John Keefe lost one of his roan horses on Wednesday morning. He discovered it had jumped over a fence enclosing a boggy spot and had become helplessly bogged down, with only its head above the mud. He went for neighbor's help and with a tractor they managed to drag the horse out. However, it had been struggling too long and it died of exhaustion.

Before Toni Gatacre and his family moved to Tchesinkut Lake he used to drive there to work from here every morning. For a week there was a strong animal scent about the front seat of his pick-up, and when he needed some tools and lifted the seat he found that a pair of packrats had settled in and were building a nest there, and had evidently been travelling back and forth to work with him.

Mr. and Mrs. Harry Taylor of Vanderhoof were godparents for Graham Alfred. Mrs. Taylor is the baby's great-aunt. Mrs. Hugh Neave played the hymns on the organ.

After the service Mr. and Mrs. Keefe entertained to tea in their home at the Landing. Besides their own family which includes 11 grandchildren were Canon Atkinson, Mr. and Mrs. Taylor of Vanderhoof, Miss C. Preston and Mr. and Mrs. Armstrong from Tachta Lake and Mr. and Mrs. Harold Neave.

Students' Murals Depict Civic Centre Activities

A group of community-minded Booth Memorial High School students have provided six murals, depicting nearly every phase of activity available at the Civic Centre, as their contribution to Community Week which got underway today.

Working in their spare time, under the supervision of art teacher Miss Isabel Magee, the amateur artists put in more than 60 hours on the project.

The murals, which cover the major activities provided by the Civic Centre, were put up Saturday in the Centre lobby.

Woodworking, painting, pottery and allied classes in arts and crafts are depicted in a mural that takes up most of the top section of the west wall of the lobby.

Another mural depicts the sports activities which are held at the Centre, including badminton, basketball, billiards, boxing, ping-pong, pistol and rifle clubs, roller skating and weight lifting.

The top section of the east wall of the lobby is taken up by a cut-out and painted mural with a puppet theme to show the different types of dancing and youth social carried out at the Centre.

The Tiny Tot classes, rhythm band, marching and story telling are shown in another painting while an adjoining mural depicts the Alaska Music Trail series, the Little Theatre, bingo, bridge and chess.

Over the office counter, another mural shows the public that, despite the size of the family, all activities at the centre are available at a cost of no more than $12 for a family membership.

In addition to the lobby paintings, students assisted in decorating the Centre's gymnasium with colored streamers the entire length of the ceiling and around the balconies.

Those students whose time and efforts are now on display are:

Dancing: Cathy Roos, Sheila James, Julie Prockter.

Athletics: Larry Toms, Alan Campbell, Ken Speckt.

Crafts: Joanne Way—Leathercraft, Annette Youngmen—Pottery, Susan Watson—Flowercraft.

Adult activities: Larry Toms, Marie Mortimer, Carolyn Judd, Angus McCracken, Valerie Dearden.

Family Membership: Angus McCracken.

Children's Activities: Linda Strachan, Sally Cunningham, Valerie Dearden, Marie Mortimer, Carolyn Judd, Judy Mintenko, Marianne Geissler, Lynn Wrathall, Phylis Kaardal, Roberta Walker, Jeanette Kohl, Maureen Hackett.

The lettering was all designed by Don Tasaka, with Stewart Noble, Lloyd Quast, Charles Wilson, Gilbert Chow, Marie Ridley and others as assistants.

Friends Honor Mrs. A. Loughlan

Red Shield Sets Record With $4,100

Final tally of receipts in the Prince Rupert recent Red Shield Appeal for funds for the Salvation Army shows that the 1955 drive realized $4,100, a five year record. George Cook, campaign chairman said this morning.

With all canvassing accounted for, Mr. Cook said there was still a possibility of isolated donations adding slightly to this years total.

Final figure means that the 1955 Red Shield Appeal "went over the top" by $600, as local campaign committee set the quota at the same figure as last year, $3,500.

CONFIDENTIALLY YOURS
—by Byrne Hope Sanders

MONTREAL, October 13th — One of those simple precautions . . . that can save so many headaches, is the once-a-week use of DRANO, the wonder product that opens clogged or slow drains *fast* and keeps them running germ-free and clear. Drano has a special charming, boiling action that *dissolves* and *flushes away* waste matter in drains . . . and prevents sewer germs from breeding. No liquid disinfectant or javel water can move the waste matter. Use DRANO regularly. Costs about a penny a drain — for *every* drain. It's harmless to plumbing. Safe for septic tanks — makes them work even better! Get DRANO at grocery, hardware or drug stores everywhere.

Start The Hot Tap Running . . . pour in just one cap-ful of GAY, the grand new concentrated liquid detergent . . . let the snowy suds froth luxuriously . . . and it's heigh-ho! for a dish-washing routine that's more of a pleasure than you've ever known! This wonder-working detergent Gay has a very pleasant fragrance . . . and washes dishes, glassware, silver *sparkling* clean! You'll find it has *extra* grease-cutting power — yet is gentle on the hands. I've proved that Gay is very economical, too — won't you see for your-self? One bottle does fifty dish-washings. You get far more dish-washing satisfaction in Gay than in *any* other liquid or powder detergent.

Remember! . . . Next time you're shopping — be *wise!* — pick up several rolls of "SCOTCH" CELLULOSE TAPE. It's so *useful* to have it handy in various ready-to-quick corners of the house! In the *kitchen* for sealing packages of sandwiches or mending cookbooks; or wrapping parcels. In the man's *workshop* for clean stays for a store of handy uses. In the *children's rooms* — for mending books, crayons, toys. On your *desk* — for quick use . . . You'll recognize "SCOTCH" Cellulose Tape by its gay plaid dispenser, in stores everywhere. Transparent. Stick-at-a-touch! Only 15c and 25c. In the large economy roll — only 39c.

It's Just About Now . . . that a woman smiles at her husband and suggests — "What about the storm windows, dear?" That means cleaning all the windows in the house as well. And *that* means WINDEX Spray. I find it *by far* the best and fastest glass cleaner on the market. So economical — and *so easy. Swish!* Spray it on. *Whisk!* Wipe it off. Your glass is sparkling clean — leaves no waxy film; no gritty dust on the sills; no harm to your pretty hands. Windex is really wonderful for *all* glass surfaces! It costs so little. Get the handy 6 oz. bottle and sprayer or the economical 20 oz. refill size at grocery, hardware or drug stores.

Thank Goodness! . . . for modern ideas which make life so much *easier* — ideas such as the very finely strained AYLMER fruits. I'm thinking of Aylmer Applesauce, Apple and Raspberry — fruits that contain vitamins and minerals your precious baby needs . . . and that are so delicately flavored he'll *really* enjoy them! Mealtimes can be such a joy . . . and a *satisfaction* — when you know your babe is getting the perfect food — prepared *just for babies*, Certified Aylmer Baby Foods — purely Canadian produce packed by a Canadian Company — and the *best* you can buy. It's economical too! Take home some of these Aylmer Baby Foods *today!*

How To Lay An Egg — a nest-egg, that is! No better way than with safe, dependable Canada Savings Bonds, backed by all the strength and vast resources of this great country of ours. You can buy Canada Savings Bonds right now at the BANK OF MONTREAL with a down payment of only 5%. That's $2.50 down for a $50 bond, and $5 down for a $100 bond. The remainder is spread over the year in eleven easy monthly payments. And Canada Savings Bonds pay you a good interest . . . help feather your nest at the rate of 3¼%. Why not discuss Canada Savings Bonds this week with your neighbourhood Bof M manager?

You Lucky People! . . . To be able to buy the golden goodness of BLUE BONNET MARGARINE . . . super-homogenized for smooth, easy spreading! Use it on your [illegible] how smoothly it spreads on each slice . . . even when it's ice-box cold! Use it for the fresh vegetables still so abundant . . . and, of course, in your cakes — cookies — pies! They'll be flaky — light — *scrumptious!* Blue Bonnet is made from pure vegetable oils and pasteurized milk with precious vitamins added to every pound. De Luxe foils wrapped in convenient quarters . . . Blue Bonnet gives you "quality-plus-convenience". It's *so good!*

I've Always Believed . . . in the high value of a good breakfast for the whole family. That's why I'm so enthusiastic about BREX . . . the whole grain cereal with *the extra about it in it!* Most important of all — it has a *delicious* flavor most people like — that delicate, nutty taste that comes from wheat. Brex contains the precious B Complex — and other essential nutrients to health. And it's *so easy* to give your family this pleasant breakfast treat — because you can cook Brex *in three minutes!* Look for the blue package — contains not many other ways than in serving this fine cereal.

Listen To Them . . . The Vice-President! Cheery, chubby Mr. Cheese and the good-looking Mr. Sanborn, hemming and hawing over what makes INSTANT CHASE & SANBORN COFFEE so flavorful — so tasty delicious! Mr. Chase is certain it's the wonderful brewing method. "Brewing brings out the fine rich quality of the coffee beans," he says, [illegible] Mr. Sanborn pounces on him. "Of course! — but makes you have the *top* [illegible] — how can you brew really fine coffee [illegible] just a minute," I protest. "Bless you — you're [illegible] why so *many* homes are now serving your Instant Chase & Sanborn Coffee, too!" . . .
