Locals

D. Zarelli left for Vancouver. He expects to be back shortly.

Miss Eva Cavalier had a letter before the board of school trustees last night expressing appreciation of appointment as vice-principal of Booth Memorial High School which appointment she formally accepted with the hope that her services would prove of satisfaction.

The board of school trustees ruled at its meeting last night that henceforth school teachers will not be granted sick leave without a doctor's certificate that such is necessary. It was mentioned that there had been cases of where sick leave had been overstayed.

The board of school trustees was advised last night that the city engineer had given notice to Wartime Hoousing and Smith Broos. and Wilson that shed and debris in connection with building operations would have to be removed from Booth Memorial and Seal Cove School grounds.

Mrs. V. M. McGeer, secretary of the B. C. Tuberculosis Society, arrived in the city yesterday from Vancouver to instruct the local chapters of the Imperial Order Daughters of the Empire on the sale of Christmas Seals which the I.O.D.E. is undertaking on behalf of the Tuberculosis Society this winter. Mrs. McGeer is leaving tonight to return to Vanocuver.

The Prince Rupert Parent-Teachers' Association is to apply to the city council for permission to hold a tag day and has received the tacit approval of the board of school trustees. The matter came up at last night's board meeting in a letter from Mrs. J. C. Gilker, secretary of the Association. Members of the board did not appear to be very keen about tag days generally but took the stand that the Parent-Teachers' Association was just as worthy as other organizations which were holding tag days. Appreciation was expressed of the work being carried out for the benefit of the schools by the Parent-Teachers' Association and success was wished for the tag day.

Improvements to School Grounds

S. A. Cheeseman, principal of Borden Street School, was in session with the city council Monday to outline suggested improvements to the approaches of Borden Street School. The city engineer is investigating these recommendations, also suggestions made by the chief of police regarding Seventh Avenue East in the vicinity of King Edward School.

The home economics instructress reported to the board of school trustees last night that the electric stove plates in her department were in bad shape, several being burned out. New stoves were also needed. New equipment for the industrial arts department was also asked. These matters will have the attention of the committee on that particular school. Additional wash basins at King Edward School constituted another requirement which was brought before the board at last night's meeting. King Edward School also needs curtains for the lunch room which is being used as a classroom and new blinds for a number of the classrooms. Installation of first aid cabinets in city schools was recommended by Dr. R. G. Knipe, medical health officer, in a letter to the board of school trustees last night. The recommendation wil lbe given further consideration.

Try New, Improved Ovaltine

If your child lacks a zest for food, it may be that his diet is short in very important food elements which, science has discovered, everyone needs for health. His growth may be stunted or impaired and he may be an easy victim to prevailing sickness.

As a "protecting" food-drink, *New, Improved* Ovaltine adds to a child's meals the essential food elements most likely to be deficient in his diet.

Three servings of *New, Improved* Ovaltine furnish a child with a significant portion of his daily requirement of Vitamins A, B_1, and D, and the minerals Calcium, Phosphorus and Iron—also quick food-energy elements and high quality proteins—all for building sturdy bodies.

So—if your child eats poorly, is thin or under par, why not start giving him *New, Improved* Ovaltine regularly? Get Ovaltine at your drug or food store.

Maintaining Of Law and Order

Chamber of Commerce Feels That Conditions Are Again Deteriorating in Prince Rupert.

Another strong protest is to be submitted to the police and military authorities by the Prince Rupert Chamber of Commerce at a new deterioration in the condition of law and order in this city especially in late afternoon and evening.

After a period of very definite improvement following previous protests which had brought action, the condition of hoodlumism down town was getting back to the state where it was before. There was straight wilful destruction, uncouth language was general, coarse and shameless conduct to say nothing of theft and minor crime. It was now getting to a point where the decent citizenship was being merely tolerated while hoodlumism held sway.

On motion of G. R. S. Blackaby, seconded by Theo Collart, it was decided to take the matter up with the police and military authorities with a view to preserving some semblance of decency and order in the city.

Nephew of Local Man Was Lost in St. Croix Sinking

Son of Mr. and Mrs. H. E. Coates of Victoria and nephew of W. L. Coates of Prince Rupert, Leading Stoker Daryl Leslie Coates was one of the personnel of H.M.C.S. St. Croix, the sinking of which in a Nazi torpedo attack on the Atlantic was announced last week. Stoker Coates was visiting his home in Victoria a few months ago when his uncle from Prince Rupert was also there.
