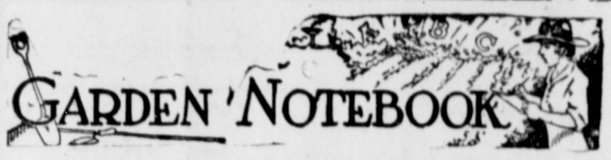
IN THE SUPREME COURT OF BRITISH COLUMBIA
IN PROBATE
IN THE MATTER OF THE "ADMINISTRATION ACT"
— and —
IN THE MATTER OF THE ESTATE OF WILLIAM COOEY, Deceased.

TAKE NOTICE that by Order of His Honour Judge Fisher, local Judge of the Supreme Court of British Columbia, I was on the 9th day of May A.D. 1944, appointed Administrator with the Will annexed of the Estate of William Cooey, who died at Ocean Falls, B.C., on or about December 17th A.D. 1943. All persons indebted to the said Estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said Estate are required to file them with me properly verified on or before the 15th day of June A.D. 1944, failing which distribution will be made having regard only to such claims of which I shall have been notified.

DATED at Prince Rupert, B.C., this 18th day of May A.D. 1944.

NORMAN A. WATT,
Official Administrator,
Rrince Rupert, B.C.



Speedy, unchecked growth is the real secret of tender vegetables. Crisp, juicy beets, carrots and similar things without stringiness or tough cores come from gardens where growth has been hurried along, unchecked by weeds or other neglect. Even if the weather is none too favorable, experienced gardeners can produce this sort of quality.

First of all they keep the soil well cultivated, both to keep weeds eliminated and also to conserve moisture and encourage quick development in dry weather. They thin those vegetables which need spacing in order that there is proper, even development. Finally, they harvest those vegetables when they are at their best, just the right size for eating and before they start to harden and mature.

To ensure this proper harvesting, expert gardeners space their planting of vegetables for summer and fall use, so that just sufficient are coming along for immediate use from July on. It is quite alright, of course, to plant a larger supply for winter storage, but with the others short rows of carrots, beans, beets, lettuce, etc., planted at intervals of from two to three weeks from early spring until well into July are advised in most sections of Canada.

To stimulate the much desired quick growth, especially with the leafy and root vegetables, constant cultivation, judicious watering is possible, thinning and a couple of careful applications of a good garden commercial fertilizer are advised.

PESTS ARE GOING STRONG

Unfortunately for almost every variety of flower, vegetable, shrub or vine there is a special bug or disease which, if unchecked, may make life miserable for the gardener. Scab and rot may attack potatoes, dirty black spots appear on green beans, a busy little borer run through the carrots, mildew ruin rose foliage, thrips prevent gladiolus from blooming, a tiny insect stunt dahlia buds, a hard shell bug appear in thousands, just as melons, cucumbers and squash start to promise results.

In a brief article like this it is impossible to go into details. Beginners are advised to get hold of some of the many good government bulletins on this subject, or consult their local seedsman. Actually all these pests can be controlled fairly easily if one is well prepared, and there are combination sprays and dusts which will cope with most situations, one point, however, is urged here and that is that well cultivated, well managed gardens are far less susceptible to attack than those that have been neglected.

EARLY CARE

Cultivation in June will kill weeds which might become really troublesome in July, and it will break up soil which would bake hard and be impossible to work after the sun really turns warm. If the lawn is kept regularly mown in June, at least once a week in the moisture parts of Canada, then we will really have something worth taking the neighbors out to see later on. The old warning of a stitch in time, saving nine, really holds good for gardening too, and especially so with such jobs as weeding, cultivation and thinning.

Notice to Subscribers

Subscribers of the Daily News are requested, if at all possible, to pay their subscriptions direct to the office.

Of course, in the event of it being impossible to do this, payments may be made to the boys.

When paying, please bring your last receipt.

ACTIVITIES OF Y.M.C.A. and Y.W.C.A.

(By Dorothy Garbutt)

Well the service mothers and fathers took it to heart that there have been no new babies for several weeks and presented us with four offspring. Little Christine May Marie Robertson was born to Corporal John Robertson of the marine section R.C.A.F. and Mrs. Robertson on May 29. Christine was born at 1:15 a.m. and her names mean as follows: Christine—a "follower of Christ," May means four things, (eb.) Bitter, (Gr.) Pearl; (Lat.) Beloved and (Eng.) born in May, while Marie is from the Greek and means "distressed or tearful."

On Sunday May 28 at 4:30 p.m. a daughter was born to Mr. and Mrs. Robert Smith. Mr. Smith is stationed with the R. C. A. F. in the east. Young Miss Smith has received no name as yet

A little girl was born during May to Mr. and Mrs. Reckert of the Signal Corps but, as our hospital visitor was unable to visit Mrs. Reckert during the quarantine, she missed out on the details.

Also two former Prince Rupert residents in the services who are now in Vancouver had brand new sons in May. Sergeant and Mrs. Stanley Maughan and Staff Sergeant and Mrs. Al Robinson of the R.C.A.M.C. became proud parents — both for the second time

What is it we say now— many happy returns everybody!

It's the fad around the Y these days to get our medical examinations—something to do with auxiliary services and all that sort of thing. Well, I had mine Monday and to say I got the works is putting it mildly. A nice brown-eyed nurse given to giggling, and I think it must have been Dr. Kildare (anyhow he was as good-looking as Lew Ayres) got me to reading long lines of letters in the eye test, had me breathe deeply, breathe through my nose, breathe through my mouth, pummeled me, x-rayed me, and pronounced me fit. However it does seem that I have two major complaints — over-age and overweight—and as those seem to be both acts of God I don't know just what I can do about it. I really meant to say I was only 35 but forgot in the excitement.
