Must Not Fall Down . . .

Prince Rupert, which has never fallen down on any kind of a campaign so far, must not fail in the reaching of its objective in the Sixth Victory Loan. We are sure that the people here will see that there is the usual substantial oversubscription even if they seem to be letting the accomplishment go very late on this occasion.

Certainly there is the capacity here to reach and oversubscribe the objective. There should be no further hesitation on the part of those who are in a position to subscribe. It is not only good business to buy Victory Bonds but we also repeat that it is a patriotic duty. Those who can and fail to do so are remiss indeed in their appreciation of the present situation.

Failure in subscribing to the war loan is one of the best ways of having tax increases, ultimately leading to inflation which could be one of our worst enemies from within. We are sure that people of Prince Rupert will appreciate the seriousness of the situation and rise to the occasion.

We hear a great deal, these days, about the splendid work of our fighters overseas. Our enthusiastic comment is warranted. "There are no better fighters" said a military representative of a great ally when referring to the Canadians. Their zeal, their courage, their persistence, their aggressive tactics, are bringing glory to this Dominion.

One day, they will help to win the final victory. Then they will come home.

In our praise of their great valor, let us not forget the day when they'll return. Let it not all be words. Let us give some action—some meaning—to our words.

They will appreciate our cheers, our plaudits, our hearty handshakes, on that day we welcome them back. But what of the next day—the tomorrow?

Right now we should look ahead—we who are earning, perhaps, more money than we have ever earned before; far more money than our fighters earn.

It's such a little thing, compared to what they are doing. A small fraction—a very small percentage—of your earnings for another bond—for him.

Do it now before this Sixth Victory Loan campaign expires.

WE'RE NOT THROUGH YET

PUT VICTORY FIRST

There is hard fighting — harder fighting ahead—than in all the previous years of the war. The sacrifices to be faced abroad and the self-denial at home must reach new peaks in the months to come.

It will not be enough to buy your regular amount of Victory Bonds. Buy extra bonds to match the extra effort we expect of our fighters.

RESPECTS TO OLD PARTIES

Tom McEwen Sees Little Merit in C.C.F., Liberals or Conservatives

Speaking here Monday night, Tom McEwen of Vancouver, provincial organizer of the Liberal-Progressive Party, paid his "respects" to the Co-operative Commonwealth Federation and the old political parties.

Of the C.C.F., Mr. McEwen had the following to say:

"The C.C.F. leaders are pouring scorn on the Teheran Declaration of Roosevelt, Churchill and Stalin. This Declaration recognizes that victory can only be won through an extension of the unity of the world's democratic forces. It recognizes that no nation, or no combination of nations, can defeat Hilterism without the aid of the Soviet Union. It recognizes that no nation, or no combination of nations can rebuild the world without the co-operation of the Soviet Union. Exclude the Soviet Union and you head direct for World War III.

"Teheran offers the perspective of maintaining the unity bought at terrible price on the battlefield. It is a law of nature that no living thing comes into being without struggle, and the C.C.F. is quite wrong when they say that the L.P.P. has betrayed socialism, particularly since at no time, and not even now, is the C.C.F. a socialist party.

"The program of the C.C.F., as outlined by Professor Frank Scott and David Lewis, in Make This Your Canada, is not even remotely connected with Socialism.

"We are the only scientific socialist party in Canada and we recognize that what the people are interested in now is not "fundamental social change" but jobs and security in the transitional period after the war.

"If the C.C.F. leaders are interested in Socialism why don't they recognize the Soviet Union as the world's only existing socialist state?

"Socialism now, as presented by the C.C.F., is giving reaction the best weapon it could have hoped for. Reaction is going to go into these elections with the battle slogan "defeat state socialism," and they are going to use this not only against the C.C.F., but against the entire organized labor movement.

"To ensure that the people are not led into this trap we will mobilize them around a program which will assure national unity for jobs, higher living standards, social security from the cradle to the grave, full solution of the problems our returned men will face, the retention of our shipyards, a million new houses in Canada, and all those things which we need now.

LIBERALS AND PROG. CONSERVATIVES

"We shall use this campign to instil this idea that victory is not yet won. Our strongest criticism of the King government is that it has permitted the people to fall into a state of disregard for the war effort to the extent that that effort has been seriously curtailed. Although we recognize and salute Canada's great achievements in production and at the fronts, we recognize too that the King government has always required a maximum amount of pressure before it would move in any direction.

"It is a government which has measured every step to mobilize the Canadian people by the yardstick of to what extent would that step affect the Liberal party. This war is a far bigger thing than the Liberal Party.

"The Progressive Conservatives, on the other hand, have a program which hardly anybody could take exception to—on paper—and herein lies the danger. Can anybody imagine such an animal as a "progressive" Conservative? It doesn't exist. John Bracken is merely the stalking-horse, the bellwether, for those sinister forces in the Tory party such as Arthur Meighen who want to take this country back to a scarcity economy."

Report On Convention Interesting

A delightful dinner meeting was held at Reid's Cafe on Monday evening by Hill 60 Chapter Imperial Order, Daughters of the Empire, when the regent, Mrs. R. J. Keron, gave an interesting account of the provincial convention at Victoria and of her visits to the I.O.D.E. workrooms in the south. The amount of money expended on war work, etc. and the time donated by B.C members was very encouraging, Mrs. Keron said.

In response to Miss Roulette's request for hostesses in connection with the American Red Cross, members of Hill 60 expressed their willigness to cooperate.

Announcement was made of the annual church parade of I.O.D.E. on May 21 to First Presbyterian Church.

Arrangements were completed for a tea and apron sale to be held on June 7 at the home of Mrs. C. Smith. Mrs. G. W. Abbott was appointed convenor.

(By DOROTHY GARBUTT)

This Rooms Registry has me worried. There hasn't been a registry since a week today and that's not good enough. Hasn't anyone a spare room to rent? I'll guarantee it will be rented within two days—providing too much is not asked—the service men's salaries are limited to say the least—or too many restrictions are not put on in the way of children, cups of tea and so on. It works both ways you know. We ask the servicemen to behave quietly and decently in their rooms. They ask you to let them have just a few privileges to make it more homelike.

The curtains have come back from the dye vats and have taken a delightful pale turquoise. They will add a great deal to the hut but, if we keep getting all this wonderful sunshine, they're bound to fade. Still, we can do with the sunshine, can't we?

The Service Wives' Club will meet in the Y ladies' lounge this Thursday (tomorrow) afternoon and weekly from then on. As quite a few of our member have been posted or drafted from here since our last meeting in the Hut I would like each member to try to interest some other service wife in the club and bring her along. The more the merrier, and we hope there'll be a good attendance.

Chester has an amazing stuffed dog which he calls "Rupert." "Rupert" is Dalmation with leanings toward a giraffe and a head that resembles nothing so much as that of a woodpecker. But just the same I don't think he should be allowed to keep it. He wouldn't let me keep my cats—"Salty" and "Peppy." I think I'll picket the place with a sandwich board "Chester is Unfair to Mrs. Garbutt," "Chester is Unfair to Mrs. Garbutt."

We have two smart white coffee tables in the ladies' lounge. Little by little we're smartening up as the sailors say.
