CHROMITE IS FOUND

Valuable Deposits Uncovered by Federal Survey in Ashcroft District

OTTAWA, Dec. 31 (P)—The Department of Mines and Resources said today that, as a result of a geological field survey last summer by H. M. A. Rice between Ashcroft and Clinton, some 20,000 tons of chromite ore of milling grade had been disclosed.

Rice also studied and mapped a deposit on Scottie Creek, south of Ashcroft, which he considered of milling grade.

Chromite is used for war needs such as gun steel and armor plate.

FINISHES SERVICE

City Commissioner Matheson Retires Today After Twenty Years as Official

This afternoon City Commissioner D. J. Matheson retires from the active service of the Corporation of the City of Prince Rupert with which he has been identified for the past twenty years—for seventeen years as treasurer, for two years as acting commissioner and for the past year as commissioner. On the occasion of his retirement, giving over authority to the newly elected mayor and board of alderman following the city's return to local autonomy, Mr. Matheson has been receiving best wishes for the future from his many friends.

It is the intention of Mr. and Mrs. Matheson to continue residence in Prince Rupert for the time being at least.
