New Principal of School at Burns Lake Appointed

BURNS LAKE, Aug. 10:—Gordon Clarke B. A., formerly of Hedley, has been appointed principal of Burns Lake Superior School. Miss Kay Manson, formerly of Tintagel will be teacher of the upper public school grades. They will commence their duties with the opening of the fall term.

At the recent annual school meeting R. Bradley was re-elected secretary-treasurer for a second term of three years. Mrs. A. Anderson, chairman, and C. Ostberg remain on the board.

HARRY KING STOLE SHOW

Well Known Terrace Man Humorist Of Smithers Convention—Fine Banquet

Smithers, August 10.—The banquet of the Associated Boards of Trade convention which was provided by the Smithers Chamber of Commerce for the visiting delegates took place in the Hudson Hotel Friday evening when the large dining room was taxed to capacity and some who wished to attend were unable to obtain seats. An excellent spread was provided and elicited many flattering comments

A. C. Fowler, president of the Smithers Chamber of Commerce, was chairman and toastmaster for the occasion and filled the office very capably indeed.

After the banquet the tables were cleared and the evening was spent in listening to the after dinner speeches made by many of those present.

Harry King of Terrace proved to be the humorist of the convention. His speech at the convention Friday morning, in which he extolled the advantages of living in Terrace, quite "stole the show" and provided a fine break in the serious business attitude that had dominated the convention hitherto. In the evening he was expected to keep up his reputation which he did quite humorously and Terrace has received some valuable advertising as a result of the two short speeches of Mr. King.

Some of the delegates remained in town to take in the celebration of the twenty-fifth anniversary of Smithers while others found it necessary to depart the next day.

Many of those who attended expressed the opinion that it was the most successful convention yet held by the Associated Boards and that it would result in benefits for the North

Delegates See Country

On Friday afternoon the delegates were driven around the valley in motor cars. Some of them visited Glacier Gulch and went on to Moricetown to see the sockeye salmon jumping the falls in large numbers and also saw the Indians gathering their annual harvest of fish at that place. This was quite a revelation to many of them who had not before witnessed the scene Others drove through the agricultural districts and visited the Dockrill Coal Mine. They were all impressed with the area available for farming and also with the excellent seams of coal seen at the mine.

H. G. Perry, M.L.A. for Fort George, dwelt at some length on these advantages during his speech at the banquet that evening.

The next annual meeting will be held at Prince George.

WHIFFLETS

From The Waterfront

Union steamer Catala, Capt. James Findlay, having been delayed by loading salmon at Naas River points, arrived in port at 10:45 last night from the north and sailed at midnight for Vancouver and waypoints.

With a full list of passengers consisting largely of round trip tourists for Alaska, C. N. R. steamer Prince Rupert, Capt. James Watt, arrived in port at 11 o'clock this morning from Vancouver Powell River and Ocean Falls and sailed at 1 o'clock this afternoon for Skagway and other northern points whence she will return here next Monday southbound.

Two western schooners sold 6½,000 pounds of halibut at the port of Seattle yesterday. They were Thor, 36,000 pounds, Sebastian-Stuart, 11¾c and 9⅞c;, Superior 25,000 pounds, Booth Fisheries 12½c and 11⅛c.

Capt. John Skarpness has disposed of his half interest in the well known Seattle halibut boat Maddock to Capt. John Johnson formerly of the boat Lively. Capt Johnson will become skipper of the Maddock. Capt. Skarpness' plans for the future are unsettled.

The United States Bureau of Fisheries estimates that frozen halibut stocks on July 15 this year amounted to 9,737,000 pounds, a decrease of almost a million pounds from 10,789,000 pounds at a corresponding date last year. There was a slight decrease in production this year but the principal reason for the reduction in frozen stocks this year is an increase in the movement of fresh fish direct into the market.

C. P. R. steamer Princess Alice Capt. William Thomson, southbound from Skagway to Vancouver with a full list of tourist passengers, is due in port at 3:30 this afternoon from the north and will sail at 5 p.m.

SWING IS COLORFUL

"Gold Diggers in Paris," a new and elaborate musical, showing as the mid-week feature offering at the Capitol Theatre here, brings back to the screen after a three-year absence Rudy Vallee, the crooning orchestra leader. One of the important features of the entertainment is the debut in films of Freddie Fisher's Schnickelfritz Band, a crew of mad musicians which has been creating quite a sensation in other fields.

Sharing the romantic and singing spotlight with Vallee is the charming Rosemary Lane. Gloria Dickson does the heavy dramatics while Hugh Herbert, Allen Jenkins, Mabel Todd, Melville Cooper and Ed Brophy have important comedy parts. Of course, there is a large and colorful dancing chorus.

The plot revolves about the adventures of a troupe of dancers in a night club, the owner of which is Rudy Vallee. The hotcha girls, as a result of an amusing error perpetrated by Herbert, are taken to Paris to represent America in an international ballet contest. After numerous exciting and funny complications, the swing girls get on the stage and make the judges forget all about ballet. Everything turns out well with a big and colorful finale number.
