.

Mr. and Mrs. Hamilton Douglas of Seattle have taken an apartment in the Clapp Block where they will take up their residence next week for a month or so.

LIBERALS WILL CONTEST B. C.

Candidates to Run in Every Riding Except Comox-Alberni, Where Neill Runs.

WINNIPEG, July 14. — The Liberal campaign will be launched on July 26 by Dr. J. H. King, former member for East Kootenay and late minister of public works, who said yesterday that the Liberals would have candidates in thirteen ridings in British Columbia with an independent who supported the King Government again contesting Comox-Alberni, making the fourteenth.

Railway Commission and Freight Rates.

The members of the railway commission have been invited to hold a sitting of the board in Prince Rupert. It had been thought that there was no real difference between the problems which affected Prince Rupert and those which affected Vancouver with the exception of a few local cases that might easily have been considered in the south, but on further consideration it was decided to ask the Board to come here, with a view especially to showing them the interior country which depends upon the railway as its only means of transportation to the world beyond.

It will be a good thing for Prince Rupert to add her testimony to that of other places against the unfair treatment the Pacific Coast gets under the present system, especially as there is a new government in power at Ottawa. While the commission is supposed to be independent of the Government it is dependent on it to a large extent and the Pacific Coast being generally Conservative should make a very strong appeal.

All is Not Fair Sailing in Quebec.

All is not fair sailing for Premier Meighen. He is finding trouble in Quebec. It is difficult to get two men there who are of real cabinet calibre and who are willing to risk being beaten in the forthcoming election. It is realized that Quebec is not with the Government any more now than it has been in the past. It is still likely to vote pretty solidly Liberal and a Conservative minister has not much more chance of being returned than a Conservative private member.

There are also all sorts of petty jealousies and difficulties. Lord Atholstan, who was primarily responsible for the campaign of gloom recently initiated by the Montreal Star, is still a powerful factor in Conservative politics and he is hard to satisfy.

France and England Getting Closer.

France and England are getting closer together. Now and then they have differences and then they overcome them without any public outburst and each time a difficulty is overcome it is easier to tackle the next. Finance was the chief stumbling block.

Now the financial question is being overcome. An agreement has been made for the funding of the French debt to Britain and so the two great countries have passed another crisis. It is one of the great steps toward world peace.

Where Do Our Young People Go?

Where do Prince Rupert young people go? Most of them leave the city, it seems. They go away to take part in the activities of the world, some to Canadian cities and others to American. Naturally, some remain here and if they stick to their jobs do well. There are just as many opportunities in some lines of work here as anywhere.

As Prince Rupert grows, more of the young folks will remain here. They will find that this is a good place in which to live. Every year Rupert is becoming more like other modern cities. It is losing the stigma of being unique with odd plank streets and curious houses on stilts. Today the city has become modernized and with the advent of the grain shipping business will offer still greater oportunities to young people to remain here.

FIRST ANNUAL SHOW JASPER ASSOCIATION

JASPER, July 14. — Horsemen from every part of the Northern Canadian Rockies will assemble at Jasper next Saturday, July 17, to take part in the first annual show being arranged by the Jasper Horsemen's Association.

Already more than 100 entries have been received for several of the events, notably the bucking and packing, and there will be keen competition for the various prizes offered.

The chief event will be the bronco busting contest for the Major Fred Brewster trophy. Sir Henry Thornton, president of the Canadian National Railways and a member of the association, has offered a number of useful prizes for the packing competition.

Some of the most noted guides in the rocky mountains have entered the various competitions and Col. Maynard Rogers, superintendent of Jasper National Park, has given permission to a number of his wardens to ride in to take part.

A substitute will disappoint you.

STORK GIVES AN INTERVIEW

Passing Through Edmonton He Tells His Opinion on Political Situation

A recent number of the Edmonton Bulletin has an interview with Fred Stork in regard to the political situation. He is reported as follows:

First of the Western members of parliament to pass through Edmonton on their way home to prepare for the forthcoming federal general elections, Alfred Stork, M.P. for Prince Rupert, went through on the Canadian National on Tuesday night. He was accompanied by F. G. Dawson, of Prince Rupert, British Columbia director of the board of the Canadian National railways.

Mr. Stork was emphatic in his declaration that the present situation which has arisen at Ottawa would result in the Mackenzie King government being returned by an overwhelming majority in the elections.

"There is no doubt whatever that this is a high tariff move and while the defeat of the Government was attempted on another issue, that was merely a sideline. The real issue is the Robb tariff, and the West cannot go back on that," declared Mr. Stork.

Mr. Stork also threw an illuminating sidelight on the vote of T. M. Bird, the Manitoba Progressive, who announced after the vote that he had made a mistake and voted when he was paired with D. M. Kennedy, the Peace River Progressive.

"No mistake was made after all," said Mr. Stork. "It is true that the two members were paired, but it was only for the day and the day expired at midnight, so that when Mr. Bird voted after 1 a.m. on the day he was entitled to his vote, the pair having lapsed."

GUARD TIMBERS FOR PROTECTION

City Will Try to Make Bad Places Safer for Motor Traffic

Solid timber guard rails are to be placed on certain of the city streets for the protection of motor traffic it was decided by the city council last night.

The matter was brough up by Ald. Perry who stated that old fir lumber in good condition could be obtained from the railway company for the purpose at $10 per thousand. It was estimated that about 15,000 feet would be required and the cost of labor would be $405. For the prevention of accidents it was proposed that such curbs be placed on Fulton Street above the Fire Hall, on Third Avenue beyond McBride Street and other points on the streets where there were deep drops off the roads.

Ald. Larsen stated that the proposed guard rails would be somewhat ornamental resembling the concrete curbs of motor highways.

Ald. Casey suggested that Seventh Avenue East approaching Seal Cove needed such protection perhaps worse than any other thoroughfare in the city. Ald. Perry said the Board of Works would be pleased to include this in its plans.

Ald. Stephens felt that in doing the work proposed the city might be running into something that it could not carry through. There were dangerous places on the streets all over the city and it would run into a great deal of money to provide them all with guard rails as suggested.

After some further discussion it was decided to have the work suggested proceeded with, Ald. Stephens voting against it.

ALD. CASEY COMPLAINS CONDITION OF STREETS

Wants to Know if Maintenance Work Is Planned and, if so, When it Will be Started

Citing as instances Third Ave. West and Seventh and Eighth Streets where there were holes and great ruts making the streets almost impassable for motor traffic, Ald. Casey asked the chairman of the Board of Works, last night if any maintenance work was planned for the downtown streets this year, and, if so, when it was going to be done. As it was now, Ald. Casey said, trucks could hardly pass over some of the streets except at the risk of breaking springs or upsetting loads. No work had been done on some of these streets for three years and it was time they were getting attention.

Ald. Perry, chairman of the Board of Works, stated that energy was now being concentrated on the completion of Fourth Avenue work but, as soon as tarvia arrived, it was planned to commence work on the downtown streets. It is but a short time now before the work would be commenced.

Mayor Newton pointed out that the season of good weather was advancing. He felt that no time should be lost in getting the downtown work started. He understood that the tarvia people were ready to start work. Was the city ready to start?

Ald. Perry replied that the tarvia people were expected in the city next week. By running the rock crusher two shifts, it was expected that the city equipment would be able to keep ahead of the laying of the tarvia. Everything was in shape to start work.

Ald. Casey felt that preparations would have to be made on certain streets that were rutted up. Ald. Perry stated that the city engineer would be instructed to inspect the streets so that they might be ready for resurfacing.

POLICE BROKE DOOR IN MAKING ENTRANCE

Agents for Fraser Street House Ask That Damage be Repaired by City.

A letter from H. G. Helgerson, Ltd. asking that a door which was damaged when the police made a raid on 855-857 Fraser Street on July 10, be replaced was before the city council last night.

According to the communication, the police had no search warrant and, before the tenant had been given reasonable time to open the door, entry was made by kicking in the lower panels. Further the police, on entering, found no liquor.

On suggestion of the city solicitor, the letter was referred to the police, Mr. Jones stating that the city was not liable.

Ald. Casey enquired as to the status of the police. Were they allowed to force an entrance without being held liable for damage they might do?

Mr. Jones stated that the police were given extraordinary powers under the Government Liquor Act. They were allowed to make search without warrant and, in the particular case in question, Mr. Jones expressed the opinion that the police probably had the right to act as they did.

The house in question is owned by F. S. Clements of Victoria and H. G. Helgerson Ltd. are the agents.

AIR TRAVEL TO BE QUITE SAFE

International Competition For Safer Planes to be Arranged By Guggenheim Fund.

NEW YORK, July 14—The time is coming when it will be as safe to travel in the air as on the land or the sea, in the opinion of the board of trustees of the Guggenheim Fund for the Promotion of Aeronautics, and to hasten the arrival of this era the board will sponsor an international competition for the construction of safer aeroplanes.

Between $150,000 and $200,000 will be appropriated from the fund to finance the contest, the board has announced. It hopes that the best designers and builders of aircraft throughout the world will compete.

Stimulation of commercial air transportation is the chief aim of the board. In its opinion aviation has too long been limited to principally military uses.

"The primary reason for the slow commercial development of aviation in this country and for its unsatisfactory financial status in those countries where, through government subsidies, aeroplanes are established, would seem to be lack of public confidence in flying," the board said in the announcement of its plans. "The success of commercial aviation should be assured the day that the public can be convinced, not by statistics but by actual demonstration, that airplanes are inherently no more dangerous than steamships or railroads."

The Guggenheim Fund was established last January by Daniel Guggenheim with an appropriation of $2,500,000.

STRAWBERRY TEA AND SALE WAS SUCCESSFUL

Women's Auxiliary Had Charge of Event in Cathedral Hall Yesterday Afternoon

A successful strawberry tea and sale of home cooking was held yesterday afternoon in the Cathedral Hall by the Women's Auxiliary of St. Andrew's Anglican Church. The tables were artistically decorated with summer flowers for the occasion and the event was well patronized.

Mrs. Thomas Andrew was general convener and Mrs. G. A. Rix and Mrs. Wallace C. Orchard poured, assisted by Mrs. J. A. West, Mrs. R. B. Morgan, Mrs. E. M. Tucker, Mrs. J. S. Prince, Mrs. Bert West, Mrs. C. V. Evitt, Mrs. R. V. G. LePine, Mrs. J. H. Macey and Mrs. A. G. Rix. Mrs. C. W. Homer and Mrs. W. J. Greer served strawberries and ice cream and Mrs. R. H. Smeeton and Mrs. Dalby presided at the home cooking table. Mrs. Fred Pyle was cashier and, during the afternoon, there were piano solos by Mrs. David Wilton. Mrs. J. Bremner read the teacups.

AT DRY DOCK

Halibut Boats and Other Craft are on Pontoons for Cleaning and Painting, etc

The halibut schooners Alliance, belonging to F. E. Hunt Co., Ltd.; Dolphin, Capt. Peter Byrne; and Reveille, belonging to Bradbury and Yelf, are on the pontoons at the dry dock for cleaning and painting as well as one of the Rupert Marine Products scows which is also being caulked.

STEWART

The Marmot Metals is being said to possess the largest ore body in the Portland Canal district. Those visiting the property only disagree on its extent which is vast. An average sample recently taken from the property gave values of $26 in zinc with showings of gold and silver. The ore is remarkably free of lead which is detrimental in zinc ore.

While mining still proceeds at the Dunwell mine, good progress is being made on the erection of shipping facilities for the property. Clearing of the right of way for the tram is just about completed and the tram towers will soon appear. Work of laying foundations for the mill and power plant is well under way.

Work has been resumed on the B.C. Bonanza group (formerly the Spider) with Harold Johnson of Hyder in charge.

Word has been received from Mrs. Vince Lade, who is in Truro, Nova Scotia, to the effect that her mother, whom she went East to visit, has passed away. Mrs. Lade expects to return to Stewart in about two months' time.

The Stewart Board of Trade is offering a cash reward for information leading to the detection of persons who are smashing the street lights. There have been a number of complaints along this line lately.

J. M. Armour of Vancouver has arrived here to join the staff of the Bank of Montreal taking the place of J. W. Woods who, after a trip to Dawson, will join the head office of the bank in Vancouver.

Jim Douville and his partners having completed rebuilding work, the trail from Stewart to Meziaden Lake is now open again

Two mining properties of this district last week broke previous shipping records. The Riverside shipped out 45 tons of concentrates and the B.C. Silver 250 tons of ore to Tacoma smelter Some of the latter was Bonanza ore extracted from the winze where values of over $3,000 to the ton of gold were recently encountered.

Congestion is again being experienced at the Stewart wharf boats having continually to anchor in the canal while other vessels are at the dock loading and unloading.

ALICE ARM

The Alice Arm branch of the British Columbia Chamber of Mines has decided to issue one thousand booklets to advertise this district. The cost, it is estimated, will be about $250.

A. F. Smith, after a six months' trip to Vancouver and other points in the south on business in connection with the Kitsault River Mining & Development Co., has returned to Alice Arm.

Development work has been commenced on the Eagle property near the La Rose mine following an examination recently made by W. S. Bacon, mining engineer of Vancouver, for Mr. McMorris of Vancouver who has bonded the property.

E. Groves of the Bank of Commerce staff at Anyox is spending a week's vacation here.

A large quantity of logs is being shipped from here to the pulp and paper mill at Powell River. The log carrying barge Bingamon left with 600,000 feet last Friday and the Drumrock is due on July 26 for another cargo.

HUGE SUMS ON HORSE RACES

Half Billion Pounds Sterling Said to be Staked Yearly in That Country

LONDON, July 14.—Before the recent commission Joseph Marshall, for 23 years secretary of the National Sporting League, put the grand turnover in books making at £500,000,000 per annum. He was in a position to judge of the amount of ready money or street betting, always the most difficult item to estimate accurately.

One of the estimates of the Board of Inland Revenue, laid before the Commission, put the figure at £417,000,000, with a margin of possible error of 15 per cent; that is to say, a minimum of £355,000,000 and a maximum of £479,000,000.

The amount passed through the totalisator in New Zealand would amount, if New Zealand had a population as big as Great Britain, to £350,000,000.

The number of bookmakers (exclusive of clerks and runners) in Great Britain was put by Mr. Marshall at 16,000. I believe this to be, if anything, an underestimate. But it agrees pretty well with the figures for London only given by the Assistant Commissioner of Police. If we suppose that the average net income earnings of all book-makers is £500 a year (certainly a modest estimate for the average income and remember that the Commission put the pet earnings of a bookmaker at 2½ per cent of the gross turnover, we get a turnover of £320,000,000.

SONS OF CANADA AGAIN WINNERS

Defeated Grand Terminals at Baseball Last Night by 7 to 2

The Native Sons of Canada took the Grand Terminals into camp at baseball again last night to the tune of 7 to 2. The game was close in play until the seventh inning when the Sons had a batting rally and put the match on ice. The big hit of the evening was a three-bagger by Vic Menzies.

Gordon pitched a good game for the Terminals but his side lost again through lack of support. Vic Menzies hurled for the Sons and the catchers were Harry Astori and Dave Balfour. Umpires were George Mitchell and Dick Howe.

The standing of the teams to date is as follows:

	W.	Lt.	Pct.
Native Sons	6	2	750
Terminals	3	4	429

The Navy will field: Moore, Shenton, McDonald, Peacock, Cann, Fitzgerald, Dyer, Wyman, Sims, Byrne, Chenoski.

Burns Lake defeated Topley by 11 to 1 in a baseball game that was played at Burns Lake on Dominion Day. The Topley team was completely outclassed.

A big celebration will take place at Stewart on Labor Day when the proceeds will go to the Stewart General Hospital which may have to be closed unless considerablef inancial assistance is forthcoming in the very near future.

While Ketchikan had a team here for the Dominion Day celebration, there was also a crew of baseballers from the Alaskan metropolis for the same day at Anyox. The series of two games was divided, Anyox taking the first by 9 to 7 and Ketchikan winning the second, 3 to 1.

WHEAT POOL AND BUSINESS

Big Organization Has Been of Great Advantage to Number of Trades.

VANCOUVER, July 14.—The effect of orderly marketing on the basic level of grain prices and the method of payment under the Pool have resulted in the general betterment of business to the various trades interests and especially from the standpoint of the retail merchant, George S. Jarvis, Saskatoon, Sask., declared in an address before the Canadian Credit Men's Association convention here this morning.

The betterment of the business conditions of the retail merchant is reflected on the wholesale dealer, Mr. Jarvis added, and wholesale men consider that business is being conducted on a more healthy basis, as it has a tendency to eliminate losses in credit given farmers on their supplies during the year.

Effect Widespread

Mr. Jarvis went on exhaustively into the steps which led up to the formation of the farmers' co-operative selling agencies and then discussed the effect of the organization on the various businesses. He said that the members of the C. C. M. A. were prone to look on the effects of the wheat pool on one class of business—the retail trade, whereas it was reflected in the businesses of mortgage companies for loans on land; the banks and private individuals for advances; the machine and implement companies and the retail and wholesale merchant trade.

Investigation, he went on, had revealed the following attitude by the various business firms toward the wheat pool:

Mortgage Companies—The farmers have been able to retire a considerable portion of their past due indebtedness since the inception of the pool. Prices have been stabilized to a certain extent and the farmer placed in a more favorable position from the loan companies' point of view.

Willing to Co-operate

Banks — At the present time eight of the larger chartered banks in Canada are financing the pool itself and generally are showing a willingness to co-operate with the movement.

Machine and Implement Companies.—The implement companies are favoring the pool movement. Payments from the pool are made at a season of the year which enables the farmers to purchase equipment more or less on a cash basis rather than the long term basis which has been in existence for a number of years.

Retail Trade.—It is the general belief that the system of marketing under the pool has had the effect of placing business on a more solid basis, as the initial cash payment and the interim payments during the year have now given the farmer money spread over the year. This is having the effect of increasing the cash sales and enabling merchants to operate at lower cost and to lower prices to compete with the large mail order houses.

Wholesale Trade

Wholesale Trade.—The condition in the retail trade is reflected with wholesale distributors now assisting merchants by offering goods at prices which enable them to induce the farmers to spend their money in their home districts.

In conclusion Mr. Jarvis said that the pool had resulted in better collections as the debtors have a certain amount of money due from the deferred payments on wheat sold through the pool, which if distributed, ratably, will give all classes a fair share of the receipts from the proceeds of the sale of the crop.

The Secret Of Uniform Quality

FROM raw material to the finished product, Ford standardization is complete to the smallest detail.

This uniform Ford quality has resulted in the uniform satisfaction of more than twelve million owners.

Half the cars in use to-day are Ford cars, every one of them built to a standard of quality by which Ford leadership has been maintained for twenty-one years.

Said a voter, when they met;
I hear you're going to win this time
But I vote for King, you bet.

ATHENS EXCAVATIONS TO LAST TEN YEARS

ATHENS, July 12.—Plans have been completed with the Greek government by Professor Edward Capps of Princeton University, to excavate the ancient city of Athens, a tthe foot of the Acropolis. The enterprise is the greatest in the history of archaeology and is expected to occupy ten years.

Sandy said to his friend: "Noo, McDougal, if I gave you a hundred pound, what would you do with them?"

Mac replied: "I would count them."

STUDY WHALES IS THE OBJECT

Big Creatures Will Be Marked With Silver-Plated Darts Shot From Vessel.

LONDON, July 14.—Keen interest is being taken in scientific, fishing, and shipping circles in an expedition about to be embarked upon by the research ship William Scoresby, now lying in Humber Dock at Hull. The vessel has been built to the order of the Crown Agents for the Colonies and is chiefly for whaling research and deepsea fishing study generally. It is expected that the expedition will lead to legislation for preventing the whale being fished to extinction in certain seas.

Ascertain Habits

The primary object is to ascertain the habits of whales, whether they are polygamous, and what measures should be taken to protect the whaling industry. If the expedition finds that the male whale has more than one female mate it will then be known that it is more destructive to kill a male than a female, and steps will be taken to safeguard the propagation of the males. The expedition is being undertaken on behalf of the government of the Falkland Islands and will act in concert with the Royal research ship Discovery, which has already been in service for some months. The William Scoresby is named after a famous Whitby whaling captain, and was built at Beverley expressly for the purpose. She is 125 feet long, with a beam of 26 feet and a depth of 13 feet 6 inches.

Marksman's Platform

On deck is a marksman's platform, constructed right forward to facilitate the marking of the whales and giving a good radius of observation. From this platform a man may shoot from a gun small, silver-plated, serially-numbered darts, by which whales will be marked, to determine their migratory habits. Every whaling station in the world has been circularized from London and asked to report the capture of marked whales with a note saying where they were caught and their state of maturity.

WATER NOTICE

Use and Storage

TAKE NOTICE that J. M. Ruffner, whose address is Atlin, B. C., will apply for a licence to take and use 70 C. F. S. and to store 42 C. F. S. of water out of 4th of July Creek, which flows south westerly and drains into Atlin Lake, about 6 miles north of Atlin.

The storage dam will be located at or near the foot of a chain of small lakes. The capacity of the reservoir to be created is about 1250 million cubic feet, and it will flood about 2900 acres of land, including the lakes. The water will be diverted from the stream at a point about and below the proposed dam about 5 miles westerly of west line of 4th of July Mineral Claim, and will be used for power for mining purposes upon the mines, described as Atlin Silver-Lead Mines and Ruffner Groups of Mineral Claims.

This notice was posted on the ground on the 16th day of June, 1926.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Atlin. Objections to the application may be filed with the said Water Recorder or with the comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 2, 1926.

Her Liver Was Bad And She Felt Tired and Depressed

Mrs. M. Siefert, Grosswerder, Sask., writes:—"I was greatly disturbed with pains in my liver, and felt tired and depressed most of the time.
One day I read about

Milburn's LAXA-LIVER PILLS

and the next time I went to town I bought four vials of them.
I have used them regularly, and after two months' use I feel like an entirely different woman.
Now, I always recommend them to any of my friends who are troubled as I was."

FATHER INTERCEPTED PLANS OF ELOPERS

Flew from Croydon and Met Train Train as it Pulled Into East Coast Station.

LONDON, July 14—Like an up-to-date film thrill was the dramatic overhauling of two eloping lovers, whose plans a father upset with the aid of an aeroplane. The other day a motor car dashed at high speed along the road leading to the London air station, Croydon, and drew up at the gates. From it lept a man, who rushed into the offices of the Imperial Airways, and demanded an aeroplane to take him to a resort on the East Coast. All the available large air liners were engaged in the continental services, and a small three-seater machine was hurriedly obtained. It was in the air in less than fifteen minutes. On alighting at his destination he made all speed to the railway station to await the arrival of a train from London. From this, as it drew up, emerged a girl and a man. The air passenger went up to the girl—his daughter—and besought her to leave her companion, with whom it was evident she was eloping. This after a great deal of persuasion, she agreed to do, and her father hurried her away, leaving the man discomfited on the platform. Then the father, leaving nothing to chance, took the girl back to the waiting aeroplane and flew with her to London.

BORROWED CUSTOMS OF FIJI ISLANDS

OMAHA, Neb., July 14.—Bobbed hair and short dresses are customs North American women have borrowed from his people, Ratu Meli Halabogi, native chieftain of the Island of Viti Levu, of the Fiji group, declared. He is touring the United States with J. F. Fulton, missionary in the Fiji Islands for 32 years.

"In my association with white people, I have noticed many changes in their dress," the chief said. "The girls and women used to dress more modestly. Now the girls' dresses are short, the way the dresses of my people are. You have borrowed many customs from us. One of them is bobbed hair. The girls of the polynesian people have worn their hair bobbed for many years.

"My people, with black faces, use paint to make them blacker. I notice you people, with white faces, powder them to make them whiter."

FOREST AND OUTDOORS MAGAZINE NOW BEING PUSHED BY PUBLISHERS

The Canadian Forestry Association is doing good work in drawing attention to the need of forest protection and education in conservation methods. They are publishing a magazine "Forest and Outdoors," which is a very interesting and valuable publication. Just now a drive is being made with a view to placing the magazine in as many homes as possible.

The general scheme is a good one and the magazine should be of interest to anyone who cares for outdoor life.
