BIG RANCH IS STARTED

Son of American Admiral and Other Prominent Americans Take Interior Land

MONTREAL, Nov. 19:—Interested with a group of friends in the possibility of developing a cattle ranch of considerable size and finding no suitable opening in the United States, Richmond Pearson Hobson jr., son of the Rear Admiral of the United States navy, who won fame by sinking the "Merrimac" in the Spanish American war, is coming to Canada as a permanent resident. With more than $40,000 already invested and financing to carry on a three-year development program fully assured, the Last Range Cattle Company has been incorporated with a British Columbia charter. The ranch is located between Anahim Lake and valley of the Blackwater River, including locations in the neighborhood of Sigutat Lake and along the Euchiniki Lakes in the country between Bella Coola and the Canadian National Railways. Here control has been secured of sufficient range and meadow to run from 10,000 to 12,000 head of cattle. Considerable fencing and building is already completed, twelve tons of machinery taken in and the nucleus of a herd is already on the ground with feed for the coming winter put up.

Principal officers of the company are Mr. Hobson, Allen Stuyvesant of Montclair, New Jersey, Lloyd Phillips and Gerald Van Amergen of Calvin Bullock and Company, Wall Street, New York, who is treasurer. It is anticipated the George A. Penneyer, now rated as one of the most experienced cattle men of Wyoming will take charge of handling the stock early next year.

Mr. Hobson's attention was directed to the large and promising undeveloped areas of British Columbia by the Industrial and Colonization and Agricultural departments of the Canadian National Railways. Officials of the provincial government helped him make his location.

CORONATION MEDAL IS DULY PRESENTED

Rt. Rev. G. A. Rix D.D., Bishop of Caledonia and Indian Agent W. E. Collison returned to the city on Wednesday aboard the Indian Department cruiser Naskeena where on Tuesday night a Coronation medal was presented by Mr. Collison to Chief Edward Gamble, one of the principal men of that village down the coast. The presentation took place at a feast at which Mr. Gamble was the host.

WAKE UP LIKE A CAVE MAN

Feel Full of Life—No More Tired, Dull, Heavy Mornings

Keep your liver healthy and you'll feel great every morning. When you wake up feeling "rotten" your liver is out of order. Your liver clears the blood of poisons, separates the nourishing part of your food from the waste. Supplies energy to muscles, tissues and glands—gives out bile, the body's laxative, helps stomach, kidneys and intestines to work properly. A mere bowel movement isn't enough. "Fruit-a-tives" made from fruits and herbs, will strengthen and build up your liver like nothing else will. You'll be amazed how well you are every morning. Try Fruit-a-tives. All druggists.

FRUIT-A-TIVES LIVER TABLETS

WHIFFLETS

From the Waterfront

Two Royal Canadian Air Force seaplanes are again engaged in aerial photography out of Prince Rupert. A few days ago Squadron Leader Mawdesley arrived with his plane and was joined on Wednesday of this week by Squadron Leader A. L. Cuffe from Vancouver. Both planes went out together about 9 o'clock this morning on a photographic flight.

Southbound from a regular voyage to Skagway and other Alaska points, C. P. R. steamer Princess Norah, Capt. William Palmer, arrived in port from the north at 2:45 yesterday afternoon and sailed at 5 p.m. for Vancouver. The vessel brought in a total of 133 passengers of whom sixteen disembarked here. Five took passage from here to Vancouver on the Princess Norah.

C.P.R. steamer Princess Adelaide, Capt. Henry Anderson, is due in port at 7 o'clock this evening from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

LOCAL NEWS

Mrs. George Creighton, who has been paying a visit here with her mother, Mrs. H. F. Pullen, leaves by this evening's train on her return to her home in Regina.

Emil Anderson pleaded guilty in city police court this morning to a charge of assault in striking Mrs. W. J. McCutcheon on Second Avenue Wednesday night. Mrs. McCutcheon asks that it be made clear that this man accosted her without provocation. She had never seen him before and she feels that she has suffered enough at his hands without having to undergo any further indignities as far as he is concerned.

THIS FILM VERY FINE

"One Hundred Men and a Girl," With Deanna Durbin and Leopold Stokowski

Beauty of its music and charm of its acting combine to lift those who see "One Hundred Men and a Girl," showing at the Capitol Theatre this week-end, to realms of high delight. It is, indeed, an outstanding picture which can be highly recommended. A big audience was on hand for the opening last night and the favorable comment that was aroused will, no doubt, help to make capacity houses for the rest of the showing. It is one of those pictures which one simply cannot help being enthralled with.

The dominating personages are, of course, that sprightly and altogether captivating little Canadian actress, Deanna Durbin, who has made such a meteoric climb to fame on the screen, and Leopold Stokowski, famous in musical circles the world over as conductor of the Philadelphia Symphony Orchestra. Deanna, in addition to being a charming little actress, has a fine soprano voice and excelled in some high class operatic arias. Stokowski, on the other hand, seems to be quite at home in his acting parts and, of course, his talents as a conductor do not need alaborating upon except to say that it is most interesting to see him on the screen. Heading the supporting cast in important roles are Adolph Menjou and Eugene Pallette with Alice Brady and Mischa Auer also in key parts.

The settings and photography of "One Hundred Men and a Girl" are fine indeed. The recording presents some new effects which, no doubt, contrive to make the picture more intriguing.

Austin Goodenough, superintendent of the Hanson Timber & Lumber Co at Smithers, is paying a brief business visit to town today. He arrived from the interior on last night's train and is returning to the interior this evening.
