Special Film—There will be a special film for the Civic Centre members on Friday in the Common Lounge. The title of this film, approximately an hour's feature, is "The Amazing Legacy of Dr. Deisel." The film will be shown for the younger members in the early part of the evening and the second showing will be for adults immediately after. The film has been made available by N. R. Young, local manager of Standard Oil Co.

Junior Weavers — Splendid progress is being made on the afghan by the junior weavers on Friday afternoons and a special request is being made for the members to attend this Friday and help with the project. New colors of wool have arrived to add to the interesting pattern. As this afghan has to be completed and displayed at the Hobby Fair in April, all those who have learned to weave are being asked to help out.

MOTHER FIGHTS BRUSH WOLVES—A story of attacking wolves was related by Mrs. Alfred Stewart, of McKerrow, Northern Ontario. She and her two daughter, ages 11 and nine, were pulling a small sled of groceries about five miles from their home when two brush wolves sprang at her. Using the sled as a shield and a weapon, she kept in between her children and the wolves and managed to drive them away.

Borden Street—

Fine Program At P.T. Meet

Tuesday evening's meeting of the Borden Street School Parent Teacher Association was one of the most enjoyable and entertaining in the history of the organization. It was largely due to the splendid program arranged by the program convener Mrs. P. M. Logan.

The program began with music selection by the High School flutophone group under the leadership of F. Huber. Mr. Huber introduced his group with a brief reference to the forerunners of the present wind instruments and pointed out the value of these cheap instruments in providing an inexpensive way of finding out if the child has the ability and the perseverance to warrant the purchase of more expensive band or orchestral instruments. The group then played a varied medley of songs with Mardell Soiland a capable and resourceful accompanist. Jeanette Sparks played violin solos, with Mr. Huber also playing the violin, and Margaret Strachan accompanying expertly.

The game of "Get-Acquainted Bingo winners had to engage tion of Mrs. Logan gave the audience a hilarious period. The activities in which the Bingo winners had to engege provided most enjoyable entertainment.

The audience then enjoyed a film on housing in Scotland with Mrs. Jom Evans and Mrs. Evans in charge of the projection.

Mrs. Logan extended her thanks and the thanks of the Association to all who had made the program such a success. It was particularly gratifying to know that the teaching of music and singing in the elementary schools was being so capably extended in the high school.

At the business meeting held, under the chairmanship of president Mrs. H. C. Flood, it was agreed to make a donation of $5 toward the building fund for accommodation of students at the Home Economic Department of U.B.C.

Mrs. Williams was appointed convener of the Hot Cross Bun sale to be held prior to the Easter vacation on April 6.

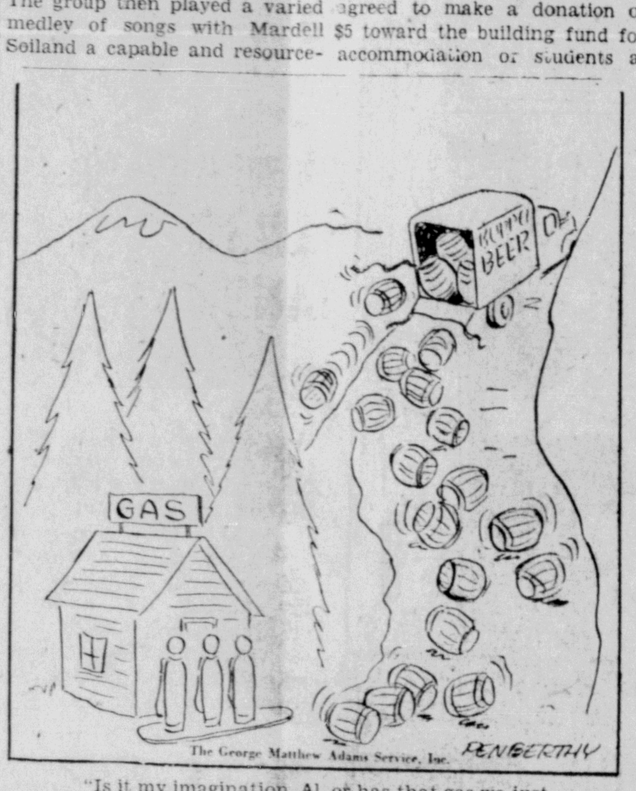
Mrs. Flood was named as an alternate delegate to the annual convention of the Parent Teacher Federation.

Replies received up to date showed that thirty-three children would be eligible for kindergarten classes should the School Board decide to go ahead with the formation of such classes.

The meeting also went on record as being in favor of having the Municipal Act amended to allow of teachers who are ratepayers being nominated for positions on municipal boards.

The association voted to become a group member of the Music and Drama Festival Committee.

Various complaints had been made regarding the need for more supervision in the city playgrounds during the summer, and the meeting instructed the secretary to find out who provided the supervisory staffs and also how the objections could be met.



"Is it my imagination, Al, or has that gas we just bought got more zip?"

THE CANADIAN ARMY — "INSURANCE FOR PEACE"

NERVE CENTRE of the Army

Communications are vital to every phase of Army operations. A single message could be the deciding factor of victory or defeat.

The men responsible for this key operation are trained in the use of the most advanced equipment and methods — wireless, telegraphy, electronics, telephone. The opportunities to learn and advance in the Royal Canadian Corps of Signals are boundless. The Corps offers a wide selection of specialist trades: wireless and teletype operation and maintenance; line and cable laying; switchboard installation and operation. All training is carried out with the most advanced equipment and methods.

The *new* Canadian Army can offer young men truly outstanding career opportunities. For complete details visit your nearest recruiting office. You are eligible if you are 17 or over and can meet Army requirements. Bring with you certificates of age and education.
