Whifflets
From The Waterfront

Prince Rupert halibut boats with names the first letters of which are in the first half of the alphabet are the first vessels to clear for the halibut banks this season and since the first of this week they have been moving out. Eight days later, under the voluntary curtailment plan, the rest of the fleet will be moving out to the banks. About next Monday it is expected the first landings in volume will be made here. Members of the Canadian Halibut Marketing Board — W. H. Brett, Joseph Kilby and Carl Giske and George Anderson, secretary of the local Deep Sea Fishermen's Union, returned to the city on the Prince Rupert this morning from Vancouver where they attended a conference with the Vancouver and Seattle fleets in regard to curtailment measures for the season. In addition to eight day staggering plan, it was also arranged at Vancouver that there would be a nine-day layover between trips. Quota for Area 2 will be 3000 pounds per man per trip and 4000 pounds for Area No. 3 with no leeway. Last year's quotas were 2800 and 3500 pounds with 100 pound leeway.

▲ Vote "yes" for a fair distribution of manpower.

Carpenters' Union meeting tonight. Special business.

For fighting, Harold Lane and John Barseth were each fined $10, with option of three days' imprisonment, in city police court yesterday.

Mr. and Mrs. Charles E. Starr, who have been spending the winter in Seattle, returned to the city from the south on the Prince Rupert this morning from a brief trip to Vancouver and Victoria.

W.T. Moodie, general superintendent of Canadian National Railways for British Columbia, and Sam Morrison, district engineer, arrived in the city on the Prince Rupert this morning from Vancouver, being here for a brief visit on official business.

E. T. Kenney, M.L.A. for Skeena, on his way back to Terrace after a trip to Victoria to attend a meeting of the special post-war reconstruction planning committee of the Legislature, arrived on the Prince Rupert this morning from the south and will proceed to the interior by the evening train.

The drawing of the quilt made by the Gracia Girls' Club, and raffled by Hill 60 Chapter, Imperial Order, Daughters of the Empire, took place Monday evening at the home of Mrs. R J. Keron where the regular monthly meeting of the chapter was held. The winner was Mrs. George Eckerman with ticket No. 119.

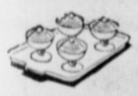
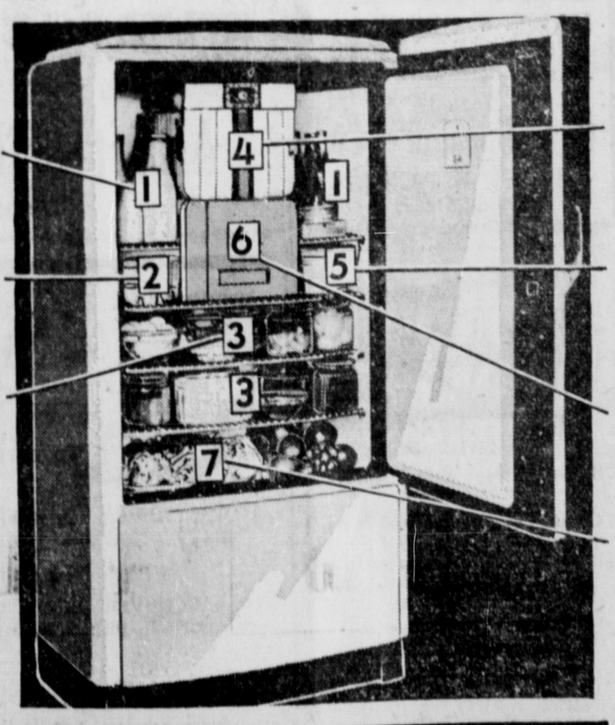
"FOOD STORED CORRECTLY in your ELECTRIC REFRIGERATOR IS FOOD SAVED!"

1. Milk and Beverages
Put them at the top, right beside the Freezer.



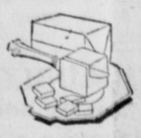
2. Custards and Puddings
Will keep well in the top middle section.

3. Leftovers—Foods prepared ahead
The lower section is the best place. Also for salads, desserts, and some fruits — berries, grapes, melons.



4. Ice Cubes—Frozen Desserts—Frozen Foods
Put them into the Freezer itself. Frozen desserts and foods should be placed on a refrigerated shelf.

5. Butter
Also keeps best in the top middle section.



6. Meat and Fish
Right under the Freezer — in the Meat-keeper, if you have one — is the safest place for these foods.

7. Vegetables—Most Fruits
These should go in your Humidrawer, or Crisper.

Both health and economy depend on your buying the right food — and *storing it right, too.* Different kinds of food need different kinds of cold to protect them. Simply observe the above storage instructions and your electric refrigerator will automatically keep each type of food at the required degree of cold.

Most food should be kept in covered containers. But *uncooked* meat should be covered only with a waxed paper.

Remove paper wrappings from all foods — except frozen foods.

Do not freeze fruit — chill it. Never put bananas in your refrigerator.
