IMPORTANT STATEMENT

President Roosevelt May Have Something To Say On Foreign Policy—Deplores Bombing

WASHINGTON, May 7:—President Franklin D. Roosevelt is expected to make an important statement regarding foreign policy on Friday night of this week in giving an address of welcome at the opening of a scientific congress. It is reported that Pope Pius is suggesting to the President that now is the time to make a final effort to restore general peace.

Yesterday, in a message to the annual convention of the International Red Cross Association, President Roosevelt pledged continuation of United States adherence to a policy of outlawing open bombing of civilian population and defenceless communities in warfare. He regretted that certain governments today had seen fit not to comply with such agreements in the past and said that the United States would join with any further resolutions in the future along these lines. Diplomatic representatives of twenty nations, including those of present belligerents, attended the gathering at Constitution Hall where the President's message was read. Unrestricted bombing of civilian population, said the message, was "a tragedy which aroused the horror of all mankind."

The President returned to Washington overnight from a week-end visit to Hyde Park, hurrying his returning several hours earlier than he had expected owing to the tense international situation, particularly in the Balkans and Mediterranean.

Idle Rumors On Queen Charlottes Officially Denied

The secretary of the Prince Rupert Chamber of Commerce, at its meeting last night, heard a report from the secretary stating that he had replied to a query from the Queen Charlotte Islands telling the people there that the islands would be given the same steamship service this year with the Prince Charles as last year.

The message was in reply to a wire from James Denholme saying there were all sorts of rumors abroad there. It was stated in some quarters that the Union Steamship Company was to make calls at the Islands and other said the islands would be left without any service at all. Both rumors were denied.

Ootsa Lake Trapper Feared to Have Lost His Life While Skiing on Rotten Ice

FRANCOIS LAKE, May 7.—Nothing has been heard of Les Akrea, fur farmer of Ootsa Lake and former partner of Johnny Barker, "The Black Fox King," since he started out on the rotting ice of Ootsa Lake two weeks ago on skis. The worst is feared since Akrea's skis were washed ashore a week later on the beach in front of his partner's fur farm. Provincial police and game wardens are making a search of the islands and lakeshore but little hope is held out of finding Akrea alive.

FINE MUSIC IN PICTURE

"Great Victor Herbert" Is Attraction For First Half Of Week At Capitol Theatre

First motion picture to be built around the personality of the great Irish-American composer of light classical music, "The Great Victor Herbert" is the feature offering on the screen of the Capitol Theatre here for the first half of this week.

Not so much the story of Victor Herbert's own career as a drama of his influence on the show world of his day, the picture depicts the romance of a young actor and actress who find fame acting in Herbert's great operettas and happiness in their lasting friendship for the master.

The sweethearts are played by Mary Martin and Allan Jones while Walter Connolly portrays the title role of Victor Herbert whom he greatly resembles.

The musical score includes the cream of Victor Herbert music with such numbers as "Kiss Me Again," "I'm Falling in Love With Some One," "Ah! Sweet Mystery of Life," "A Kiss in the Dark" and "Thine Alone." Many other Herbert melodies are also heard in the course of the romance which goes back to the days when Herbert was the czar of gas-lit Broadway.
