By DON LOBB safe"this week that you just can't afford to miss. I may even break down personally and spring for one.

Northern Zone championships get underway at Prince Rupert Sēnior High. Tariff is two bucks—or 20 cents per game. Where in this ever-lovin' blue-eyed world are you ever going to get another deal like that?

Ex-commissioner of baseball Rusty Ford and Miner Simundson now have a supply of season tickets to the Roosevelt Park Senior League games. They are offered for a paltry five bucks. That works out to 18 cents per game. Sounds like you can enjoy sports in Prince Rupert for the lowest prices on the continent.

Had a preview up at the Gondola last night. Johnny served me some devil fish salad. Decelicious. Course he didn't tell me what the ingredients were until I had tasted it. I think I might have been a little chary if he had. On Saturday night you will find me sitting directly abaft the devil fish salad at the Rod & Gun club shindig at the Armouries.

I found an interesting little yarn from England, buried. behind three paragraphs about Westminster Abbey last night. Seems the beauty contestants in the jolly old Isles are fed up to the teeth with doddering old judges. They want some younger judges. My name has already gone forward. Care to join me fellas?

Speaking of girls, as I so often do, you may be wondering who Rita and Barbara are, so if you'll settle back I'll

Rita is the publicity chairman for the badminton club. She told me she stepped out of the last club meeting for a moment and when she got back the job was hers. She should have known better. Anyone leaving a club meeting faces the same fate as the first woman to leave a tea party. If they don't slash up your reputation, they elect you to some job.

Barbara isn't one person, she's really three. In the space of a conversational paragraph she can make the transition from a sweet, demure young Junior Miss to a rollicking mimic of Shelley Berman and on the the bane of all adults, a far-out slick chick from Endsville. She's also the boss' daughter and I can hardly wait

for her to grow up just to see how she turns out. Which I predict will be fine, thank you, fine.

Adult riflemen from the Civic Centre rifle range have gone into a cross-Canada competition. ····I didn't know until the other night there even existed

such a club. Just goes to show that all sorts of activities are moving in town and they all need a shot in the publicity department.

Dick Paul, Jack Jenkins, Art Garrett, Chris Muir and Tom Masich last week competed against the Moosimin, Saskatchewan club in the sporting rifle prone competition.

This is managed by mailing team shoot targets to the Ganadian Civilian Association of Marksmen in Montreal. They face some imposing opposition, like the Calgary, Regina, Saskatoon variety of riflemen who have been in the competition since the year '0'. Best of luck, guys. Send along the results of the shoot when the mailman arrives will you?

"! Wednesday night the suspension board of the Senior Men's Floor Hockey League gave Savoy's Lou Impey the heaveho for one game. He threatened an official during a fracas in the Sport Shop-Savoy 9-9 thriller Tuesday night.

They dropped the first game 10-7. That was Saturday. Sunday they won 11-4. Like the man said, you can't win them all. Now get off my back you guys. You looked lousy in the first game. I have that on good authority. Smithers looked just as bad in the second and Jim Stubbs made like he had a personal lock on the cage. He was Chevron's goaltender.

Gondola Pete challenged me to a curling match Sunday at 1 p.m.. Naturally I accepted and picked up three players to answer the challenge. I predict we'll beat him so badly he may give up curling altogether. Or I'll get beaten so badly that I'll give up curling completely. Or the match will-be a draw. Or Pête won't show. Isn't much left is

You know, Jerry Sherman may just get a chance to weasel out of that game he promised to play in the Senior Floor Hockey League. It appears from here that nothing much in the way of second place is going to be settled until that one is in the book.

It would have been a slaughter. Savoy plays Parkers on February 28. Those teams have a personal vendetta going. Sherman will need armour plate if he ever gets into that one.

One of my acquaintances, one Patrick O'Rourke, applied for a membership in a local club., He paid the five buck membership fee and was informed that all was satisfactory. He was, as the saying goes, in-

"You mean I'm now a member? That's all there is to it?" asked the startled O'Rourke.

"That's all, Pat," replied the alms-taker. "Well I'm not too sure I want in," perused O'Rourke," after all, a club that would have me for a member isn't much of a club!!!

Whatever happened to Len Harrington's and Mouse Morrison's dietary foud? Neither of them has faded away to the size of a warehouse.

'And a very Good Evening to you too Buck.

VANCOUVER (P)-Sport fishermen may in future require a licence to fish for spring and coho salmon in coastal waters, federal fisheries supervisor A. Whitmore said Thursday.

Mr. Whitmore said in view of increasing numbers of fishermen some control is necessary proper management of salmon runs and spawning beds.

He said the licence fee would be nominal. Commercial fishermen pay only \$1 for a licence. The proposal already had been discussed with Recreation and Conservation Minister West-
