"SPELL IT BACKWARDS!"

"And you get the word **MILK**", points out Elsie, the Borden Cow. "And that's just what **KLIM** is—pure, fresh, whole milk with all the cream left in, powdered by removing the natural moisture content. Simply add Klim to cold water—whisk with a beater—and you have an instant supply of creamy pasteurized whole milk. I can't recommend anything better for baby, home or camp."

KLIM

"If it's Borden's it's GOT to be good"

SMITHERS

Peter Haftner of Smithers received a telgram on Monday morning bearing the sad news that his son, John Haftner of Maidstone, Saskatchewan, had been drowned in the Saskatchewan River together with a fellow swimmer. Deceased was 34 years of age and a farmer in the Maidstone district. His father and two brothers reside at Smithers and he has brothers and sisters residing in Saskatchewan.

A Canadian Airways plane, with pilot Russ Baker of Fort St. James in charge, alighted on Lake Kathlyn Monday afternoon. The plane was enroute from Fort St. James carrying road superintendent Fergus Park of Vanderhoof to Aiken Lake. Bad weather, with thunder and lightning and very bad air pockets, was encountered and the plane was forced to turn away from the area and find a landing at Smithers. It took off from Lake Kathlyn again Tuesday morning.

Whifflets

From The Waterfront

Union steamer Catala, Capt. James Findlay, returned to port at 9:40 this morning from her delayed voyage to Stewart, Anyox and other northern points and sailed a couple of hours later for Vancouver and waypoints. On her next voyage north the Catala will have a large number of round trip tourist passengers, it is expected.

Only two vessels sold halibut catches at Seattle yesterday, one being a western schooner from the Area No. 3 banks and the other a local boat with halibut incidental to sablefish and cod. The Republic sold 40,000 pounds of halibut to Whiz at 12⅞c and 10c and the Freya 20,000 pounds of sablefish at 4¾c, 600 pounds of halibut at 14c and a quantity of mixed cod at 3c to San Juan.

Making her final voyage of the season on the Alaska tourist service, C. N. R. steamer Prince Rupert, Capt. Neil McLean, arrived in port at 9 o'clock this morning from Vancouver, Powell River and Ocean Falls and sailed at 1 o'clock this afternoon for the north whence she will return here next Monday southbound. The Prince Rupert had on board 212 passengers, the large majority of whom were round trip tourists.

C. P. R. steamer Princess Louise, Capt. S. K. Gray, southbound from Skagway to Vancouver with a large list of Alaska tourists on board, is due in port at 3:30 this afternoon and will sail at 5 p.m. for the south.

AT SERVICE FOR BRITISH WAR VETERANS

The Earl of Athlone, brother of the Dowager Queen Mary (left) is pictured chatting to Signor Carlo Delcroix, blind war veteran, first president of the international committee of ex-service men, who represented Italian war veterans at a British Legion Memorial service at the cenotaph in London. The earl himself is a member of the legion, having served with distinction in the world war.

EMBARGO COUNCIL

Movement to Discourage Trade With Aggressor Nations Gets Under Way in Prince Rupert

Electing permanent officers and making plans for future activities which will be largely along propaganda lines to discourage trade in any way with aggressor nations a public meeting of the local embargo council was held last night in the parlors of First Presbyterian Church. The prime objectives of the council are to effect a boycott on the purchase of goods made in Japan, Germany and Italy and an embargo on the shipment to those countries of war making materials. Thomas Elliott, secretary-treasurer of the Prince Rupert Trades and Labor Council, was elected chairman of the council, G. W. Dolsen, vice-chairman; Rev. H. G. Funston, secretary-treasurer, with an executive consisting of H. Harkus, Thomas McKenzie, Edward Chungkee, Dr. R. E. Coleman, George Lawson, Jack Deane and Rev. J. C. Jackson.

In the course of discussion, explanation was made that the movement, supporting which were such organizations as the Women's Christian Temperance Union, Trades and Labor Councils, Young Men's Christian Temperance Association, Young Women's Christian Association and Ministerial Associations, had boycott and embargo activities against aggressor nations as its sole objective. It was not serving any other organization and each local group was autonomous to carry on such activities as might be considered suitable to meet conditions.

Early activities of the council will include a membership drive, distribution of posters, selling of buttons, press and radio advertising and publicity and a tag day. Local merchants will be asked not to stock Japanese, German or Italian goods and later will be asked to post placards announcing that they do not sell them. The Senior and Junior Chambers of Commerce and the Prince Rupert Retail Merchants' Association will be communicated with advising them of the boycott plan.

Five thousand Prince Rupert people read the Daily News. It pays to let them know what you have to sell.

Enrol Now! At the News

It's As Simple As "TWO and TWO"

To succeed, industry must have adequate markets for its products. Foreign trade is a matter of foreign competition and demand, and is largely out of our hands as individual citizens of British Columbia. A steadily growing domestic market is no less important, and this is our personal individual concern.

When you specify "Made in B. C. Products" every time you are about to make a purchase you are helping British Columbia Industry to buy more from those engaged in producing raw materials and to provide more work for British Columbians. When, by exemple, you encourage your fellow citizens to do likewise . . . you are rendering inestimable service to yourself, your neighbor, and your Province.

HAD BAD ACCIDENT

Rearing Horse Spikes Interior Man On Head—Brain Protrudes

SMITHERS, August 16:—A serious accident befel John Hines, a well known farmer of the Doughty area about 15 miles north of Smithers, on Friday morning while he was engaged in bringing in hay from the field to the barn. While working at the head of his horses one of the animals reared up and struck him on top of the head with a sharply shod hoof, tearing his scalp and smashing a hole in the top of his head, causing a part of the brain to protrude.

Mr. Hines bound up his head and cranked a car and drove himself to hospital at Smithers where he is now receiving medical attention and will be confined for about two months at least. Latest reports are that he is doing as well as can be expected but his right hand and arm are at present paralyzed.

Mr. Hines has been located at Doughty for about 20 years and has one of the best farms in the district. He has also been operating a small sawmill near Beaumont and is well known as an exceedingly hard worker.

It is hoped that his accident will not permanently disable him but it will be some time before this will be known.
