CARS Treats 1,500 Patients Monthly in B.C., Branch Told

As many as 1,500 arthritic patients in British Columbia are being treated through the Canadian Arthritis and Rheumatism Society every month, Dr. H. S. Robinson of CARS, Vancouver, told the Prince Rupert CARS branch executive committee here.

Dr. Robinson said that there was a total of 125,000 people in Canada suffering with rheumatic diseases and he gave a resume of the work accomplished by CARS for these disabled people during the past ten years.

In the business meeting that followed, public relations officer and meeting chairman Hugo Kraupner stressed the importance of a strong educational program to be conducted well in advance of a campaign for funds which will be staged this fall.

Mr. Kraupner suggested that human interest stories be published in the Daily News and a program of talks to service clubs be given on CARS in September. With regards to the Terrace campaign, Mr. Kraupner agreed to write the Terrace Rotary club president to ask if the Rotarians there would sponsor the campaign.

Campaign chairman H. Weldon Steel reported that following a committee meeting, it was decided to line up canvassers early in September for a house-to-house canvass. Following a suggestion from Mr. Kraupner, that a letter be sent to all city organizations outlining the work of CARS, it was agreed that local organizations would also be asked for volunteer canvassers.

Women's committee chairman, Mrs. T. J. Boulter, reported that the committee netted a profit of $142.65 from their booth entered in the Civic Centre Potpourri. She suggested that when the "wax bath" and the Rotary wheel chair arrived from Vancouver, they be displayed in the Northern B.C. Power company window, with a list of contributors and costs of items.

James Davidson reported that a special stool would be delivered to the clinic in Prince Rupert General hospital within a few days.

Miss Patricia Conway, resident physiotherapist reported that there are now a sufficient number of cars available for transportation of patients to and from the hospital. However the chairman stressed that should there be any lack of transportation in the future, he or Mrs. Boulter, should be notified immediately.

STRIKE WATER

LOS ANGELES (AP)—A water main burst Wednesday, creating a geyser that broke a window in a nearby school. Water shot 40 feet skyward after the break in a line at an intersection in east Los Angeles. The water was turned off after an hour. Cause of the break was not immediately determined.
