From the Waterfront

At least one large school of flying fish is reported to have been seen during the past summer on the Langara trolling grounds. These are a tropical fish and it is believed to be the first time they have been seen on the Islands. A large sawfish was recently washed up on the shore at Langara Island.

Trolling on Skidegate Bar continues poor, according to latest reports from the Queen Charlotte Islands. The Canadian Fish & Cold Storage Co.'s packer Grier Starrett, Capt. Inge Valen, is the only packer now buying there. Owing to heavy rains, the seining has not been amounting to much either.

Union Steamship Co.'s freighter Chilliwack, Capt Ernest Sheppard, was at Queen Charlotte City last week with a shipment of mining machinery for the Skidegate Gold Mines on which work is being steadily proceeded with. The shipment included the parts of a 100-ton mill which is to be installed on the property.

Bruce Stevens of this city was a recent visitor on the Queen Charlotte Islands, buying salmon for Nelson Bros. Fisheries at Langara, Skidegate and Cumshewa.

Only one boat sold halibut at Seattle yesterday, this being the Resolute which disposed of 36,000 pounds to the San Juan Fisheries at 11⅜c and 10⅜c.

Northland Transportation Co.'s motorship liner Northland, Capt Len Williams, arrived in port at 8 o'clock this morning from Ketchikan and, after discharging five carloads of frozen halibut and canned salmon for transshipment East over Canadian National Railways, sailed at 12 noon in continuation of her voyage to Seattle.

The J. R. Morgan Logging Co.'s tug Prince Albert was in port this morning from the Queen Charlotte Islands for fuel.

Capt. Neil McLean has taken over command of C.N.R. steamer Prince John on the Queen Charlotte Island run for the winter and is in port with the vessel on her present voyage.

C. P. R. steamer Princess Adelaide, Capt. Henry Anderson, is due in port at 7:30 this evening from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

Pilot Charles Elliott, after having been away at Stewart for the past few weeks carrying mining supplies into various parts of that district, arrived here at 11:30 this morning from the north with his Pacific Airways Junkers seaplane. He brought in a sick child with its parents from Stewart and left shortly after noon on his return north. He is now engaged in bringing men and freight out of the Unuk River area before the freeze-up.

Robert Taylor and Barbara Stanwyck Top Cast in "His Brother's Wife"

With the attractive co-starring team of Barbara Stanwyck and Robert Taylor in the leading roles, "His Brother's Wife," a play of human emotions under tremendous strain, comes as the feature offering to the screen of the Capitol Theatre here this week-end.

Taylor, who has won screen popularity in a remarkably short space of time, appears as a venturesome scientist about to embark on an expedition into the tropical jungle. On his final fling in New York he encounters a red-headed girl and instantly falls in love with her. He considers quitting the expedition but his brother, John Eldridge, persuades him to carry on. In her bitter reaction of anger and disappointment, the girl marries the brother at home. This is the situation to which the young explorer returns. Her love for him is just as reckless as ever and they renounce the world to go into the jungle together. There, after her husband has divorced her, the young scientist turns on the girl. Here the story takes a surprise turn which provides an unusual climax.

Jean Hersholt and Joseph Calleia are other important members of the cast.

RAILWAY RUNNING

Cumshewa Hears Clang and Tooting of Locomotives for First Time

The clang of bells and the tooting of whistles are now heard for the first time at Cumshewa Inlet, Queen Charlotte Islands, as two locomotives rush out flat cars laden with thousands of first grade Sitka Spruce logs over the logging railway which has just been put in operation by the A P. Allison Logging Co.

The up-to-date dining room and cookhouse remind one of a big hotel at some summer resort and are a marked contrast to the ancient totem poles at the nearby native village of Cumshewa.
