"Gentle way to stop constipation"

"Believe me, you should try ALL-BRAN for constipation — if it has the same cause mine had. For nothing I tried keeps me so regular, so gently."

No dosing—no nasty harsh purgatives. Here's all you do—if your constipation is due to lack of "bulk" in the diet. Simply eat KELLOGG'S ALL-BRAN regularly, and drink plenty of water. This nutritious cereal helps to produce smooth-working "bulk", and prepare wastes for easy elimination. You'll like the happy relief so much you'll want to stay regular. ACTIVITIES OF
Y.M.C.A. and Y.W.C.A.
(By Dorothy Garbutt)

I've decided that I can't go back East without having set foot on Alaskan soil, so I mean to go up, have an hour or two there then go right on down to Vancouver on the same boat on its return trip. But in order to have those few short hours and be able to brag for the rest of my natural life of having been in Alaska I had to go through all sorts of rites and mysteries down at the Administrative Building on First ave. My pal Rocky Granato of the Americans escorted me down there. Then I was put in charge of a trim young guide who took me up to the Alaska Control Board and here I had to answer all sorts of questions—married?—single and if so why? — age? (well a white lie never hurts) —and here by a strange coincidence it turned out that the young private first class who took all these details and I share the same birthday—just a mere matter of 19 years difference on the debit side for me. I told him I'll bet he said that to all the girls but he said "no," it really was in December and that we both belonged to the group of fiery Sagittarians according to the books on astrology and such witchcraft. Then after all these preliminaries I had my finger prints and thumbprints taken and traced and retraced on numerous forms. It was a business and a half. When that was all over the young man told me the ladies' room was down the corridor and turn right. Slightly startled I asked whatever for, having visions of a session with a matron who would search me with method aforethought for contraband. But he looked at my ink covered fingers, then at me, then said he merely thought I might like to wash them. Was my face red? After all formalities were finished I was presented with as cute a little card as you ever saw, complete with photo of myself and all tucked away in a cellophane folder. This I have to present when the occasion arises, which looks as though it will be as often as the law allows.

The Ack-Ack dance announced for Thursday next is on Tuesday. Transportation will be at the "Y" for junior hostesses and chaperones.

SWIFT'S WEEKLY FOOD HINTS

Martha Logan, Swift's famed home economist, whose weekly, wartime cooking column is a regular feature of this page. Look for these valuable hints each Monday

by Martha Logan

Summer Lunches

In the job which we, the women of Canada, have undertaken, of seeing that our families get proper food, summer presents very special problems.

Hot weather frequently causes poor appetites. Many people don't feel they need as much food. What we must remember is that they do need just as much of the *protective* foods. Only maybe they should get them in lighter, more appetizing forms.

Now cured pork products are—of all meats—among the richest in nutritional values. They contain many of the essential elements that we may normally get from just these "stodgier" foods we don't fancy in hot weather.

And of all the cured products in tins, none quicker to universal popularity than Prem. This summer there be more Prem available, watch out for it on your dealer's shelves. Besides its extra food value it is a wonderful time and money saver because it is all meat. Serve Prem often. Keep one of two on hand.
