LETTERBOX

CASEY CORRECTED

Editor, Daily News:

As vice-president of the Prince Rupert Trades and Labor Council and Provincial Council Member of the CCF for this district, I wish to emphatically refute as untrue the statement made by Alderman Casey Monday evening that any pressure group applied any third degree methods to force George Hills to sign any candidate's nomination papers to oppose him in this Civic Election.

Thanking you, Mr. Editor,
J. S. Black.

SEVENTEEN CANDIDATES AIR VIEWS AT JAYCEE PRE-ELECTION RALLY

Eleven aldermanic and six school board candidates who will go before the electorate at the polls tomorrow faced an audience of more than 200 persons in the Civic Centre last night and outlined their civic attitudes at an election rally sponsored by the Junior Chamber of Commerce.

Because of the time element the addresses were held to a five-minute limit and the candidates had little time to "warm up." There was little conflict of personalities although Alderman George Casey and Alderman Robert McKay did clash briefly on the record of the board of works.

With the exception of Alderman Casey, there was no opposition to the telephone plebiscite. Indeed, all other aldermanic candidates—labor, nonpartisan and independent alike—expressed some degree of approval of the plan to rebuild the telephone system.

Junior Chamber of Commerce President Stuart Furk, who was chairman of the meeting, had little difficulty holding the speakers to their allotted time. School Board candidates spoke first, followed by the aldermanic aspirants.

School Board candidates who spoke were Peter P. Forman, Mrs. Edith A. Black, A. Bruce Brown, Mrs. Dorothy A. Becker, Hugh MacDonald and Dr. R. G. Large.

Aldermanic speakers were George Anderson, James N. Forman, George E. Hills, George Douglas Frizzell, August Wallin, Harold S. Whalen, H. M. Daggett, Elmer D (Al) Manson, Wilfrid J. McLean, Alderman George Casey, Henry N. Powell and Alderman Robert McKay.

In answer to a question from the floor at the end of the meeting, Alderman T. B. Black, who is not a candidate, outlined the financing plan behind the telephone rehabilitation proposal.

Highlights of the addresses:

School Board—

Peter P. Forman—"I am running for School Board because I think it would be a backward step for the city if any candidate went in by acclamation."

Mrs. Edith A. Black—"There should be closer contact between school staffs and the Board. I feel the Indian Department should be approached toward accepting a portion of the expenses of city schools."

Hugh A. MacDonald—"No positions should be filled by acclamation. As a young man, I am as interested as older people in civic affairs."

A. Bruce Brown—"I offer myself again simply because I am interested in seeing that the pupils have available the best facilities for education. I have been chairman of the Board's building committee at a time when the Board has instituted building plans which are now with the architects. The present Board is in a better position to do what remains than are newcomers."

Mrs. Dorothy L. Becker—"I seek re-election because I want to see the building program carried through, because I have a life-long interest in education and because I think that a mixed Board is better than one composed of all men—or all women."

Dr. R. G. Large—"It seems proper to complete what we have started. It would be falling down on the job if any of us failed to run again and complete that job. In the past three or four years, our schools have improved immeasurably, both scholastically and physically."

Aldermanic Candidates:

George Anderson—"I feel that the telephone system should be retained for the people; Roosevelt and other parks should be improved on a long-term plan; I would like to see council collaborate with the fishermen for the construction of a breakwater at the Fairview Bay floats and the completion of a road to the floats; Council should lay down a long-term policy for permanent improvement of streets, sewers and other utilities.

James N. Forman—"The city needs long-term planning for all its facilities; a good sewer system does not pay cash dividends but it pays back in good health and low health service costs; if nothing is done with the telephone system it will deteriorate to such an extent that the city will have nothing left but a franchise to offer some outside company."

George E. Hills—"There is no place in this town administration for party politics. Politics has been introduced by others, not by us. I am a Labor, not a C.C.F. candidate. I am going to vote for the $550,000 telephone bylaw at the plebiscite."

George Douglas Frizzell—"We must keep our own utilities and develop them. We have already sold one of our birthrights and cannot afford to part with others. We have not taken advantage of our opportunities. If we have good utilities, we can ask industries to come here, thus creating employment."

August Wallin—"I like this city and want to do something for it. I have considerable construction ability and experience. I want to help the town grow."

Harold S. Whalen—"I would encourage new industries and give whole-hearted support to a program to encourage more fishermen to make Prince Rupert their home. Prince Rupert is on the verge of large expan-
