TO CIRCLE GLOBE

DARWIN, Australia, Feb. 8: (CP) —An "all red" air route round the world will be an established fact in two or three years, according to S. A. Dismore, assistant general manager of Imperial Airways. He believes the Atlantic route will be operating before the Pacific service is inaugurated.

MR. JUSTICE KRUSCHEN IN THE HYGIENE COURT OF JUSTICE

Mystery of Bank Clerk's Failure

JUDGE: Were you a failure at school?

PRISONER: No, my lord. I was a good student and captain of the football team.

JUDGE: Ah! I think I can solve this mystery. Tell me, prisoner — how many games of football do you get every week now?

PRISONER: Why, I can only play once a week—on Saturdays—at the most.

JUDGE: Thank you. That will do. This case is as clear as daylight.

PRISONER: (excitedly): Oh, sir, I'm sure I'd be fit if I *could* exercise more often. I'm not getting half enough fresh air or exercise nowadays.

JUDGE: Fresh air? What's the good of talking about fresh air when you work in the city? What you want, young man, is something to make up for this inevitable lack of exercise. Something to keep your system from becoming sluggish. Something to keep you clean and fresh and regular internally, just as you were at school when you were playing games every day. And that something is Kruschen Salts.

PRISONER: I sometimes take Epsom Salts, my lord. Wouldn't that have the same effect?

JUDGE: Epsom alone is not good enough. Nature designed your system to need several different salts and in Kruschen all those salts are found. Each little daily dose of Kruschen contains exactly one day's supply, exactly the right amount to keep all your organs—liver, kidneys, stomach and everything—tuned up to perfect fitness. Kruschen is more than ever necessary at this time of the year, because it is a valuable tonic.

PRISONER: Thank you for explaining that so clearly, my lord. I am really glad to know how to keep fit.

JUDGE: That's right! Now go back to your work, and we'll soon see you the smartest, keenest man in your office. But remember that regularity is the thing. It's the little daily dose that does it.

KRUSCHEN SALTS

relieve constipation and rheumatism

Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure, the inside clean, and the system generally toned up, but which you can't get in Nature's own way without abundant exercise and fresh air. You should have those salts *every day*; hence the importance of the "little daily dose". Every drug counter sells Kruschen in 25c, 45c and 75c bottles. *It's the little daily dose that does it.*

Will Endeavour To Provide Milk For School Children

Meeting in regular monthly session last night at the home of Mrs. A. T. Parkin, Borden Street Municipal Chapter, Imperial Order, Daughters of the Empire with the Regent, Mrs. D. Orchard McLeod, in the chair over a large attendance of members, had an interesting discussion on ways and means of meeting a proposal of Miss D. N. Priestly R. N. school nurse, that milk should be supplied to children of Grades 1, 2 and 3 during recess to help them in convalescing from the effects of recent epidemics.

Daughters of the Empire funds, it was felt, were not sufficient to carry out this work, even with the co-operation of parents who were able to pay, but it was decided to appoint a committee to meet organizations and solicit financial aid to make the milk available until Easter.

Christian Youth Society Meets

Entertained by C. G. I. T. And Tuxis Square Last Night

Members of the Christian Youth Society were entertained last night at their bi-weekly meeting in the First United Church by their guests, members of the Winnebagoes Canadian Girls in Training Group and of the Crusaders Tuxis Square of that church.

After a few introductory remarks by the president of the Society, Ken Harding, the meeting was turned over to Maurice Davvey who led the devotionals with a short talk. Jack Davis read the Scriptures.

With the President back in the chair again, there was a short business session. Miss Winnie Cameron read the minutes of the last meeting and also of that hot executive meeting. Both were adopted. The Treasurer's report showed a favorable balance on hand.

The President brought up for discussion the question as to whether the interest groups should be begun again. He suggested such groups as a hobby group, including photography and stamp-collecting, a sewing club for the girls and a book circle. He suggested that the Society take more time to consider this and left it over until next meeting.

Coming events that were mentioned were the St. Patrick's Dance that is to be held on March 18. A few of the members raised their voices against the date of this dance but this item of business was also left over for the next meeting. One thing that the President emphasized was the need of fullest co-operation from every member of the Society to make the forthcoming three-act play, "One Delirious Night" a success.

At the conclusion of the business, the C. G. I. T. took over the spotlight and presented a very amusing shadowgraph. It was the old "operation" scene, that has been enacted over and over again only it had a few creditable changes for the better. There was sing and dancing interspersing the deft thrusts of the surgeon's knife. The queerest things were pulled from the patient's interior during the operation. Mrs. Pugsley was in charge of the presentation as leader of the older girls group of the C. G. I. T.

Next on the program was the farcical presentation of a "mock" trial by the Crusaders Tux's Square. This also provoked much laughter as well as cat-calls from the audience.

The well-rounded-out meeting came to a close after all present had partaken of refreshments. The next meeting of the Christian Youth Society will be held in two weeks time in the Baptist Church. There will be a guest speaker.
