Trotsky Slayer Unable To Get Parole Due Him

MEXICO CITY (AP)—Mexican authorities say they can't parole Jacques Mornard, the slayer of Leon Trotsky, until the Supreme Court decides on his appeal against his 20-year sentence. The appeal has been pending for 10 years.

Mornard, in jail since 1940, became eligible for parole last December. The parole board ruled Tuesday it could not approve his petition for release until the Supreme Court acted.

Fearing the assassin of Joseph Stalin's old Bolshevik rival might try to escape when he heard his plea was turned down, the federal prison warden put him under a special two-man guard. The warden also restricted his freedom to move about the prison, which he serves as chief electrician.

Mornard, who entered Trotsky's heavily guarded villa in Mexico in 1940 and killed him with a mountain climber's ax, always has been a man of mystery. His true identy never has been established and he never has revealed whether he was hired to slay Trotsky or did it for personal reasons.

Flood Peak At Brandon Appears Over

BRANDON (CP) — Flood waters of the Assiniboine river dropped two inches overnight as the worst appeared to be over in the water-logged northern outskirts of Brandon.

About 60 families were forced to evacuate their homes in the area this week when the rain-swollen stream broke through dikes at three points. Newly-raised dikes kept the water out of the Brandon Packers Ltd. plant, only industry in the area. The main part of the city, higher up the river's south bank, was not affected.

Early today water still was flowing over 18th street, a main artery in the west end, but essential traffic could get through.

The river level was 22 feet above normal, two inches below the flood crest reached early Thursday.

City engineer George Durnin said he expected a steady drop in the river level for at least five days.

Dulles "Deaf" To Suggestion Of More Talks

WASHINGTON (AP)—U.S. diplomatic officials indicated today that State Secretary Dulles is inclined to turn a deaf ear to French urgings that he or under secretary Walter Bedell Smith return to Geneva for showdown talks with the Reds on an Indo-China truce.

French ambassador Henri Bonnet pressed his government's plea Friday during a 30-minute conference with Dulles at the state department. Afterward, Bonnet told reporters, Dulles had not made a final decision.

It is understood Dulles is primed to disassociate the United States from any Munich-type agreement that may be reached at the final meeting.

LADY CHURCHILL, wife of Britain's Prime Minister, heaves a ball at the milk bottles in an amusement stall, wearing a look of determination. She was attending the Woodford Division Conservative Association Garden Fete in London. The Lady was pitching pellets while her husband was delivering diplomacy in Washington, D.C.

Evacuation of Hanoi Hinges on Peace Talks

SAIGON, Indo-China (AP)—The French high command said today any plan to evacuate civilians from Indo-China's northern city of Hanoi hinges on current peace negotiations.

A spokesman for Gen. Paul Ely said France's Indo-China commander is holding off on any evacuation move until he learns whether an armistice is to be signed.

Ely predicted Friday that a peace-or-war decision would be reached by July 20 — the date French Premier Pierre Mendes-France set as his deadline to achieve a truce or resign.

The situation in Hanoi has become increasingly serious in the past week because of the mounting stream of refugees pouring in from the Red river delta in the wake of the French withdrawal from the delta's southern sector. It is estimated that between 75,000 and 100,000 refugees have swelled Hanoi's normal population of 300,000.

The New York Herald Tribune said in a dispatch from Paris the United States has informed France it is no longer interested in operating a training program for Vietnamese troops.

The dispatch said the switch in American policy had greatly discouraged French officials.
