Dose of Pills

(Continued from page 1)

"Not that I recall," Dr. Kergin replied.

The doctor said he had attended Sunell at his room in the Ocean View Hotel at approximately 11 a.m. and had found the man to be suffering from peripheral failure, a heart condition. Dr. Kergin said he had realized the man would be better off in hospital and had called the ambulance. He estimated his call to the Prince Rupert ambulance had been at between 11:45 a.m. and noon.

At hospital Sunell had been given postural drainage to remove fluid from his lungs, oxygen and intravenous injections along with picro toxin, Dr. Kergin said.

He said this latter drug would have neutralized any sedative poisoning present. Sunell had been pronounced dead at 3:30 p.m., Dr. Kergin said.

"Would the drugs you prescribed for your patient have any effect on the alcohol in his stomach? Would it make the alcohol more severe in the patient," Coroner George Dawes asked.

INCREASES SLEEPINESS

Dr. Kergin replied that alcohol in large quantites was a drug itself and caused sleepiness. If further sedatives were added it would be possible for the total effect to be increased.

Dr. Kergin added that doridren was a mild hypnotic and a lethal dose of the drug was far in excess of the amount Sunell had. A lethal dose of phenobarb was from 60 to 70 grains, considerably more than the 18 grains in the pills Sunell had, if he had taken them all, the doctor said.

Referring to a written report Monday regarding Sunell, Dr. Kergin said the statement was correct except that its reference to Sunell's dying "six hours after being admitted to hospital" was incorrect and should read "three hours after being admitted."

Ambulance driver Robert G. Parks of the Prince Rupert Fire Department said he had received a phone call from Dr. Kergin "between 12 noon and 1 p.m." but could not place the time closer than that as the fire hall clock could be up to half an hour incorrect either fast or slow.

Const. R. H. Stohl told the jury he had gone to the Ocean View Hotel at 8:30 a.m. and when no doctor had appeared by 9 o'clock he had called the detachment office.

Const. Gregory had advised him that Dr. Kergin had informed him there was no reason for alarm, that he knew the patient and there was no reason for the police to stay on the scene.

BOTTLES MISSING

To an inquiry from Coroner Dawes as to the whereabouts of three pill bottles referred to in earlier evidence as being in Sunell's room, Const. Gregory said the police had not had a chance to possess the containers before the room had been cleaned up.

Inquest was adjourned until Friday at 2:30 p.m. at the City Hall pending an autopsy report requested by the jury Monday.

FRUIT BONUS

LONDON (AP) — A magistrate was puzzled by the word "kotchel" which kept occurring during a case. A policeman explained it is used by Spitalfields market porters, and refers to free fruit which firms allow workers to take home every Friday.

Donald Carey Remanded Week

VANCOUVER (CP) — Donald Harold Carey, 26, was remanded one week Tuesday for preliminary hearing on a charge of murder in connection with the shooting two months ago of a Vancouver policeman.

Carey was arrested in Toronto a week ago and returned here as a material witness in the death of constable Gordon Sinclair, shot down as he investigated a prowler report Dec. 7.

Joseph Gordon, 33-year-old salesman has been committed for assize court trial in the same slaying. Date for his trial has not been set.

A warrant naming Carey as a material witness was issued after constable Sinclair was found lying beside his patrol car. Four detectives arrested him in Toronto.

Carey appeared in court last Friday charged with possessing a firearm.
