WOLGAST LOSES BELT BY FOULING RITCHIE

Badly Beaten Wolgast Repeatedly Fouled—Was Badly Worsted

Daily City Arena, California, Nov. 28—Wobbling around with leaden legs, his eyes glazed and body reeling, Ad Wolgast fouled Ritchie twice in the sixteenth round. With a wave of the hand Referee Griffin disqualified Wolgast, and Ritchie became the lightweight champion of the world.

Ritchie was superior through-

FULL TEXT OF THE SPEECH FROM THRONE

(Continued from Page 1.)

My advisers are convinced that it is the duty of Canada at this juncture to afford reasonable and necessary aid for that purpose. A bill will be introduced accordingly.

A contract for the construction of the Hudson Bay railway from Le Pas to Port Nelson has been awarded and the work is being pushed forward with all possible speed.

Good Roads Aid.

It is abundantly evident that the highways of Canada constitute important part of an efficient scheme of transportation. The necessity for improving our existing facilities in this regard is manifest and a bill will be introduced for the purpose of enabling the Dominion to co-operate with the provinces in the accomplishment of this most desirable purpose.

Aid to Agriculture.

It is satisfactory to know that the proposal of my government to co-operate with the governments of the various provinces in promoting the agricultural industry has met with hearty approval. The appropriations which were made last session in connection therewith have proved to be of marked benefit to the country. After a careful study of the whole question my advisers are convinced that co-operation with the provinces on well defined terms and conditions will achieve the best results along the lines of agricultural instructions. Any such policy to be effective must be continuous. Accordingly, a bill will be introduced by which a substantial amount of money will be set apart from the consolidated revenue fund for the purpose of assisting the provinces for a term of years in the highly important national work.

Reducing Cable Rates.

My government has succeeded in securing certain reductions in cable rates and will continue its efforts to obtain still further reductions.

Under existing legislation the charters of the banks will expire on the first day of July next. A bill revising and extending these charters will be submitted for your consideration and approval.

More Western Senators.

Several other bills will be submitted, including measures providing for increased representation of the provinces of Alberta, Saskatchewan and Manitoba in the Senate.

Ample Revenue.

Gentlemen of the House of Commons, the accounts for the last fiscal year will be laid before you. It will be satisfactory to you to learn that the revenue has been ample to cover both ordinary and capital expenditure.

The estimates for the next fiscal year will be submitted at an early date. They have been prepared with due regard on the one hand for economy and on the other hand for necessary developments of the resources of the Dominion.

Honorable gentlemen of the Senate, gentlemen of the House of Commons, I invite your earnest consideration of the subjects to which I have alluded and I invoke the blessings of divine Providence upon your deliberations.

out the fight. He all but had Wolgast defeated when the foul came.

Rivers Defeats Mandot

Los Angeles, Nov. 28—Joe Rivers defeated Mandot in one of the fiercest twenty-round bouts ever staged here for a decision. The Mexican forced the fighting most of the time and never was in danger at an time.

"Bat" Again Suffers Defeat

New York, Nov. 28—Leach Cross gave Battling Nelson a severe drubbing in a four-round fight here this afternoon.

LOCAL NEWS ITEMS

Was General Favorite.

Little Sadie Small, the bright little maid who succeeded last Wednesday in the general hospital here, following an operation for appendicitis, was greatly loved and respected by the villagers of Metlakatla. From the time of her first illness Miss Davis, the principal of the school of which the child was one of the most promising pupils, devoted herself to the task of nursing her little charge back to health. However, the child becoming worse rapidly, Dr. Eggert, who was called in attendance, ordered her removal to the hospital here. The young girl's early decease has cast a gloom over her native village.

CITY HAS NO GUARANTEE OF OUTLET FOR SEWER

(Continued from Page 1.)

electors, going to the polls tomorrow, to use their common sense and not vote for a proposition that was doomed to failure, merely involving them in a hopeless muddle that it would take years to extricate themselves from.

G. R. Naden brought up a somewhat new point on the matter in stating that the scheme as proposed could not be considered a really permanent one. If this city was going to reach the importance it was predicted a far larger and more comprehensive sewerage system would eventually have to be installed. He emphatically asked the electors to vote down the bylaw.

Alderman Clayton followed along the same lines as last evening, wanting more light on the subject, and scored the Council for handling such an important matter in such an unbusinesslike way.

The days of sectional strife as regard the different areas of the city were over. Everyone should consider the best interests of the city as a whole.

T. D. Pattullo opposed the passage of the bylaw most strenuously on the grounds that it was utterly impossible to carry it out as regards the financial end.

It was absurd to say only a part of the money would have to be raised at a time to be spent in some particular part of the town-site.

He pointed out the fact, which City Engineer Mason concurred in, that neither the G. T. P. nor the provincial government had sanctioned the passage of the sewers over their property, or approved of the outlets.

The Hat of the Moment.

Velvet is the most popular of fabrics at present for headgear, and while being exceedingly becoming it commends itself to all home milliners, for it is so easy to buy—or even to make—a pretty espatria shape and cover it neatly with black or some pretty shade of velvet. An important point with velvet millinery is to see that the pile of the velvet turns from the front of the hat to the back and that each piece has the pile running the same way. When covering a shape with this material do not allow too much turning, and begin stitching the edges together at the back. If the edge should be inclined to present a frilled appearance it is a sign that the velvet is not drawn tight enough from the head to the brim.

Cloth That Has Become Stretched

If a dress skirt or pair of trousers get stretched at the knees or other parts, take equal parts of warm water and methylated spirit; wring out a towel in this, and lay it on the part wrong side of the material—that is stretched. Now press—not iron—and the cloth will be completely restored.
