Cut Trail Through Bush in Labrador When Hunter Badly Hurt

GOOSE AIRPORT, June 19 (CP) — The army at Goose is still talking about the axe-wielding of Ollie and Ted Smith, brothers from Campbellton, N. B. When an army medical officer was shot in a hunting accident they cut a 3½ mile trail through the bush, wide enough to take a stretcher, so the injured man could be carried to tide-water and a waiting Catalina flying boat. The trail-cutting job took all night, from 9 p.m. to 7 a.m. next day.

It was a day of general debate in the House with Hon. J. G. Gardiner, minister of agriculture; Hon. Ian Mackenzie, minister of pensions and national health, and Hon. W. P. Mulock, Postmaster General, presenting their estimates.

WOMEN AT DRY DOCK

Women workers now employed as welders' helpers and in other capacities in connection with the actual building of ships at the local dry dock have become unionized. Six of them have already been initiated into the Boilermakers' Union.

MIDLANDS

A two-act comedy, "It's All Over Town" by the Cobourg members of the Rebekha Lodge of Port Hope featured a well attended concert staged in Trinity Hall recently on behalf of the First Midlands Auxiliary. Peter Elliston was chairman for the program which included several numbers by local musicians and singers.

Major J. D. Burnet of Cobourg stated that, according to engineer's figures, the level of Lake Ontario at the present time if four feet eleven inches above normal. Assurance is given that the lake level should begin to recede about June 20. The high level of Lake Ontario is no reason why many Cobourg homes and stores have flooded cellars, said his Worship. Drainage has been materially effected by the high lake level.

Leading Aircraftsman J. P. Clement and Leading Aircraftsman A. W. Cooper, both formerly of Claresholm, Alberta, training school, now stationed at No. 1 Manning Depot, Toronto, spent the week-end at the home of Mrs. A. Clement, John Street.

DEHYDRATED APPLES

Measure apples, packing them well into the measuring cup.

Allow 2 cups water to each cup of apples. Soak 4 hours or overnight, keeping them in the refrigerator or other cool place. If the apples are very fresh and dry a little more water may have to be added before cooking.

Apple Sauce

Soak apples as directed. Add a little more water if necessary. Bring to a boil and cook gently until soft—about 8 minutes. Add 2 tablespoons sugar to each cup of apples (measure before soaking) and cool. Use in any way that fresh apple sauce is used.
