DISPOSAL OF SAND

Editor, Daily News:

I noticed that, after the first campaign in connection with the Victory Loan drive, the sandbags were dumped in the vacant lot where the 'dugout' stood.

It will certainly not be possible to do the same thing on the post office lawn after this second campaign and I would suggest that this sand and more be dumped at various points in the city so that the residents can avail themselves of that bucket of sand we are instructed to have in readiness in the event of enemy action.
